

COR-2025-4621

OCT 01 2025

Reg. # 2350

Ken Sparkes  
Manager, Construction Planning  
Newfoundland and Labrador Hydro  
Via E-mail: [KenSparkes@nlh.nl.ca](mailto:KenSparkes@nlh.nl.ca)

Dear Ken Sparkes:

**RE: 150 MW (Nominal) Avalon (Holyrood) Combustion Turbine (the Project) Water Resources Management Plan**

On May 30, 2025, the Project was released from environmental assessment, subject to conditions. One of the conditions required NL Hydro to submit a Water Resources Management Plan (WRMP) prior to commencing any work related to the Project.

On September 11, 2025, NL Hydro submitted a WRMP to the Water Resources Management Division of this department. This WRMP covers early site work in preparation for the construction of the combustion turbine expected in 2026. I am advising you that this plan has been reviewed and accepted.

Please note that WRMPs will be required prior to the construction of future phases of the Project. These plans must include stormwater runoff data for a 1 in 100-year 24-hour climate change rainfall event.

You must abide by all commitments made in the WRMP and in all environmental assessment submissions. You must also comply with all terms and conditions of the May 30, 2025, decision letter. Any significant change to the WRMP or to the Project must be submitted to this department prior to construction, to be reviewed for regulatory requirements including environmental assessment.

If you have any questions concerning these matters, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or email [joannesweeney@gov.nl.ca..](mailto:joannesweeney@gov.nl.ca..)

Sincerely,

A handwritten signature in black ink that reads "M. Scott Reid". The "M" is a large, stylized initial, and "Scott Reid" is written in a cursive script.

**HON. DR. SCOTT REID, MHA**  
District of St. George's - Humber  
Minister
