Dear Paul Dalley:

RE: Lewisporte Biomedical Waste Incineration (the Project)

Enclosed are the Guidelines for the preparation of the environmental impact statement (EIS) for the Lewisporte Biomedical Waste Incineration Project. The Guidelines were informed by the comments received during the public review period and consultations with the Environmental Assessment Committee (EAC).

You may now proceed with preparation of the EIS, which must be submitted and approved prior to the commencement of Project construction. The EAC appointed to the Project would be pleased to meet with you at your convenience to discuss the information requirements of the EIS Guidelines.

If you have any questions, please contact Tahazzud Hossain, Chair of the Project EAC by telephone at (709) 729-4223 or via e-mail at tahazzudhossain@gov.nl.ca.

Sincerely,
