

## Minister's Message

---

It is my absolute pleasure to introduce the newest edition of the annual Hunting and Trapping Guide for the upcoming 2018-19 season and to highlight our new online mobile friendly format that is complimentary to the kinds of technology and communications devices being used in today's world.

The information contained in the Hunting and Trapping Guide reflects the input and decisions made by Government and by my department that support public and stakeholder interests in sustainable wildlife and game management for the province. For the upcoming season, there have been a number of important enhancements and changes to big game moose and caribou management, re-establishment of the canid carcass collection program, hunting age regulations, programs for hunters with a disability and improvements to the processes and timelines for applying for resident big game licences online or by mail. Our goal is to continue to streamline our game planning and licencing processes and to modernize wildlife policies, legislation and services that benefit access to hunting, trapping and other outdoor activities for the benefit of the people of Newfoundland and Labrador.

Hunters and trappers play a key role in helping to manage wildlife and provide important information that assists us in our science and research based programs that are necessary to monitor the health and status of wildlife populations. Equally as important is the crucial need to conduct hunting and trapping activities in a safe and responsible manner and to avoid practices that are detrimental to wildlife and their habitats or that disregard the values of others who enjoy our great outdoors.

Please be responsible and be safe during this hunting and trapping season and enjoy what our beautiful province has to offer.

**Honourable Gerry Byrne**  
*Minister of Fisheries and Land Resources*

HUNTING & TRAPPING GUIDE

NEWFOUNDLAND AND LABRADOR

## Licence Fees

---

Licence Type	Price (Cdn)	Payment Methods/Restrictions
<b>Moose</b>		
Resident	\$52.00	<u>Pay online</u> or contact Central Cashiers Office at 709.729.3042 with payment information.
Resident Senior	\$33.80	
Non-Resident	\$502.00	Available through licenced outfitter only
<b>Woodland Caribou (Newfoundland)</b>		
Resident	\$52.00	<u>Pay online</u> or contact Central Cashiers Office at 709.729.3042 with payment information.
Resident Senior	\$33.80	
Non-Resident	\$675.00	Available through licenced outfitter only
<b>Black Bear</b>		
Resident Application	\$39.00	<u>Pay online</u> or submit cheque or money order with application payable to Central Cashier's Office.
Resident Senior Application	\$25.35	
Resident (Labrador)	\$35.10	Available at Government Services Centers or local vendor.
Resident Senior (Labrador)	\$25.35	
Non-Resident	\$150.00	Available through licenced outfitter only

<b>Small Game/Coyote (Shooting Licence)</b>		
Resident	\$10.00	All licences available at Government Services Centers or local vendor only.
Resident Senior	\$6.50	
Non-Resident (Canadian-Citizen)	\$50.00	
Non-Resident (Non-Canadian Citizen)	\$100.00	
Youth Small Game Snaring Only	Free	Youth under 16
<b>Trapper</b>		
General Licence	\$15.00	<u>Pay online</u> or submit cheque or money order with application payable to Central Cashiers Office or contact Central Cashier's Office at 709.729.3042 with payment information.
General Licence (Senior)	\$9.75	
Beaver Trapline-Island	\$15.00	
Beaver Trapline-Island (Senior)	\$9.75	
<b>Wolf Shooting (Labrador)</b>		
Resident Senior	\$33.00	Available at Regional Department of Fisheries and Land Resources Office only
	\$21.45	
<b>Guide</b>		
Resident Senior	\$15.00	<u>Pay online</u> or contact Central Cashiers Office at 709.729.3042 with payment information
	\$9.75	
<b>Migratory Game Bird Permit</b>		
Canadian Resident	\$17.00	Available at Canada Postal Outlets or online at <a href="https://www.permis-permits.ec.gc.ca/en/">https://www.permis-permits.ec.gc.ca/en/</a>
Non-Canadian	\$17.00	

**NOTE:**

1. Licences sold through vendor outlets and/or Government Services Centres are subject to an additional \$3.00 fee at the time of purchase.
2. All licence fees are non-refundable and subject to change.
3. Prices do not include HST
4. Licence fees for seniors apply to those aged 65 and older.

