Dear Karen Clarke:

RE: Springdale Glove Manufacturing Facility (the Project) Waste Management Plan and Water Resources Management Plan

On November 4, 2022, the Project was released from environmental assessment, subject to conditions. Two of the conditions required Superior Glove Works Limited to submit a Waste Management Plan (WMP) and a Water Resources Management Plan (WRMP) prior to commencing Project construction.

On August 1, 2024, Superior Glove Works Limited submitted a WMP to the Pollution Prevention Division of this department and, on September 27, 2024, a WRMP to the Water Resources Management Division, also of this department. I am advising you that both plans have been reviewed and approved.

You must abide by all commitments made in the WMP, WRMP and in all environmental assessment submissions. You must also comply with all terms and conditions of the November 4, 2022, decision letter. Any significant change to the WMP, WRMP or to the Project must be submitted to this department prior to construction, to be reviewed for regulatory requirements including environmental assessment.

If you have any questions concerning these matters, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or e-mail joannesweeney@gov.nl.ca.

Sincerely,

HON. LISA DEMPSTER, MHA
