2 Acronyms / Abbreviations

EA	Environmental Assessment
REG	Registration document

3 Scope

- 3.1 The EA release letter relates to Jeremy's Construction Ltd., hereafter referred to as the "Proponent", and their Registration document (REG) for Doyle's Beaver Pond Quarry, EA REG # 2345, hereafter referred to as the "Project".
- 3.2 The Proponent shall ensure the Project is carried out in accordance with this EA release and their REG.

4 General

- 4.1 The Proponent shall uphold all commitments made in the EA submission to mitigate the effects of the Project on the environment, unless otherwise advised by the Minister.
- 4.2 The Proponent shall conduct the Project in accordance with the **Act**, as amended from time to time.
- 4.3 The Proponent shall provide written notification of Project commencement to the Department, prior to the commencement of Project construction, by sending an email to EAProjectComments@gov.nl.ca.
- 4.4 The Proponent shall update the EA Division on the status of the Project, including a copy of all permits, licenses, certificates, approvals and other authorizations required for the Project, within one year from the date of this EA release letter and provide additional updates if required. Project updates shall be emailed to EAProjectComments@gov.nl.ca.
- 4.5 This EA release does not exempt a Proponent of a Project from the requirements imposed upon the Project by (a) another Act or regulation of the province or of Canada; or (b) a municipal regulation, by-law or requirement.
- 4.6 A license, permit, approval or other document of authorization pertaining to the Project shall not be issued under another Act until the Project has been exempted or released from EA.
- 4.7 Prior to a proposed change to any aspect of the Project from that proposed in the REG, the Proponent must submit the proposal to the Department to review for regulatory requirements, including EA.
- 4.8 No authority is granted by this EA release to enable the Proponent to commence or continue the Project on lands which are not in the control or ownership of the Proponent. It is the responsibility of the Proponent to ensure that such a contravention does not occur.
- 4.9 The Proponent shall notify the Minister before a transfer, sale or lease of the Project.
- 4.10 Where a timeline is associated with a condition(s) of the EA release, the Proponent shall fulfil the requirements of the condition(s) within the prescribed timeline, unless otherwise authorized in writing by the Minister.
- 4.11 If there is a discrepancy between the REG and the conditions of this EA release, the conditions of this EA release shall apply.
- 4.12 The Proponent shall bear all expenses incurred in carrying out the environmental management and monitoring required under the conditions of this EA release, the **Act** or the Environmental Assessment Regulations.
- 4.13 The Proponent shall ensure that this EA release, or a copy, is present at the Project site while personnel are on site and that personnel directly involved in the Project are made fully aware of the conditions which pertain to this EA release.

- 4.14 Throughout the life of the Project, the Proponent shall conduct any additional studies or monitoring and/or implement additional mitigation measures as required by the Minister.

5 Water Resources

- 5.1 The Proponent shall submit a Water Resources Management Plan for approval to the Water Resources Management Division prior to the commencement of Project construction. Please contact the Water Rights, Investigation and Modelling Section at waterinvestigations@gov.nl.ca for any information needed to prepare the plan.

6 Habitat, Flora and Fauna

- 6.1 Vegetation clearing is not to occur within 800 metres of a bald eagle or osprey nest during the nesting season (March 15 to July 31) or within 200 metres during the remainder of the year. The 200-metre buffer also applies to all other raptor nests (e.g., Northern Goshawk, Sharp-shinned Hawk, Merlin, American Kestrel, Great-horned Owl, Boreal Owl, Northern Saw-whet Owl). The location of those raptor nest sites shall be reported to the Wildlife Division at wildlifereferrals@gov.nl.ca.
- 6.2 A minimum 50-metre undisturbed buffer shall be maintained from the boundary of the Project to the high-water mark of all wetlands and waterbodies within and adjacent to the Project, that are identified on either the 1:50,000 scale National Topographic System maps or the topographic mapping layer shown in the Provincial Land Use Atlas, to protect sensitive riparian and aquatic species and their habitats. Please contact the EA Division at EAProjectComments@gov.nl.ca for further information.