# New for 2018-19

---

**Moose (Island):** The total number of resident moose licences available on the Island portion of the province is 24,830. Quota adjustments have occurred in twenty eight Moose Management Areas; MMAs 1(-50), 2(-100), 2A(-20), 2B(-10), 2E(-250), 3(-100), 4(-150), 5A(-20), 6(-50), 8(-100), 20(-20), 23(-100), 25(-50), 27(-50), 28(-125), 29(-50), 31(-100), 32(-75), 33(-175), 34(-50), 35(-125), 36(-200), 39(-100), 40(-50), 42(-50), 43(-25), 44(-175) and 45(-100) for an overall decrease of 2470 licences compared to the 2017-18 hunting season. In Labrador, the overall quota has increased by 10 licences with changes occurring in two areas; MMAs 53(+5) and 58(+5).

**Seasons (Island Moose):** Beginning in the fall of 2018, moose seasons will close on December 31<sup>st</sup> for all MMAs on the Island portion of the province, except Grose Morne and Terra Nova National Parks.

**Caribou (Island):** The total number of resident caribou licences available on the Island portion of the province is 602. Quota adjustments have occurred in seven Caribou Management Areas; CMAs 61(-15), 62(-15), 64(+40), 66(-5), 67(-20) and 69(-28) and 79 (-5) representing an overall decrease of 48 licences compared to the 2017-18 hunting season.

Correction Notice: The Application Insert mailed with resident big game licence applications show several CMAs having an incorrect number of licenses available for the 2018-19 resident draw. CMA 61 should read 28 Either Sex and zero Male Only for a total of 28; CMA 62 should read 37 Either Sex and zero Male Only for a total of 37; CMA 64 should read 150 Either Sex and 18 Male Only for a total of 168; CMA 66 should read 15 Either Sex and 1 Male Only for a total of 16; and CMA 79 should read 2 Either-Sex and zero Male Only for a total of 2.

**Program for Hunters with a Disability:** Changes have been made involving regulations for hunters with a disability. A designated hunter can remain within 800 metres or line of sight, whichever is greater, of the person with a disability. More information can be found in the [Persons with Disabilities](#) section. Additionally, the Department of Fisheries and Land Resources is restructuring the Problem Moose Policy for the 2018-19 hunting season to give priority access to big game for persons with disabilities not able to complete the Firearm Safety-Hunter Education Program and will develop a new policy to provide persons with disabilities priority access to moose put down by conservation officers for humane or public safety reasons.

**Minimum Age Requirements (Hunting and Trapping):** The minimum age requirement to shoot small game, coyotes and other furbearers has been lowered from 16 to 12 and the minimum age requirement to shoot big game has been lowered from 18 to 16. Youth hunters are only permitted to use a firearm under supervision of a qualified adult. Additional details can be found in the [Youth Hunting and Trapping Licence](#) section.

#### **Boundary Changes involving MMA 57, 87 and 88 and Labrador Black Bear Zone:**

Boundary adjustments have occurred to provincial moose and black bear management areas in Labrador that exclude the new Akami-uapishku – KakKasuk Mealy Mountain National Park Reserve. As well, zones known previously as the George River and Labrador South Black Bear Management Zones have now been combined into one management area now called Labrador Black Bear Management Area and corresponding seasons for the fall of 2018 and spring of 2019.

#### **Akami-Uapishku-KakKasuk-Mealy Mountains National Park Reserve**

For 2018-19, small game, waterfowl hunting and fur-bearer trapping will continue to be permitted within the national park reserve boundary under the authority of a valid provincial licence. For more information concerning other activities inside the national park reserve boundary, please consult the Parks Canada website, [www.parkscanada.gc.ca](http://www.parkscanada.gc.ca) or contact Parks Canada Western Newfoundland and Labrador Field Unit (709)458-2417 or email: [mealymountains.gmp@pc.gc.ca](mailto:mealymountains.gmp@pc.gc.ca).

**Bowhunting (Labrador):** Beginning this season, licenced moose hunters will be permitted to use bow hunting equipment only in Labrador Moose Management Areas starting August 25, 2018, two weeks earlier than the general opening season for moose. The general season begins on September 8<sup>th</sup> and hunters may use a rifle or continue to use a bow as prescribed in the regulations. See Regulations for Big Game for more information about using bow equipment.

