

North Atlantic Wind to Hydrogen Project Electrolyzer Operation and Maintenance Manual

Date	Rev.	Created by	Reviewed By	Approved By

Revision History:

Rev.	Section	Date of Revision	Description

Table of Contents

1. Introduction.....	1
2. System Safety	1
2.1 Environmental Considerations.....	1
2.2 Fire and Smoke Procedures.....	2
2.3 Hazardous Materials Release Procedures.....	2
2.4 Natural Disasters and Severe Weather.....	2
2.5 Good Housekeeping.....	2
3. Equipment Overview	3
3.1 Hydrogen Cabinet	3
3.2 Cooling System	3
3.3 Water Cabinet	4
3.4 Power Distribution	4
3.5 Safety and Control System.....	5
4. System Operation.....	6
4.1 Remote Operations Center Inputs	6
4.2 Automated Control Functions	6
4.3 Normal Operation.....	7
4.4 Hot Standby	7
4.5 Cold Standby.....	7
4.6 Cold Weather Standby	7
5. System Shutdown.....	8
5.1 Current Ramp Down.....	8
5.2 Emergency Shutdown	8
5.3 Planned Utility Outage.....	8
6. System Maintenance.....	9
6.1 Troubleshooting and Corrective Actions	9
