

**Attachment B -  
Regulatory Advice from Government Screening Departments/Agencies**

**EA #:** 2300

Glovertown Breakwater (the Project)

---

**1 Climate Change Branch (CCB), Depart. of Environment and Climate Change (ECC)**

1.1 Proponent is advised to operate heavy equipment in a manner that fuel efficiency, thereby reducing greenhouse gas emissions that could contribute to climate change. For further information, please contact the CCB at (709) 729-1485.

**2 Pollution Prevention Division (PPD), ECC**

2.1 Proponent is advised to develop a contingency plan specific to the Project and to have spill response equipment readily available on-site to enable a quick and effective response to a spill event. Any spill or leak of gasoline or associated product is to be reported immediately to the Environmental Emergencies Telephone Line at 1-800-563-9089.

2.2 Registration is required for fuel storage tank systems other than those connected to a heating appliance of a capacity of 2,500 litres or less, and may be required for devices or tanks used to separate and remove oily wastes from oil and water mixtures. For further information, please contact the PPD at (709) 729-5782.

**3 Water Resources Management Division (WRMD), ECC**

3.1 Prior to the commencement of work associated with the Project, a permit for any work in or within 15 metres of a body of water including wetlands will be required under the **Water Resources Act**.

3.2 Any effluent or runoff leaving the site must conform to the requirements of the Environmental Control Water and Sewage Regulations, 2003. For further information, contact the WRMD at (709) 729-2563.

**4 The Government Service Centre (GSC), Dept. of Digital Government and Service NL (DGSNL)**

4.1 The storage, handling, and disposal of used and or waste oil must be in compliance with the Used Oil and Used Glycol Control Regulations.

4.2 Any proposed fuel cache will require approval by DGSNL prior to installation. For further information, please contact the GSC at (709) 729-0248.

**5 Occupational Health and Safety (OHS)**

5.1 The Occupational Health and Safety Division of DGSNL advises that the activities associated with the development must be conducted in compliance with the

**Occupational Health and Safety Act** and its regulations. This includes the responsibility for ensuring that contractors hired to perform work also comply with this legislation.

## **6 Dept. of Fisheries, Forestry and Agriculture (FFA)**

6.1 A License to Occupy Crown Lands title must be issued prior to the commencement of any work associated with the Project.

6.2 Consultation with local fish harvesters is recommended, specifically in Northwest Atlantic Fisheries Organization (NAFO) Division 3L, for information regarding fisheries in the area and to notify harvesters of their plans to use said area.

## **7 Dept. of Municipal Affairs (MAPA)**

7.1 A permit and approval will be required from the Town of Glovertown prior to the commencement of any work associated with the Project.

## **8 Environment and Climate Change Canada (ECCC)**

8.1 ECCC recommends that you develop the following plans:

- A management plan that includes appropriate preventative measures to minimize the risk of impacts on migratory birds.
- An oil spill prevention and response plan.
- A contingency plan that considers potential accidents and malfunctions that take into account site-specific conditions and sensitivities.
- A plan to prevent the introduction and spread of invasive species, including aquatic invasive species.
- Measures to minimize potential Project impacts on riparian environments, waterbodies, and wetlands.

8.2 ECCC further advises that in order to avoid nest destruction and to accommodate the breeding season of migratory birds, operations should consider nesting locations between April 15 and August 15 in this region. ECCC requests that species-at-risk sightings be reported to the Canadian Wildlife Service (CWS) at <http://accdc.com/en/contribute.html>. For further information, please contact the ECCC-CWS at (709) 772-4313.

## **9 Dept. of Fisheries and Oceans (DFO)**

9.1 The modernized **Fisheries Act** includes fish and fish habitat protection provisions which came into effect on August 28, 2019. Proponent should refer to the Projects Near Water website to get information about how to comply with the **Fisheries Act** and as well as information on the project review process when conducting work in or near water. The 'Projects Near Water' website is located at <http://www.dfo-mpo.gc.ca/pnw-ppe/index-eng.html>. For further information, please contact the Fisheries Protection Program at (709) 772-4140.

## **10 Transport Canada (TC)**

10.1 The Project is located on a Scheduled waterway (the Atlantic Ocean) under the **Canadian Navigable Waters Act (CNWA)**. As a result, the Project will require **CNWA** approval. For further information, please contact the Navigation Protection Program at (506) 851-3113.