#### **Canid Carcass Collection Program (Wolf, Coyote, Wolf-Coyote Hybrid):**

The Department of Fisheries and Land Resources has reinstated the canid carcass collection program to help monitor and investigate the distribution of wolf and wolf-coyote hybrids within the province by collecting genetic samples of these animals that are harvested on a valid licence by hunters and trappers. Effective immediately, hunters or trappers who voluntarily submit wolf, coyote and wolf-coyote carcasses to a local Department of Fisheries and Land Resources office will receive a \$25 fee. For more information, see [Regulation Summaries for Coyotes and Wolves](#) or contact your nearest [Department of Fisheries and Land Resources or Wildlife Division office](#).

# General Information for All Hunters

---

IMPORTANT NOTICE: This guide is neither a legal document nor a complete collection of current hunting and trapping regulations or firearms laws. It is an abbreviated guide issued for the convenience of hunters and trappers. The Wild Life Act and Regulations should be consulted for interpreting and applying the law. Please contact your nearest Department of Fisheries & Land Resources (FLR) office for more information.

## Application Deadlines

### Resident Moose and Caribou and Not for Profit/Charitable Moose Application

- Applications must be received by the close of business (4:30 p.m.) on **March 29, 2018**.
- Do not include fee with the application.

### Resident Island Black Bear

- Applications and payments must be received by the dates indicated to ensure your licence is available before the hunting season begins.

Spring Season: Close of business (4:30 p.m) **March 29, 2018**

Fall Season: Close of business (4:30 p.m.) **June 22, 2018**

- Applications received after these dates will be accepted but are not guaranteed to be processed before the season opens.
- Do not include moose or caribou applications with your black bear application.

## New Applicants for the Big Game Licence Draw

- To be eligible for the 2019 draw, applicants must have completed the Canadian Firearms Safety Course and Hunter Education Course or transferred hunter certification credentials from another jurisdiction before **November 30, 2018**. Outdoor Identification Card applications must be accompanied by proof of completion of a recognized hunter training course. Licence applications are automatically mailed to qualified resident hunters each year.

## Canadian Firearms Safety Course/Hunter Education (CFSC/HE) Course

- Individuals wishing to hunt game with a firearm (including bows) in Newfoundland and Labrador are required to complete the CFSC/HE Course. Courses are offered through College of the North Atlantic. Exemptions apply for those who have completed other recognized hunter training programs.

## Outdoor Identification Card (OIC)/Temporary Outdoor Identification Cards (TOIC)

An OIC is issued to residents who have completed the CFSC/HE Course or have previously completed the Hunter Capability Test or the Canadian Firearms Safety Course (in Newfoundland and Labrador only) before April 1996. The OIC, along with the appropriate hunting licence, must be in your possession while hunting with firearms. The OIC is proof that a hunter has met the province's requirements to hunt game with a firearm.

- A Temporary Outdoor Identification Card (TOIC) is issued to individuals who have just passed the CFSC/HE course or those individuals who have lost their OIC.
- Individuals who require a replacement OIC can visit the nearest Fisheries and Land Resources or Wildlife Division Office for a TOIC and an application for a replacement OIC. Applications are also available online at [flr.gov.nl.ca/wildlife/](http://flr.gov.nl.ca/wildlife/)

## Problem Moose on Farms

- Holders of a valid moose hunting licence may be authorized by a wildlife officer to assist farmers in removing problem moose from farms. If you are interested in taking part, please call a regional Department of Fisheries and Land Resources office. Licence holders will be contacted in the order their calls are received. You may be called to a farm to either remove a moose shot by a wildlife officer, or you may be asked to hunt on the farm according to instructions from the wildlife officer and farmer.
- Persons with disabilities not able to participate in the CFSC/HE Course or in the hunt itself may apply to become eligible to receive a problem moose from farms or in other areas that has been euthanized by a wildlife officer. Priority access to this moose meat will be managed by the Regional or District Department of Fisheries and Land Resources office where the problem moose occurs. Persons who are interested in this program must provide a medical note from his/her doctor. For more information or to add your name to a priority list, please contact your nearest Department of Fisheries and Land Resources office.

## Not-for-Profit Moose Licences

- A number of moose licences are available to registered not-for-profit (NFP) and charitable organizations through the Wildlife Division. Organizations may utilize qualified resident hunters to

secure the meat for charities and service groups who use it for fundraising purposes and food sharing programs.

