Dear Matthew Borys:

RE: Burin Peninsula EverWind Green Fuels Project (the Project)

Your proposal has been reviewed by an interdepartmental environmental assessment screening committee and an opportunity to comment has been provided to the public as required by Part X of the Newfoundland and Labrador **Environmental Protection Act, SNL 2002, cE-14.2**. Upon consideration of the comments received, please be advised that an Environmental Impact Statement (EIS) is required.

Additional Project information is required to describe, at a minimum, the following:

- scope of Project
- green house gas emissions
- waste management plans
- erosion and sediment and control measures
- emissions and fogging
- effluent streams and outfall locations
- noise/vibration, shadow flicker and solar glare
- air quality risk assessment
- location of Project components, including but not limited to:
 - wind turbines
 - worker accommodations
 - offices
 - explosive storage facilities
 - access roads
 - power lines and substations and
 - proximity of the above to sensitive receptors

- flora and fauna including:
 - fish and fish habitat
 - marine environment
- occupational information and identification of skills gaps, and
- potential impacts on provincial roads and bridges.

An Environmental Assessment Committee will be appointed for the purpose of providing you with technical and scientific advice regarding the preparation of the EIS and the detailed information to be included. As per the legislative requirements, within 120 days of the date of this letter, you will be issued guidelines for the completion of the EIS.

In accordance with the **Environmental Protection Act**, Project activities may not proceed until the Project is released from environmental assessment. The Project may be subject to environmental assessment fees as described in the Environmental Assessment Fees Policy located at [Fees for Environmental Assessment - Environment and Climate Change \(gov.nl.ca\)](http://www.gov.nl.ca/feesforenvironmentalassessment). Please review the fees policy and submit a detailed capital cost estimate for the undertaking to EAProjectComments@gov.nl.ca within two weeks of receiving this letter.

If you have any questions about the environmental assessment process, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or via e-mail at joannesweeney@gov.nl.ca.

Sincerely,
