Dear Matthew Borys:

**RE: Burin Peninsula EverWind Green Fuels Project (the Project)**

Enclosed are the approved Guidelines for the preparation of the Environmental Impact Statement (EIS) for the Burin Peninsula EverWind Green Fuels Project (the Project). The Guidelines were informed by comments received from the public and the Environmental Assessment Committee during the 40-day review of the draft EIS Guidelines.

You may now proceed with preparation of the EIS, which must be submitted and approved prior to the commencement of Project construction. The Environmental Assessment Committee that has been appointed to the Project will contact you in the upcoming days to arrange a meeting with you to discuss the information requirements of the EIS Guidelines.

If you have any questions or concerns about the EIS process, please contact Eric Watton, Project EAC Chairperson, at (709) 729-0834 or via e-mail at [ericwatton@gov.nl.ca](mailto:ericwatton@gov.nl.ca).

Sincerely,

A handwritten blue ink signature of Hon. Lisa Dempster, MHA.
