709-681-2182

### **Contact Person**

Dean Macdonald (Manager)  
PO Box 124  
Lark Harbour NL  
A0L-1H0  
709-681-2115

## **The Undertaking**

Nature of the undertaking: Construction of an ATV trail to Pierre Pond

Purpose: To provide a means of access for non residents hunters during times when the float plane cannot fly due to weather issues. There have been times when our hunters have missed their return flights to the US because of the weather. The construction of this trail would allow the proponent the option of using an ATV to transport hunters during these times.

## **Description of the undertaking:**

### Geographical Location:

(i) The proposed ATV trail would begin at the end of an existing forestry access road, which is located to the northeast of Padille Pond. The trail would follow an existing skidder road for approximately 1 kilometre and continue for another 2.5 kilometres to Pierre Pond. We would then use boats to access the Lodge.

(ii) Physical Features: The trail will be approximately 3.5 Kilometres long and 3 to 4 meters wide. The trail will be located on solid ground. There are two small brooks that will be bridged with wood material. The trail will follow along an existing skidder trail for approximately 1 kilometre and then will go thru 2.5 kilometres of forest that consist of blown down areas, small shrubs, scrub, and small black spruce. The forest in this area has already been cut by paper mills.

(iii) Construction: The ATV trail will be constructed by clearing trees and stumps. Trees will be cleared with a chainsaw and stumps will be removed with a mini excavator. Construction would begin in July or August of 2013 and would take approximately 2 weeks to complete. The only pollutants involved would be airborne emissions from the engines of chainsaws, ATV's and excavator.

(iv) Operation: The ATV trail will be used during the fall hunting season and will be maintained by the proponent. Pollutants during the operating period would be airborne emissions from the engine of an ATV.

(v) Occupations: Two employees will be hired for two weeks. The cost of this project will be less than \$7000.

(vi) Project Related Documents:

Crown Land Application #141812

## **Approval of the undertaking:**

A permit to occupy may be required from crown lands.

## **Schedule:**

Work on the trail would start during the months of July or August of 2013. This is the time of year when the ground would be the driest.

**Funding:**

All cost in construction of this trail will be paid by the proponent.

### NOTE TO USERS

The information on this map was compiled from land surveys registered in the Crown Lands Registry.

Since the Registry does not contain information on all land ownership within the Province, the information depicted cannot be considered complete.