- Successful applicants will be automatically added to the Department of Fisheries and Land Resources Problem Moose on Farms list in their region and will be contacted directly when a problem moose is identified in their chosen Management Area (possibly before the opening of the regular big game season). NFP licence holders are strongly encouraged to make every effort to avail of this program if contacted to do so.
- Registered not-for-profit and charitable organizations must apply by close of business 4:30 p.m. March 29, 2018. Applications received after this date will not be considered.
- Applications are available [here](#) or by contacting the Wildlife Division.
- Additional NFP moose licences are available through Parks Canada in Gros Morne National Park and Terra Nova National Park. [Contact Parks Canada for more information.](#)

## How Do I Get A Licence?

- Resident moose licences for Newfoundland and Labrador and resident caribou licences for the Island of Newfoundland are only available through the Wildlife Division's big game draw process.
- Resident black bear licences for Labrador are available from Government Service Centres in Happy Valley-Goose Bay (896-5428) and Labrador City (944-5282) or at vendor outlets throughout Labrador.
- Resident black bear licences for the Island of Newfoundland are only available through an application process. Apply online by logging on with your user name and password at [www.flr.gov.nl.ca/wildlife](http://www.flr.gov.nl.ca/wildlife) or applications may also be printed by [clicking here](#).
- Wolf shooting licences for Labrador are available at Department of Fisheries and Land Resources offices in Happy Valley-Goose Bay and Labrador City.
- Resident small game/coyote licences are available at vendor outlets throughout the province. Resident hunters must provide identification, such as a Newfoundland and Labrador Driver's Licence, to the vendor at the time of purchase.
- Migratory Game Bird Hunting Permits are available through Canada Post Offices at local offices or online at <http://www.permis-permits.ec.gc.ca/> and are valid throughout Canada (additional hunting licences may be required to hunt migratory game birds in other provinces).

## Age Requirements

- A person must be 12 years of age or older to hunt with a firearm for small game, migratory waterfowl and coyotes. To hunt big game, a person must be 16 years of age by August 31 in the year for which the licence is valid. Persons under 16 years of age may also purchase licences to take small game and furbearers by snaring or trapping only. See [Youth Hunting and Trapping Licences](#) for more information.

## Federal Firearms Regulations

- In addition to the Wild Life Regulation, the Firearms Act and Regulations require licencing of all gun owners. A firearms licence is also required to purchase ammunition.
- For the purpose of hunting small game, migratory game birds or coyotes with firearms in this province, hunters aged 16 and 17 may hunt while under the immediate and direct supervision of a person who can lawfully possess firearms (i.e. has a valid Possession Only Licence or Possession and Acquisition Licence). Youth aged 16 and 17 may also apply for a Minor's Licence. For Information on Minor's Possession Licence applications call 1-800-731-4000 ext. 5013
- For more information about federal firearms regulations and licences/permits, please contact the RCMP's Canadian Firearms Program at 1-800-731-4000 or visit their website at [rcmp-grc.gc.ca/cfp-pcaf/index-eng.htm](http://rcmp-grc.gc.ca/cfp-pcaf/index-eng.htm)

## Transportation of Firearms

- A permit to transport firearms is required to transport firearms during a closed season or without a valid hunting licence. Permits are available at local Department of Fisheries and Land Resources offices.
- Rod and Gun Clubs and firearm businesses (gunsmiths) may apply for annual firearms transport permits by contacting the Wildlife Division at 637-2006.

## Online Services

- Many of the services provided by the Wildlife Division, such as submitting big game applications and payments, renewing licences, and submitting licence returns can be accessed online at [www.wildlife.gov.nl.ca](http://www.wildlife.gov.nl.ca) provided that you have your login identification and password. To request information concerning your login identification and password, contact the Wildlife Division at 637-2025, or email [wildlifelicense@gov.nl.ca](mailto:wildlifelicense@gov.nl.ca)
- Check out our website at [www.flr.gov.nl.ca/wildlife](http://www.flr.gov.nl.ca/wildlife) for more information on hunting, trapping, angling and guiding.

## Residents

A resident of Newfoundland and Labrador is:

- A Canadian citizen who has lived in this province for six consecutive months immediately preceding their application for a licence;
- A person, other than a Canadian citizen, who has lived in this province for 12 consecutive months immediately preceding their application for a licence;

- While stationed in the province a member of the Canadian Forces or the Royal Canadian Mounted Police (RCMP);
- While stationed outside the province a member of the Canadian Forces or the RCMP who was born in the province; or
- A person ordinarily a resident of the province who leaves to attend a recognized educational institution and intends to return upon completion of studies at the institution concerned.
- If your residency status has changed you must notify the Wildlife Division immediately. It is an offence for non- residents to apply for and receive a resident licence.

