Dear Darcy Kavanagh:

RE: Toqlukuti'k Avalon Isthmus Green Energy Project (the Project)

Enclosed are guidelines for the preparation of an environmental impact statement (EIS) for the Toqlukuti'k Avalon Isthmus Green Energy Project (the Project). The guidelines were developed in consultation with the environmental assessment committee (EAC) who were appointed to the Project.

You may now proceed with the preparation of the EIS. The EIS shall be submitted for my approval and the Project must be released from further environmental assessment prior to the start of Project construction. In accordance with Section 17 of the Environmental Assessment Regulations under the **Environmental Protection Act**, you must submit an acceptable EIS within three years of the date of the September 9, 2025 decision to require an EIS. You may apply to extend the term of the decision for a maximum of three periods of one year.

If you have any questions regarding preparation of the EIS, please contact Eric Watton, Chairperson of the EAC, at (709) 729-0834 or e-mail ericwatton@gov.nl.ca.

Sincerely,

HON. CHRIS TIBBS, MHA
