COR-2024-4308

Reg. #2272

Sylvie St-Jean  
Vice President, Environment  
Torngat Metals LTD.  
E-mail: [sylvie.stjean@torngatmetals.com](mailto:sylvie.stjean@torngatmetals.com)

Dear Sylvie St-Jean:

**RE: Strange Lake Rare Earth Mining Project (the Project)**

Enclosed, please find the Guidelines for the preparation of the Impact Statement for the Strange Lake Rare Earth Mining Project. These Joint Impact Statement Guidelines have been prepared by the Government of Newfoundland and Labrador in collaboration with the Impact Assessment Agency of Canada and are informed by comments received during the review of the draft Joint Impact Statement Guidelines by Indigenous Governments and Organizations, the public and government reviewers.

You may now proceed with preparation of the Impact Statement, which must be approved by the Government of Newfoundland and Labrador and by the Government of Canada prior to the commencement of Project construction. The provincial Environmental Assessment Committee appointed to the Project would be pleased to meet with you to discuss the information requirements of the Impact Statement Guidelines and will be collaborating with the Impact Assessment Agency of Canada should you request to include representatives from the Impact Assessment Agency in future meetings.

If you have any questions concerning these matters, please contact Brenda Rowe, Chair of the Project Environmental Assessment Committee by telephone at (709) 729-2553 or by e-mail at [browe@gov.nl.ca](mailto:browe@gov.nl.ca).

Sincerely,

**HON. LISA DEMPSTER, MHA**  
District of Cartwright – L'Anse au Clair  
Minister  
Enclosures
