Dear Michel Groleau:

**RE: Kami Iron Ore Mine (the Project)**

Enclosed are the final Guidelines for the preparation of the Environmental Impact Statement (EIS) for the Kami Iron Ore Mine (the Project). The Guidelines were informed by comments received from Indigenous Governments and Organizations, the public and the Environmental Assessment Committee during the 40-day review of the draft EIS Guidelines.

You may now proceed with preparation of the EIS, which must be submitted and approved prior to the commencement of Project construction. The Environmental Assessment Committee that has been appointed to the Project will contact you in the upcoming days to arrange a meeting with you to discuss the information requirements of the EIS Guidelines.

If you have any questions or concerns about the EIS process, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or via e-mail at [joannesweeney@gov.nl.ca](mailto:joannesweeney@gov.nl.ca).

Sincerely,
