

**Record of Work Experiences
Trade Qualifier or Pre-Apprenticeship Credits**

AGRICULTURAL EQUIPMENT TECHNICIAN

Note to Apprenticeship Applicants

The work experiences on this form are for credit only and must have been performed prior to your registration as an apprentice.

Applicant Information

Name: _____	Surname	First	Initial
Address: _____	/	/	/
P. O. Box/Street	City/Town	Province	Postal Code
Telephone: (_____) _____	Cell: (_____) _____	Email Address: _____	

Employer Information & Verification

Note to Employer

By completing the section below you are confirming that the hours indicated for the applicant are specific to employment in the **Agriculture Equipment Technician Trade**.

Verified By: _____	CRA Business # _____		
Company Name	9 Digits		
Address: _____	/	/	/
P. O. Box/Street	City/Town	Province	Postal Code
Telephone: (_____) _____	Email Address: _____	Employer or Representative	

Employer or Representative Signature	Employer or Representative (Print)				
Date of applicant's employment from: _____ / _____ / _____ to: _____ / _____ / _____					
Month	Day	Year	Month	Day	Year
Total hours of employment the applicant worked in the Agriculture Equipment Technician Trade :					
_____ Hours					

* CRA - Canada Revenue Agency

Please check the appropriate box:

Trade Qualifiers <input type="checkbox"/>	The signature of the journeyperson that follows each of the required skills acknowledges that the applicant has met the competencies in each of the skill areas according to the Industry Standard associated with this trade.
Pre- Apprenticeship Credits <input type="checkbox"/>	The signature of the journeyperson that follows each of the required skills acknowledges that the applicant has performed in each of the skill areas appropriate for this trade.

- The Advisory Committee in the **Agriculture Equipment Technician Trade** has identified the work experiences or skills listed below as those required for the trade.
- Journeypersons must be certified in the trade stated by this document. A Journeyperson in another trade may sign certain sections if the skills are common to both trades.

Skills Required For Certification	Journeyperson Signature	Verified By Applicant
Occupational Skills:		
Access technical information.		
Analyze technical information.		
Use general tools.		
Use specialized tools.		
Use hoisting equipment.		
Use lifting devices.		
Use welding equipment.		
Use cutting equipment.		
Use heating equipment.		
Engines and Engine Systems:		
Maintain lubrication systems.		
Maintain cooling systems.		
Maintain intake and exhaust systems.		
Maintain fuel systems.		
Maintain engine control systems.		
Inspect engine and engine systems.		
Test engine and engine systems.		

Skills Required For Certification	Journeyperson Signature	Verified By Applicant
Remove engines.		
Disassemble engines.		
Analyze components.		
Reassemble engines.		
Install engines.		
Test engines.		
Remove lubrication system components.		
Disassemble lubrication system components.		
Analyze lubrication system components.		
Install lubrication system components.		
Test lubrication system.		
Remove cooling system components.		
Disassemble cooling system components.		
Analyze cooling system components.		
Reassemble cooling system components.		
Install cooling system components.		
Test cooling system.		
Remove intake and exhaust system components.		
Disassemble intake and exhaust system components.		
Analyze intake and exhaust system components.		
Test intake and exhaust system.		
Remove fuel system components.		
Analyze fuel system components.		
Reassemble fuel system components.		
Install fuel system components.		
Test fuel systems.		
Remove engine control system components.		
Disassemble engine control system components.		
Analyze engine control system components.		
Reassemble engine control system components.		
Install engine control components.		

Skills Required For Certification	Journeyperson Signature	Verified By Applicant
Test engine control system.		
Drive Train and Drive Train System:		
Check fluid levels.		
Lubricate drivelines.		
Conduct preventative maintenance procedures.		
Inspect drive trains.		
Measure components.		
Diagnose failures.		
Remove clutches.		
Disassemble clutch components.		
Analyze clutch components.		
Reassemble clutch components.		
Install clutches.		
Test clutches.		
Remove drivelines.		
Disassemble drivelines.		
Analyze drivelines.		
Reassemble drivelines.		
Install drivelines.		
Test drivelines.		
Remove transmission and gearbox.		
Disassemble transmission and gearbox.		
Analyze transmission and gearbox components.		
Reassemble transmission and gearbox components.		
Install transmission and gearbox.		
Test transmission and gearbox.		
Remove differentials.		
Disassemble differentials.		
Analyze differential components.		
Reassemble differentials.		
Install differentials.		
Test differentials.		
Remove belt and chain drive components.		