Note: Members of the Canadian Forces and RCMP are required to provide proof of their military/police status to the Wildlife Division when initially filing an application for resident licences or an Outdoor Identification Card and may be requested to confirm their status from time to time during routine file maintenance.

## Non-residents

- A non-resident Canadian is a person who is a Canadian citizen but is not a resident of Newfoundland and Labrador.
- A non-resident alien is a person who is not a Canadian citizen.
- General information and regulations found in this Guide are applicable to non-residents.
- Non-resident hunters must possess a valid non-resident hunting licence. They must also possess proof of having met their own jurisdiction's hunter education requirements and must present this information immediately upon request of a wildlife officer.
- Non-resident big game hunters are required to be accompanied by licensed guides. Guides are supplied by licensed outfitters. Non-resident small game, coyote, wolf or waterfowl hunters do not require guides.
- Non-resident big game licences (bear, moose, caribou) are only available through licensed outfitters.
- Non-resident small game or coyote shooting licences are available through vendor outlets. Migratory game bird hunting permits are available through Canada Post Offices.
- Hunters must declare all game entering the United States from Canada. American hunters should obtain the necessary forms at U.S. Customs when leaving the United States.
- Hunters must possess a game export permit to take game out of the province. Export permits are available free of charge from all Department of Fisheries and Land Resources and Wildlife Division Offices and licensed outfitters.
- Non-resident black bear hunters require a Convention on International Trade in Endangered Species (CITES) permit to transport black bear parts outside Canada.

- Non-residents arriving at a Canada Customs port must declare all firearms. For further information, contact the Canadian Firearms Program at 1-800-731-4000 or visit [www.rcmp-grc.gc.ca/cfp-pcaf/index-eng.htm](http://www.rcmp-grc.gc.ca/cfp-pcaf/index-eng.htm).
- A non-resident cannot apply for a licence or priority pool advancement in the resident big game licence draw.
- For a list of outfitters and complete information on non-resident hunting, contact the Department of Tourism, Culture, Innovation & Industry by phone at 1-800-563-6353 (inside North America) or 1-709-729-2830 (outside North America), or by visiting [www.newfoundlandlabrador.com/thingstodo/hunting](http://www.newfoundlandlabrador.com/thingstodo/hunting).

## Guide Licences

- First-time applicants must include, along with their guide licence application and proof of Canadian residency status, a valid emergency first aid certificate and proof of completion of a recognized Firearms Safety/Hunter Education Course and boat safety course or equivalent. Alternatively, applicants may include proof of completion of a recognized guide training program. Applicants must be 18 years of age or older.
- New guide applicants should expect a minimum of ten business days for an application to be processed. Applications received during the hunting or angling season will not be given additional priority. Those wishing to receive a guide licence should submit their request well in advance of the season.
- Applications are available online at <http://www.flr.gov.nl.ca/wildlife/hunting/guides.html> or from Department of Fisheries and Land Resources or Wildlife Division offices.
- Renewal payments may be made online at [www.wildlife.gov.nl.ca](http://www.wildlife.gov.nl.ca) or by contacting the Central Cashier's Office at 729-3042 or P.O. Box 8700, St. John's, NL, A1B 4J6.

## Replacement Licences

- If your hunting licence and/or tags have been lost, damaged or stolen, you must get a replacement licence and/or tags before you continue hunting.
- Replacement big game licences and/or tags are available from any Department of Fisheries and Land Resources Regional or District Office or Wildlife Division office. Return any part of the original licence and/or tags in your possession. An affidavit describing the circumstances of the loss must be completed and signed by a Justice of the Peace, Commissioner for Oaths or Notary Public.
- Replacement small game and coyote shooting licences are available from the vendor (at no cost) where you purchased your original licence. Keep your licence return and record the date of purchase and the vendor's name and address. Bring these to the vendor if required and they will issue a replacement licence.

## Sunday Hunting

- Sunday hunting is permitted for all species beginning **October 6, 2018** and ending **April 28, 2019** provided that the season for the game being hunted is open and you possess a valid hunting licence and Outdoor Identification Card.

## Samiajij Miawpukek Reserve (Conne River)

- Hunters are advised that permission is required to access the Reserve. Contact the Miawpukek First Nation at 1-866- 882-2470 or [www.mfngov.ca](http://www.mfngov.ca) for more information.

