Reg No. 1884

Mr. Jeremy Pope  
Jeremy's Construction Ltd.  
PO Box 137  
Doyles NL A0N 1J0

Dear Mr. Pope:

**Re: Doyles Quarry Extension**

Your proposal has been reviewed by an interdepartmental screening committee and an opportunity to comment has been provided to the public as required by the Newfoundland and Labrador *Environmental Protection Act*, SNL 2002, cE-14.2. Upon consideration of the comments received, please be advised that this undertaking is released from further environmental assessment review.

Please be advised, the following is required from the Water Resources Management Division, including: a water use licence, a permit to alter a body of water, and, a water resources management plan. Any effluent or runoff leaving the site will be required to conform to the requirements of the *Environmental Control Water and Sewage Regulations*. Contact Dr. Ali Khan, Manager, at (709)729-2295 or [akhan@gov.nl.ca](mailto:akhan@gov.nl.ca). Also, as you have indicated in your registration document a 50 metre buffer must be maintained between the quarry and Little Codroy River, a scheduled salmon river.

The Department of Municipal Affairs and Environment supports Environment and Climate Change Canada's recommendation that in order to avoid nest destruction and to accommodate the breeding season of migratory songbirds and waterfowl, operations should consider nesting locations between April 15<sup>th</sup> and August 15<sup>th</sup> in this region. However, as some species protected under the *Migratory Birds Convention Act* (MBCA) do nest outside of this time period, it is the responsibility of the proponent to ensure that project activities are in compliance with the MBCA and associated regulations. For further information, please contact Mr. Joshua Mailhiot, Canadian Wildlife Service, at (709)772-2154 or [Joshua.Mailhiot@canada.ca](mailto:Joshua.Mailhiot@canada.ca).

In addition to the requirements noted above, the project is still subject to other legislative requirements. A summary of the comments received from government agencies during the review is attached to provide an indication of likely applicable permits, approvals and legislative requirements. You may also refer to the BizPaL website at [www.bizpal.ca](http://www.bizpal.ca).
