

Operating Area Name: CC07506, CC07507, CC07508, CC07509, CC07519, CC07522	Operating Area # : St. Albans, St. Joseph's Cove, Burnt Jacket, Head Baie D'Espoir, Milltown, Little River
NFS Inventory Map #:	NTS Map #: 2D04, 1M13

Description of Area: These parcels of crown land encompass the immediate communities that make up Baie D'Espoir in forest management district (FMD) # 07. Routes # 360 and # 361 runs through these six areas giving residents in the Conne River to St. Albans area access to meet the fuelwood/sawlog requirements.

Harvesting Activities: Timber in this area is normally located in areas that are difficult to access with rugged terrain and non-commercial stands. Harvesting of hard wood and softwood will be permitted in these areas. Domestic harvesting along with small scale no industrial commercial harvesting may take place. This type of harvesting will typically utilize chainsaw with extraction by snowmobiles or ATV's

Proposed Softwood Volume: m³

Proposed Hardwood Volume: m³

Silviculture Activities: Reconnaissance surveys will be carried out on areas harvested and silviculture prescriptions will be determined once assessments have been completed

Primary Forest Access Road Construction:

None

Non timber Considerations and Mitigations:

A 20 meter buffer will be maintained on both sides of all rivers, brooks, ponds or other water bodies that are shown on 1:50,000 topographic maps. Where an approved license to occupy for a cabin exists, a 20 meter buffer is to be maintained.

No forestry activity is to occur within 800 meters of a bald eagle or osprey nest during the nesting season (Mar 15 to July 31) and 200 meters during the remainder of the year.

Operating Area Name: CC07511, CC07513, CC07514, CC07518	Operating Area # : Twin Brooks, Twillick Brook, Spruce Pond, Camp One
NFS Inventory Map #:	NTS Map #: 2D03, 2D04, 2D05, 2D06 1M13

Description of Area: These parcels of crown land are located in the northeastern portion of forest management district (FMD) # 07. Route # 360 (Baie D'Espoir Road) runs through all four areas giving residents in the Milltown-Head Baie D'Espoir area access to meet the fuelwood/sawlog requirements.

Harvesting Activities: commercial stands. Harvesting of hard wood and softwood will be permitted in these areas. Domestic harvesting along with small scale no industrial commercial harvesting may take place. This type of harvesting will typically utilize chainsaw with extraction by snowmobiles or ATV's

Proposed Softwood Volume: m³

Proposed Hardwood Volume: m³

Operating Area Name: CC07523, CC07524, CC07525, CC07526, CC07527, CC07528, CC07529	Operating Area # : Harbour Breton Road, Pool's Cove, Rencontre East, Belleoram, Harbour Breton, Hermitage, Gaulois
NFS Inventory Map #:	NTS Map #: 1M05, 1M11, 1M12, 1M13, 1P08, 1P09

Description of Area: These parcels of crown land are located in the southern portion of Forest Management District (FMD) # 07. These areas encompass the communities on the south coast to accommodate the fuelwood/sawlog requirements of residents. The terrain within the areas is generally rugged and hilly with the greater portion being non-forested and inaccessible.

Harvesting Activities: Timber in this area is normally located in areas that are difficult to access with rugged terrain and non-commercial stands. Harvesting of hard wood and softwood will be permitted in these areas. Domestic harvesting along with small scale no industrial commercial harvesting may take place. This type of harvesting will typically utilize chainsaw with extraction by snowmobiles or ATV's

Proposed Softwood Volume: m³

Proposed Hardwood Volume: m³

Silviculture Activities: These domestic areas are non- AAC and no silviculture activities are scheduled.