## Maps

- Maps in this publication are prepared for reference only. The Wild Life Act and Regulations should be consulted for all purposes of interpreting and applying the law. For detailed maps and legal boundary descriptions visit <http://www.flr.gov.nl.ca/wildlife/hunting/boundary.html>, or write the Wildlife Division, P.O. Box 2007, Corner Brook, NL A2H 7S1.
- Maps are provided to big game licence holders and include physical boundary descriptions.

## Marked Animals

- Big game animals and wolves have been ear-tagged and/or have had radio collars affixed to them. Ear tags may be made of light plastic or metal. Radio collars are generally white or black in colour. Because of the cost associated with animal capture and marking and the value that these animals have in monitoring programs, hunters are asked not to harvest these animals. However, hunters who harvest these animals must return the radio collar and lower jawbone (in the case of a big game animal). A \$50.00 reward will be offered for the return of radio collars.
- For more information on marked wildlife, please contact the Wildlife Division.

## Injured or Diseased Animals

- Please report any observations of injured or diseased wildlife to the nearest Department of Fisheries and Land Resources or Wildlife Division office. If a big game animal harvested by you appears to be diseased or was previously injured, the entire carcass must be brought to a local Department of Fisheries and Land Resources or Wildlife Division office for inspection. In most cases, it is only possible to determine that an animal has a serious disease or infection by examining the entire carcass. Hunters are advised that a replacement licence may only be issued if a big game animal is found to be unfit for consumption because of disease or previous injury and the entire carcass has been submitted for disposal.

## Health Canada Advisories

- Health Canada advises that some big game animals treated with immobilizing drugs may be unsuitable for human consumption. All big game animals captured using immobilizing drugs have been marked with a radio collar or ear tag or both. If you happen to harvest a collared or ear-tagged animal, contact the Wildlife Division immediately at 637-2398 for advice on the suitability for consumption.
- The Wildlife Division, after consultation with Health Canada, recommends the public not eat the liver or kidneys of moose or caribou. The cadmium contained in one meal of either liver or kidney, combined with a person's normal consumption of cadmium in other foods, would likely be more than the weekly allowable intake of cadmium as recommended by the World Health Organization.

HUNTING & TRAPPING GUIDE

NEWFOUNDLAND AND LABRADOR

## Big Game Licence Application and Draw Process

---

### Eligibility

To be considered eligible for the 2018 big game licence draw, you must:

- be a resident of Newfoundland and Labrador;
- be at least 16 years of age by August 31, 2018;
- have a Hunter Certificate Number; and
- have completed the Firearms Safety/Hunter Education Course or applied for an Outdoor Identification Card before December 10, 2017 (**Note: The course cut-off date for the 2019 draw is November 30, 2018**)

### Name Changes

Individuals requiring name changes to remain current in the Wildlife Management Information System must do so in writing and provide the applicable documentation:

- for marriage, a copy of marriage certificate and driver's licence or photo identification which matches the name on the marriage certificate;
- for divorce, a copy of birth certificate and driver's licence or photo identification which matches the name on the birth certificate; and
- for any other reasons, a copy of change of name document and driver's licence or photo identification.

## Address Changes

The Wildlife Division must be notified in writing of any address changes to ensure that you continue to receive your big game applications. This notification can be submitted to the Wildlife Division offices in Corner Brook or St. John's or emailed to [wildlifelicense@gov.nl.ca](mailto:wildlifelicense@gov.nl.ca)

## Applications

Applications can be submitted either by mail or online at [www.wildlife.gov.nl.ca](http://www.wildlife.gov.nl.ca).

- Your application will be rejected if not completed correctly. The following information, along with the information on the application itself, will assist you. However, if you should have any questions contact the Wildlife Division.
- If you do not want a licence but wish to advance in the priority pools, indicate 'no' in the section which asks if you want the application to enter the draw. Sign and date the application, noting any change in your personal details. No other parts of the application need to be completed.
- If you wish to have a licence, you must indicate 'yes' in the section which asks if you want the application to enter the draw and the types of licences you are willing to accept (either-sex, male-only or calf). The more types that you are willing to accept, the greater your chances of receiving a licence. You must also indicate the areas for which you are willing to receive a licence.

## Priority Pool Status

In order to advance through the priority pools you must submit an application each year by the deadline date. If a hunter does not submit an application for three consecutive years, their file will be identified as inactive and their priority will be reset to Pool 8. Files can be reactivated by contacting the Wildlife Division.

