

AMENDMENT TO PERMIT

Pursuant to the *Water Resources Act*, SNL 2002 cW-4.01, specifically Section(s) 49

Date: **OCTOBER 25, 2024**

File No: **524**
Permit No: **ALT13968-2024**
Amendment No: **1**

Permit Holder: **Cenovus Energy Inc.**
351 Water Street Suite 107
St. John's, NL
A1C 1C2

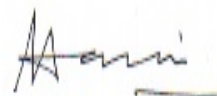

Attention: **Nancy Whittle**

Re: **Argentia Harbour - West White Rose Project - Dry Dock Flooding Preparation**

The original Permit dated SEPTEMBER 26, 2024 is amended as follows:

as per the email request dated October 16, 2024, the permit is amended such that, to accommodate the assembly of the floating line with a crane, the Permit Holder is permitted to allow the excavator to work within Placentia Bay to allow access to the floating line (Option 1), or to dredge of approximately 300 cubic meters of beach material to allow for the excavator to access the floating line without entering Placentia Bay (Option 2). For option 2, the activity must only be carried out during periods when wind, wave and tide conditions minimize the dispersion of silt and sediment from the work site. Condition #8 of the original permit is repealed, and the Proponent must take mitigative measures as outlined in the amendment request to prevent fuel from entering the waterbody.

All other terms and conditions of the original Permit will apply and failure to comply with the terms and conditions of this amendment and the original Permit will render this Permit null and void, place the Permit Holder and their agent(s) in violation of the *Water Resources Act* and make the Permit Holder responsible for taking any remedial measures as may be prescribed by this Department.

(for) MINISTER
