Reg. # 2114

Michael McCann, CEO  
Iron Ore Company of Canada  
2 Avalon Drive  
Labrador City, NL A2V 2Y6  
Email: [Patrick.Lauziere@ironore.ca](mailto:Patrick.Lauziere@ironore.ca)

Dear Michael McCann:

**RE: Labrador City Humphrey south Iron Ore Extension (the Project) Conditions of Release**

On May 27, 2021, the Project was released from environmental assessment, subject to conditions. Two of the conditions of release required Iron Ore Company of Canada (IOC) to provide the locations of all plants surveyed and confirmation of avian Species at Risk and amphibians identified in the Project area to the Department of Fisheries, Forestry and Agriculture (FFA).

On December 5, 2024, FFA informed this department that IOC has provided the requested information to their satisfaction. I am advising you that these conditions of release have now been met.

With the approval of the above conditions, all pre-construction conditions of release have been met and you may commence Project construction. You must abide by all commitments made to fulfill the above noted conditions and in all environmental assessment submissions. You must also comply with all terms and conditions of the May 27, 2021, decision letter. Any significant change to the above or to the Project must be submitted to this department prior to construction, to be reviewed for regulatory requirements including environmental assessment.

If you have any questions concerning these matters, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or e-mail at [joannesweeney@gov.nl.ca](mailto:joannesweeney@gov.nl.ca).

Sincerely,

A handwritten signature in black ink, appearing to read "Lisa Dempster".