## Licence Draw

- The draw is based upon a 'priority pool' system and applications are ranked based upon participation and/or success in previous draws. There are nine pools. Pool 1 has the highest priority and Pool 9 has the lowest.
- This system gives applicants who have been in the draw the longest without receiving a licence the best possible chance of receiving one. Note that being in Pool 1 does not guarantee you a licence.
- The draw is computerized and begins with Pool 1 co-applicant applications followed by Pool 1 individual applications, followed by Pool 2 co-applicant applications and so on. Co-applicant applications receive preference to give as many hunters as possible an opportunity to hunt with the licences available.

- The draw also begins with the first area of choice on each application and goes through each area listed until a licence is awarded or the choice of areas runs out.
- In each area, either-sex licences are awarded first, followed by female-only or calf (if available) and male-only or calf.
- Chances of receiving a licence are greater for co-applicant applicants and those who list additional areas. Note that where two applicants on a co-applicant licence have different rankings, the application is assigned to the lower pool. For example, if the applicants have a Pool 3 and Pool 5 ranking, the application goes in Pool 5.
- Only apply for areas which you are prepared to hunt.
- Notification to hunters of success or failure in the draw will be sent by mail and will also be available online once the draw has been completed.

## Priority Pool Ranking

These rankings are based upon a hunter who submits an application each year:

- Pool 1: Hunters who submitted an application but did not receive a licence in the previous seven years.
- Pool 2: Hunters who submitted an application but did not receive a licence in the previous six years.
- Pool 3: Hunters who submitted an application but did not receive a licence in the previous five years.
- Pool 4: Hunters who submitted an application but did not receive a licence in the previous four years.
- Pool 5: Hunters who submitted an application but did not receive a licence in the previous three years.
- Pool 6: Hunters who submitted an application but did not receive a licence in the previous two years.
- Pool 7: Hunters who submitted an application but did not receive a licence in the previous year.
- Pool 8: New applicants and hunters who held a party licence in the previous year.
- Pool 9: Hunters who held an individual licence in the previous year.

## Reasons for Rejected Applications

- Duplicate applications: one application should be submitted for a party licence. The co-applicant must complete the information on the application submitted for the draw. If a subsequent application is submitted it will be rejected.
- Invalid identification numbers (Driver's Licence, Photo Identification or Hunter Certificate Number): the number recorded on the application must match the number on file. Ensure that all numbers are correct on the application before submitting it.
- Licence type not identified: if you want your application to enter the draw you must check at least one licence type (either-sex, male-only or calf) that you are willing to accept, otherwise your application will be rejected.

- Hunting areas not identified: if you want your application to enter the draw you must indicate at least one area choice, otherwise your application will be rejected.
- Conviction on file: individuals convicted for a big game offence under the Wild Life Act and Regulations are not eligible to participate in the application/draw process for five years.
- Firearms prohibition: individuals prohibited by the Court from possessing a firearm are not eligible to participate in the application/draw process until the prohibition ends. It is an offence to do so knowingly.
- Late application: defined as applications received after the deadline date of **March 29, 2018**. Applications received up to the close of business on **April 6, 2018** will be accepted for priority pool advancement only. Applications received after that date will be rejected.

## Licence Payments

- Payments for moose and caribou licences must be received by the date indicated on your licence notification in order to ensure receipt of the licence and tag before the start of the season.
- Payments will be accepted after the deadline date, however there may be delays in receiving your licence and tags.
- Payments are not accepted at Wildlife Division offices. Please see your licence or application for details on how to make payments.
- Payments must be received by **June 22, 2018** in order to guarantee that you receive your licence and tags before the start of the hunting season.

## Frequently Asked Questions

**Once I file my big game application online, how do I know it was received and/or can I view it immediately to check for correct information?**

Once you successfully complete your application you will get a confirmation page, please print or save the confirmation page. It is strongly suggested you double check to ensure application is received and all application data is accurate. You can view your application information by selecting the Applications tab and then click on the application from the list.

**Can I make changes to my big game application once it has been filed online?**

Yes. You can change your application information up to the deadline date. After that date no online changes will be permitted, but you will be able to view the details of your application.

**Can an online application be entered with errors?**

No. Your application information will be verified before it is accepted to ensure there are no errors with the information provided. By filing it online, you are guaranteed that it will be error free.

