Dear Nicholas Langor:

RE: George's Brook-Milton Cannabis Production Facility (the Project) Waste Management Plan

On December 11, 2019, the Project was released from environmental assessment, subject to conditions. One of the conditions required 82994 Newfoundland and Labrador Inc. to submit a Waste Management Plan (WMP).

On October 8, 2024, 82994 Newfoundland and Labrador Inc. submitted a WMP to the Pollution Prevention Division of this department. I am advising you that this plan has been reviewed and approved.

You must abide by all commitments made in the WMP and in all environmental assessment submissions. You must also comply with all terms and conditions of the December 11, 2019, decision letter. Any significant change to the WMP or to the Project must be submitted to this department prior to construction, to be reviewed for regulatory requirements including environmental assessment.

If you have any questions concerning these matters, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or e-mail joannesweeney@gov.nl.ca..

Sincerely,
