3 Scope

- 3.1 The EA release letter relates to Public Services and Procurement Canada, hereafter referred to as the "Proponent", and their Registration document (REG) for Northeast Arm Former US Recreation Camp Demolition, EA REG # 2362, hereafter referred to as the "Project".

3.2 The Proponent shall ensure the Project is carried out in accordance with this EA release and their REG.

4 General

- 4.1 The Proponent shall uphold all commitments made in the EA submission to mitigate the effects of the Project on the environment, unless otherwise advised by the Minister.
- 4.2 The Proponent shall conduct the Project in accordance with the **Act**, as amended from time to time.
- 4.3 The Proponent shall provide written notification of Project commencement to the Department, prior to the commencement of Project construction, by sending an email to EAProjectComments@gov.nl.ca.
- 4.4 The Proponent shall update the EA Division on the status of the Project, including a copy of all permits, licenses, certificates, approvals and other authorizations required for the Project, within one year from the date of this EA release letter and provide additional updates if required. Project updates shall be emailed to EAProjectComments@gov.nl.ca.
- 4.5 This EA release does not exempt a Proponent of a Project from the requirements imposed upon the Project by (a) another Act or regulation of the province or of Canada; or (b) a municipal regulation, by-law or requirement.
- 4.6 A license, permit, approval or other document of authorization pertaining to the Project shall not be issued under another Act until the Project has been exempted or released from EA.
- 4.7 Prior to a proposed change to any aspect of the Project from that proposed in the REG, the Proponent must submit the proposal to the Department to review for regulatory requirements, including EA.
- 4.8 No authority is granted by this EA release to enable the Proponent to commence or continue the Project on lands which are not in the control or ownership of the Proponent. It is the responsibility of the Proponent to ensure that such a contravention does not occur.
- 4.9 The Proponent shall notify the Minister before a transfer, sale or lease of the Project.
- 4.10 Where a timeline is associated with a condition(s) of the EA release, the Proponent shall fulfil the requirements of the condition(s) within the prescribed timeline, unless otherwise authorized in writing by the Minister.
- 4.11 If there is a discrepancy between the REG and the conditions of this EA release, the conditions of this EA release shall apply.
- 4.12 The Proponent shall bear all expenses incurred in carrying out the environmental management and monitoring required under the conditions of this EA release, the **Act** or the Environmental Assessment Regulations.

- 4.13 The Proponent shall ensure that this EA release, or a copy, is present at the Project site while personnel are on site and that personnel directly involved in the Project are made fully aware of the conditions which pertain to this EA release.
- 4.14 Throughout the life of the Project, the Proponent shall conduct any additional studies or monitoring and/or implement additional mitigation measures as required by the Minister.
- 4.15 The Proponent shall advise the EA Division by email of when the requirements of conditions of release have been completed, by providing a written description, documents, and images (where applicable) to demonstrate the completion of requirements. Information shall be emailed to EAProjectComments@gov.nl.ca. The Minister will advise the Proponent in writing of whether the condition(s) of release have been met.

5 Waste Management

- 5.1 The Pollution Prevention Division (PPD) of the Department of Environment and Climate Change requires you to develop a Waste Management Plan specific to the Project to be submitted for approval by the PPD prior to Project commencement. Approved Plans will be posted publicly on the Environmental Assessment Project webpage. For further information contact PPD at (709) 729-1810.

6 Habitat, Flora and Fauna

- 6.1 Proponent is required to conduct bat presence/absence surveys in consultation with the Wildlife Division (WLD) prior to Project commencement. If present, bat eviction must take place only between September and April, and preferably mid-to late October. For further information, please contact WildlifeReferrals@gov.nl.ca.

7 Public Access

- 7.1 Proponent is required to either upgrade the intersection in accordance with the Department of Transportation and Infrastructure's (TI) Policy for Highway Access Maintenance Management prior to construction or permanently close the current access with a ditch or physical barrier to be designed in consultation with TI upon completion of the Project. For further information, please contact TI at (709) 729-7713.