Skills Required For Certification	Journeyperson Signature	Verified By Applicant
Disassemble belt and chain components.		
Analyze belt and chain drive components.		
Reassemble belt and chain drive components.		
Install belt and chain drive components.		
Test belt and chain drives.		
Hydraulics and Hydraulic Systems:		
Perform scheduled maintenance.		
Maintain hydraulic system.		
Check flow and pressure.		
Isolate components.		
Remove pumps.		
Disassemble pumps.		
Analyze pumps.		
Reassemble pump components.		
Install pumps.		
Test pumps.		
Remove hydrostatic system.		
Disassemble hydrostatic system components.		
Analyze hydrostatic system components.		
Reassemble hydrostatic system components.		
Install hydrostatic system components.		
Test hydrostatic system.		
Remove control system components.		
Disassemble control system components.		
Analyze control system components.		
Reassemble control system components.		
Install control system components.		
Test control system.		
Remove actuators and lines.		
Disassemble actuators and lines.		
Analyze actuators and lines.		
Reassemble actuators and lines.		
Install actuators and lines.		
Test actuators and lines.		

Skills Required For Certification	Journeyperson Signature	Verified By Applicant
Remove hydraulic cooling system components.		
Analyze hydraulic cooling system components.		
Install hydraulic cooling system components.		
Test hydraulic cooling system components.		
Electrical and Electrical Systems:		
Maintain battery fluid levels.		
Check belt tension and condition.		
Clean components and connections.		
Test electrical systems.		
Test electronic systems.		
Diagnose failures.		
Remove charging system components.		
Disassemble charging system components.		
Analyze charging system components.		
Reassemble charging system components.		
Install charging system components.		
Test charging systems.		
Remove starting system components.		
Disassemble starting system components.		
Analyze starting system components.		
Reassemble starting system components.		
Install charging system components.		
Test starting systems.		
Remove ignition system components.		
Disassemble distributor.		
Analyze ignition system components.		
Reassemble distributor..		
Install ignition system components.		
Test ignition systems.		
Remove electrical system conductors.		
Disassemble electrical system conductors.		
Analyze electrical system conductor components.		
Reassemble electrical system conductor components.		

Skills Required For Certification	Journeyperson Signature	Verified By Applicant
Install electrical system conductors.		
Test electrical system conductors.		
Remove electronic components.		
Install electronic components.		
Test or reprogram electronic components.		
Remove accessories.		
Disassemble accessories.		
Analyze accessories.		
Reassemble accessories.		
Install accessories.		
Test accessories.		
Steering and Braking System:		
Maintain fluid levels.		
Adjust steering system operation.		
Lubricate pivot points.		
Maintain fluid levels.		
Adjusts braking systems operations.		
Lubricate linkages.		
Diagnose steering systems.		
Diagnose braking system.		
Remove steering system components.		
Disassemble steering system components.		
Analyze steering system components.		
Reassemble steering system components.		
Install steering system components.		
Test steering system.		
Remove braking system components.		
Disassemble brake system components.		
Analyze brake system components.		
Reassemble brake system components.		
Install brake system components.		
Test braking system.		
Structural Components and Accessories:		
Maintain air conditioning system.		

Skills Required For Certification	Journeyperson Signature	Verified By Applicant
Diagnose air conditioning system.		
Repair air conditioning system.		
Repair operators' controls.		
Repair seats.		
Repair heating systems.		
Repair equipment framework.		
Ensure integrity of rollover protective structure (ROPS).		
Repair equipment body.		
Repair pivot points.		
Repair wheels/tracks.		
Repair undercarriage.		
Repair pivot points.		
Repair cushioning devices.		
Ballasts equipment.		
Crop Equipment:		
Repair cutting equipment.		
Repair seeding equipment.		
Repair cutting equipment.		
Repair gathering equipment.		
Repair processing equipment.		
Repair delivery equipment.		
Repair pumps.		
Repair distribution systems.		

Note to Journeypersons

- Journeypersons who have applied their signatures to the skills required for the certification section of this document must complete the following sections.
- The Apprenticeship and Trades Certification Division, for the purpose of verification, may contact Journeypersons who have applied their signatures to skills for applicants.

Journeyperson Supervisor Verification