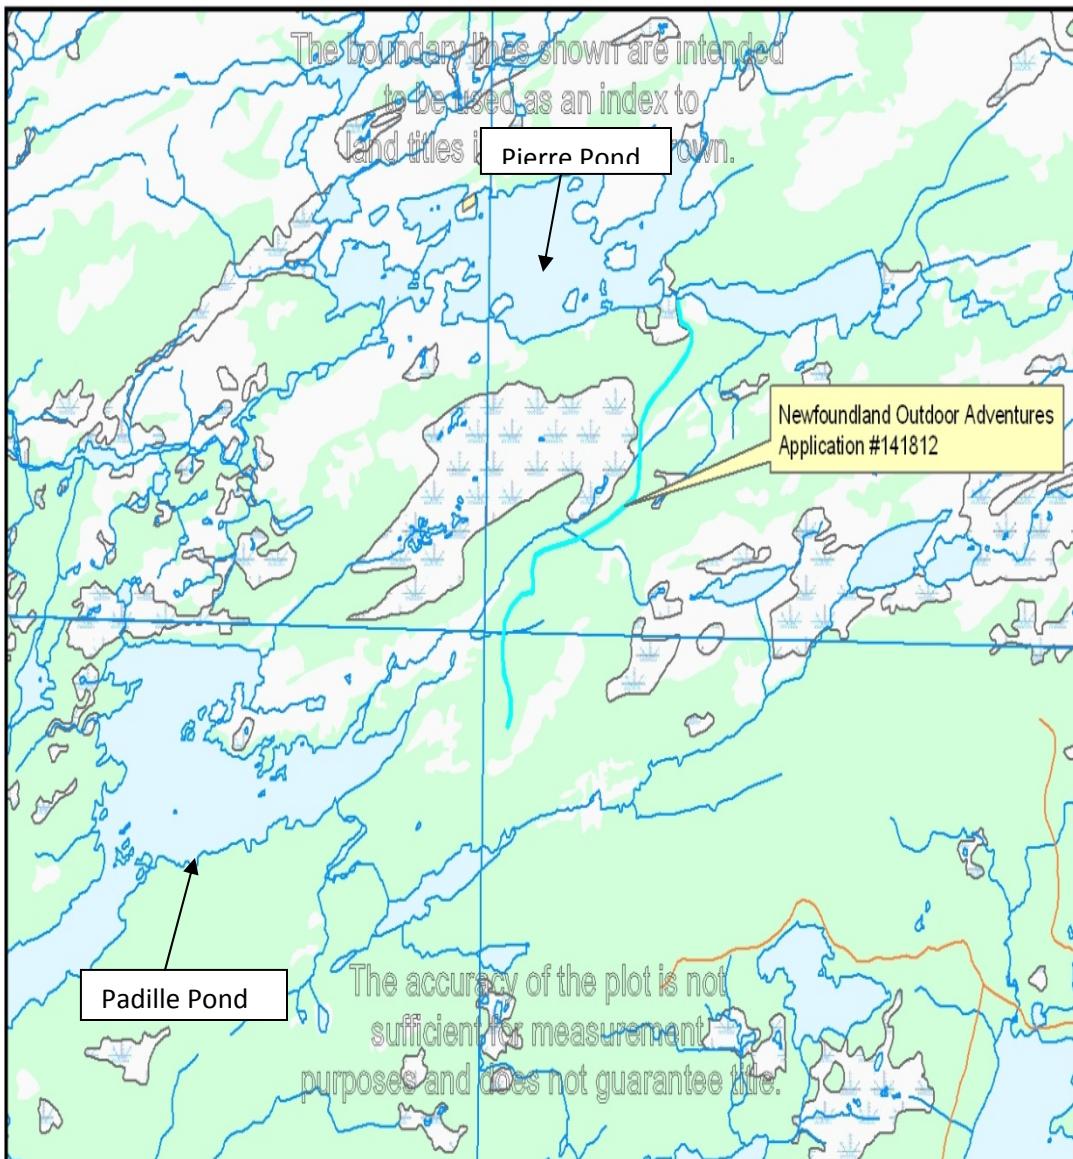

The boundary lines shown are intended to be used as an index to land titles issued by the Crown. The accuracy of the plot is not sufficient for measurement purposes and does not guarantee title.

Users finding any errors or omissions on this map sheet are asked to contact the Crown Titles Mapping Section, Howley Building Higgins Lane, St. John's Newfoundland.

Users finding error or omissions can contact the Crown Titles Mapping Section by telephone at 729-0061. Some titles may not be plotted due to Crown Lands volumes missing from the Crown Lands registry or not plotted due to insufficient survey information.

The User hereby indemnifies and saves harmless the Minister, his officers, employees and agents from and against all claims, demands, liabilities, actions or cause of actions alleging any loss, injury, damages and matter (including claims or demands for any violation of copyright or intellectual property) arising out of any missing or incomplete Crown Land titles, and the Minister, his or her officers, employees and agents shall not be liable for any loss of profits or contracts or any other loss of any kind as a result.

For inquiries please contact a Regional Lands Office.

### NOTE TO USERS

The information on this map was compiled from data sources supplied to the Crown Lands Program.

Since the Program does not conduct inventories of all land ownership within the Province, the information depicted should be considered incomplete.

