MEMORANDUM OF UNDERSTANDING

RE: LABRADOR BENEFITS AGREEMENT - INTERPRETATION

In an effort to clarify the interpretation of certain items contained in the Labrador Benefits Agreement the parties agree to the following:

- 1) Article 4.2(b) refers to employees who terminate employment, (i.e. are not on layoff status and do not have recall rights). These employees have their Travel Allowance paid out based on the hours worked in the current year and it shall be paid out at the rate in effect on the date employment is terminated.
- 2) For the purposes of Article 4.4 it is agreed that an employee may refuse to claim the employee benefit if it is to their benefit to have their spouse claim them as a dependant. Employees who exercise this option will not be entitled to any portion of the Employee Travel Allowance. It is incumbent on the employee to communicate this choice to their respective Employer(s).
- 3) Notwithstanding Schedule A, the following employee shall be entitled, on a without prejudice basis, to the rates applicable to Mud Lake as long as they remain within the employ of their current Employer and continue to permanently reside in Mud Lake:

Vyann Kerby, Health Labrador Corporation

This agreement is effective from April 1, 2013 and shall expire upon the renewal of the Labrador Benefits Agreement expiring March 31, 2016.

- 4) For the purposes of clarification and in accordance with Article 3.1 (Labrador Allowance), Article 4.1 (Travel Allowance) and Article 9.1 (Definitions), benefits are applicable for the fiscal year (April 1 to March 31) in which a dependent reaches 18 years of age or 24 years of age, if the dependent is in full time attendance at a school or post-secondary institution. Full time attendance shall be determined by the educational institution in which a dependent is registered.

For example:

If a dependent reaches 18 years of age on January 1, 2011 and is no longer enrolled as a full time student in a post-secondary institution, they would be eligible for the travel benefit payable April 15, 2011.

Process

4. Upon receipt of the renewal information from the insurer, confirmation of the financial information, review of all claims and trend information, Government and the NLTA will submit the foregoing information to an agreed upon group insurance consultant for the purpose of producing a premium rate adjustment schedule as noted in numbers 2 and 3 above.

SCHEDULE L cont'd...

5. The group insurance consultant will:
 - Request and liaise with the plan sponsors and the insurers to ensure the necessary information is received in a timely fashion.
 - Review and confirm the reasonableness of any assumptions made.
 - Review and confirm that the information contained in the information pertaining to each plan is correct and reasonable.
 - Prepare a brief summary to each of the parties outlining the premium rates calculated using this premium rate setting process, including a summary of all calculations, indications that all documents have been reviewed and confirmation that the premium rates have been calculated using the agreed upon process.
 - Meet with both plan sponsors, if necessary, to address any issue that may arise.
6. Each party shall be responsible for expenses associated with the provision of its plan renewal information from the insurer, confirmation of the financial information, review of all claims and trend information, to the group insurance consultant. The parties shall pay equally the expenses and remuneration of the group insurance consultant.
7. Once the rate has been determined using the prescribed calculation and using the required supporting documentation, the rates calculated using this method will be used to determine the Government contribution to the NLTA plan.
8. The Government contribution to the NLTA required premium rate will be 50% of the lowest premium rate obtained for each Group Insurance plan option (identified in Items 1, 2, and 3 above) as determined by the calculation contained in Item 4. For example where the Government required premium rate for Basic Health is greater than the NLTA required premium rate for Basic Health, Government will contribute 50% of the NLTA required premium rate. Conversely, where the Government required premium rate is less than the NLTA required premium rate, Government will contribute 50% of the Government required premium rate. Under no circumstances will the Government contribution to the NLTA exceed 50% of the NLTA rate calculated under this schedule.
9. Inflation/Trend factors will be negotiated and agreed to with each Insurer independently by Government and NLTA. As both plans are insured, the Insurer(s) will have a vested interest in ensuring that the appropriate/ reasonable factor is used.
10. After these premium rates have been calculated, both Government and NLTA have the option of using any surplus funds they have available to offset the respective rates in their own plans.
11. The components of the premium rate setting mechanism are as follows:
 - Projected Annual Premium – Projection of premium derived solely from the monthly premium rates and number of employees covered under the program. The rates and volumes are those in force in the most recent month available for the premium rate setting.
 - Paid Claims – Total Cash Claims paid through the period.
 - IBNR Adjustment – Any adjustment to the Incurred But Not Reported Reserve.
 - Inflation/Trend Factor – The negotiated inflation/trend factor agreed to by the insurer and the plan sponsor.
 - Amendment Factor – Estimated claims adjustment due to a benefit level change.
 - Claim Adjustments – Credits or charges for items such as non-recurring claims.
 - Retention Charges – Projected Charges outlined in the underwriting agreement between the insurer and Government including General administration, claims administration and processing, Risk Charges, Premium Tax, out of scope expenses (i.e.: mail outs, Amendments), Consulting fees and Pooling Charges.

SCHEDULE L cont'd...

- Projected annual premium is reduced by any third party administration fees, however these fees are added to the total rate to determine the final contribution rate.
- Paid claims exclude all new ex gratia claims.
- The demographic factor refers to the insurers adjustment for the change in the composition of the insured group, in terms of age, sex, etc.

★ LETTER #3 - PENSIONABLE SERVICE DURING A LEGAL WORK STOPPAGE

Mr. Dean Ingram
President
Newfoundland and Labrador Teachers' Association
3 Kenmount Road
St. John's, NL
A1B 1W1

Reference: Pensions

Dear Mr. Ingram:

In any case where pensionable service is lost due to a legal work stoppage, regulations will be passed to allow a teacher so affected to purchase an amount of pensionable service equal to the amount so lost. This policy will be effective from September 1, 1985.

Further, effective April 17, 2019 it is agreed that all teachers who have lost pensionable service due to a past legal work stoppage will be allowed an opportunity to purchase an amount of pensionable service equal to the amount so lost. TO: ALL BOARD CHAIRPERSONS
RE: INTERPRETATION OF ARTICLES 9 AND 13 OF THE NLTA COLLECTIVE AGREEMENT
FROM: GORONWY PRICE, PRESIDENT, NLSBA

It has come to my attention that there may be some confusion regarding the interpretation placed on the above referred Articles. In situations where redundancies occur, it is my interpretation that Article 9 – Layoffs, should be used to effect any reassignments. Article 13 – Transfer of Teachers, should be utilized in other situations where transfers are required.

Yours truly,
