Dear Jody Hemeon:

**RE: Environmental Preview Report Guidelines for Botwood Flower's Hill Quarry**

Enclosed are guidelines for the preparation of an environmental preview report (EPR) for the Botwood Flower's Hill Quarry (the Project). The guidelines were developed in consultation with the Environmental Assessment Committee (EAC) that I appointed to the Project.

You may now proceed with the preparation of the EPR. The EPR must be submitted for my approval and the Project must be released from further environmental assessment prior to the start of Project construction. In accordance with Section 17 of the Environmental Assessment Regulations under the **Environmental Protection Act**, you must submit an acceptable EPR within three years of the date of my decision on April 1, 2024, to require an EPR. You may apply to extend the term of my decision for a maximum of three periods of one year.

If you have any questions regarding preparation of the EPR, please contact Santiago Buitrón, Chairperson of the EAC, at (709) 729-5765 or e-mail [santiagobuitron@gov.nl.ca](mailto:santiagobuitron@gov.nl.ca).

Sincerely,

**HON. BERNARD DAVIS, MHA**