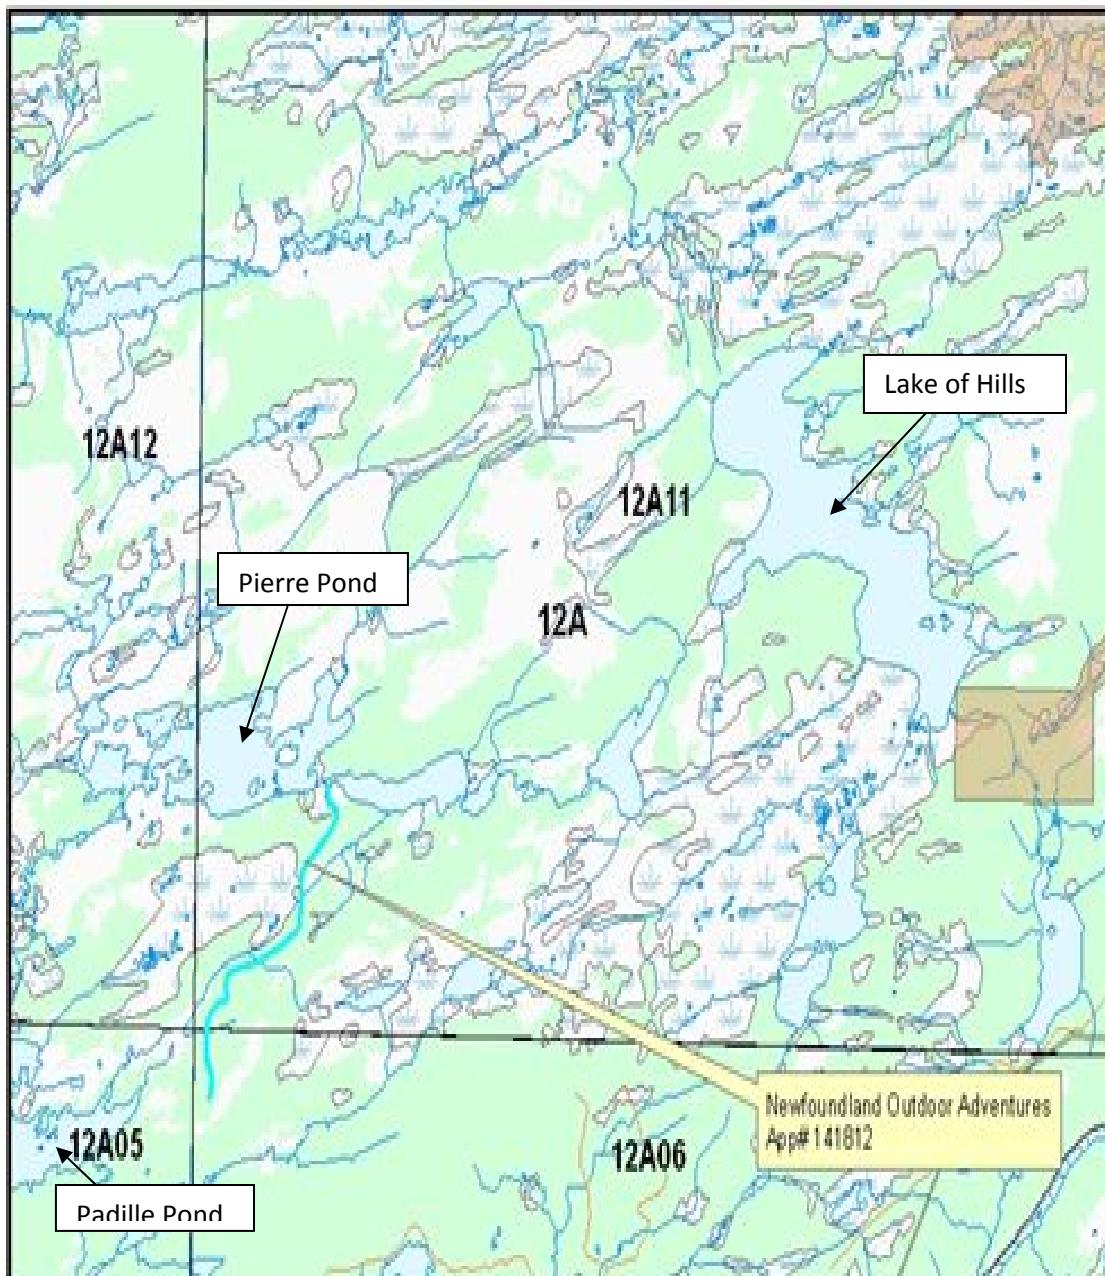

The boundary lines shown are intended to be used as an aide to the user in identifying the Crown. The accuracy of the plot is not sufficient to support surveying purposes and does not guarantee title.

Users holding any rights or interests in land shown on this map, should refer to contact their local Crown Title Mapping Section, Ministry of Natural Resources, Energy and Mines, or the local Regional Lands Office.

Users holding any rights or interests in land shown on Crown Title Mapping Section by telephone at 724-2000. Since this map will be plotted out to Crown Lands sections holding title to Crown Lands property is not plotted due to insufficient survey information.

The user hereby acknowledges and agrees that the Minister, his officers, employees and agents shall not be liable for any costs, demands, losses, actions or costs of action, damages and costs including interest or damage to any property of copyright or intellectual property arising out of any mailing or copying Crown Land titles, and the Minister, as well as his officers, employees and agents shall not be liable to any loss of profits or interests or any other loss of any kind in a suit.

For inquiries please contact a Regional Lands Office, Corner Brook - 637-2987, Gander - 256-1400, Goose Bay - 896-2490, St. John's - 729-2854, Clarenville - 468-4074.
