Dear Mr. Nicholas:

At a meeting of Council held on November 19, 2018, your proposal to build and operate a 20-berth marina to the north of your existing property at 130A Main Street was approved by Council. This approval is subject to all applicable Municipal (i.e. Development Regulations), Provincial (i.e. Crown Lands, Department of Highways and Service NL) and Federal Regulations (Transport Canada, etc.).

Prior to any infilling, Council will require proof that all applicable regulations have been met.

Council thanks you for your continued investment in Twillingate. Please don't hesitate to give me a call or come by the Town Office to discuss the matter.

Yours Truly,

Marie Magnin
Town Clerk/Manager
