Dear Mr. Foote:

**RE: Shallop Cove Sand and Gravel Extension Project**

Your proposal has been reviewed by an interdepartmental screening committee and an opportunity to comment has been provided to the public as required by the Newfoundland and Labrador *Environmental Protection Act*, SNL 2002. Upon consideration of the comments received, please be advised that this undertaking is released from further environmental assessment subject to the following conditions:

- Prior to commencing any work related to this project, a water resources management plan, including information requirements pursuant to the *Water Resources Act*, SNL2002 cW-4.01 and its regulations and policies, must be prepared and submitted to the Water Resources Management Division for review and approval. This plan shall be submitted at the time-of applying to obtain a water use licence and a permit to alter a body of water. Please contact Dr. Abdel-Zaher Kamal Abdel-Razek, Manager of the Water Rights and Investigations Section at 709-729-4795 or via email at [aabdelrazek@gov.nl.ca](mailto:aabdelrazek@gov.nl.ca) for further information;
- To minimize habitat disturbance to birds and small mammals, any necessary vegetation clearing or excessive noise should be undertaken outside of the nesting, breeding and brood rearing period (May to mid-July), when disturbance would be most critical.

Although the undertaking, as proposed, is released from further environmental assessment, it is still subject to other legislative requirements.
