### Welder (2016 AACS) Level 3 Exam Breakdown

| Section # | Section   | Questions on Exam |
|-----------|---|-------------------|
| Sect 1    | Quality Assurance/Control II/Metallurgy III                               | 4                 |
| Sect 2    | Metallurgy III  | 6                 |
| Sect 3    | Shielded Metal Arc Welding V - Pipe and Tubing, All Positions             | 13                |
| Sect 4    | Gas Metal Arc Welding V - Pipe and Tubing, All Positions                  | 9                 |
| Sect 5    | Flux Core Arc Welding III - Pipe and Tubing, All Positions                | 7                 |
| Sect 6    | Gas Tungsten Arc Welding V - Pipe and Tubing, All Positions               | 14                |
| Sect 7    | Shielded Metal Arc Welding VI - Alloy Steels                              | 5                 |
| Sect 8    | Gas Metal Arc Welding VI - Aluminum Alloy                                 | 8                 |
| Sect 9    | Gas Metal Arc Welding VII - Stainless Steel Alloys                        | 6                 |
| Sect 10   | Gas Tungsten Arc Welding IV - Fillet and Groove Weld, Medium Carbon Steel | 7                 |
| Sect 11   | Gas Tungsten Arc Welding VI - Ferrous and Non-Ferrous Alloys              | 14                |
| Sect 12   | Build up of Metal Parts/Submerged Arc Welding II                          | 4                 |
| Sect 13   | Submerged Arc Welding II  | 3                 |
|           |   | <b>100</b>        |

### Welder Level 3
