Reports 1 to 23 and 25 (as numbered in the table of contents) describe work done under the Canada – Newfoundland Mineral Development Subsidiary Agreement (1976–1981). This Agreement consists of a 5-year program supported by funds provided by the federal Departments of Energy, Mines and Resources (45%) and Regional Economic Expansion (45%) and the Province of Newfoundland (10%).

A report on work done under the Agreement by R.K. Herd of the Department of Energy, Mines and Resources has been published in Current Research, Part A, Geological Survey of Canada, Paper 78-1A, 1978.

Report 28 (Davenport) describes work done jointly under the Canada–Newfoundland Uranium Reconnaissance Program and the Canada–Newfoundland Mineral Development Subsidiary Agreement.

Each report was scientifically reviewed by at least two independent project geoscientists. Proof-reading was done by the respective authors and the editor.

Publications of the Mineral Development Division are available through the Publications and Information Section, Mineral Development Division, Department of Mines and Energy, P.O. Box 4750, St. John's, Newfoundland A1C 5T7