**If I complete an online application, do I also have to submit my paper application?**

No. Your application has been filed with the Wildlife Division and will be processed in the upcoming big game licence draw. Visit [www.wildlife.gov.nl.ca/Home/FAQ](http://www.wildlife.gov.nl.ca/Home/FAQ) for further information on the big game application and draw process.

## 2017 Resident Big Game Draw Results

---

### Analysis of 2017 Licence Draw by Area Choice

The tables below identify the lowest pool that Either Sex (ES) or Male Only (MO) licences were awarded in the 2017 resident big game licence draw and can be used as guide in selecting your area(s) for the 2018 draw. As an example, if you are in Pool 6, you should only consider the area(s) that licences were awarded in Pool 6 Individual (I) or Pool 6 Party (P) in last year's draw. You may also consider listing an area(s) that have gone to Pool 7 to 9 to further increase your chances but remember to only apply for areas where you are prepared to hunt. Please note that the 2017 results are for reference purposes only and do not necessarily guarantee your chances of receiving a licence in the 2018 draw.

## Hunting Code of Ethics

---

### Safe

- Positively identify your target before you shoot.
- Shoot only at appropriate targets or legal game.
- Always practice safe gun handling.
- Practice shooting skills and be sure your rifle or bow is properly sighted in.
- Pattern your shotgun and know how it shoots.
- Avoid hunting from roads.
- Never store or transport a loaded firearm.

### Knowledgeable

- Familiarize yourself with provincial and federal regulations.
- Know the effective range of your firearm or bow.
- Teach others to become ethical hunters and to care for the countryside in which they hunt.
- Get to know and support local hunting and conservation organizations.
- Educate yourself on issues related to hunting, wildlife management and conservation that are important to you and share your opinions.

## Responsible

- Avoid creating a negative image for hunters and firearm users by acting responsibly.
- Only harvest the amount of game that you can use.
- Ensure that every effort is made to retrieve wounded game.
- Complete licence returns and participate in surveys.
- Access private property only with the landowner's permission.
- Respect outdoor users including other hunters, hikers, berry-pickers and cabin owners.
- Report illegal hunting and trapping activity.

HUNTING & TRAPPING GUIDE

NEWFOUNDLAND AND LABRADOR

## Canadian Firearms Safety and Hunter Education Course

---

In Newfoundland and Labrador, a person must pass both the Canadian Firearms Safety Course (CFSC) and the Hunter Education (HE) Course to become eligible to apply for resident hunting licences and to hunt game with a firearm. Participants may take these courses starting at age 12 with parental consent.

## Canadian Firearms Safety Course (CFSC)

The Canadian Firearms Safety Course (CFSC) teaches participants the basics of firearms safety and the laws related to firearms storage, handling and transportation. These are basic skills that every hunter, trapper, recreational shooter or gun collector should know. This course consists of one day of classroom instruction followed by a written and practical test. By successfully completing the CFSC a person is eligible to apply for a Possession and Acquisition Licence (PAL) to obtain non-restricted firearms.

Regulations under the Firearms Act require individuals to obtain a PAL to possess and acquire firearms. Applications for firearms licences are issued by the Canadian Firearms Program- Royal Canadian Mounted Police (CFP-RCMP).

## Minors Under 18

Conditions exist under the Firearms Act to allow minors less than 18 years of age to obtain a Minor's Possession Licence. Instead of obtaining a Minor's Possession Licence, a minor may use firearms while under the immediate and direct supervision of a fully licensed adult.

For further information about minors licensing or to obtain a firearms licence application, contact the CFP at 1.800.731.4000 or online at [www.rcmp-grc.gc.ca/cfp](http://www.rcmp-grc.gc.ca/cfp)

## Hunter Education Course

The Hunter Education Course teaches participants basic concepts of wildlife conservation and management, hunting laws, hunter ethics and responsibility, outdoor safety and survival techniques and other skills used for hunting. The duration of this course is 6.5 hours followed by a written exam. By completing the Hunter Education Course, in addition to the CFSC, participants meet the requirement to obtain provincial resident licences to hunt with a firearm or bow.

Other recognized hunter education training courses may also be accepted for new residents moving into the province. Contact the Wildlife Division at 709.637.2025 for more information or visit us online at [www.flr.gov.nl.ca/wildlife/](http://www.flr.gov.nl.ca/wildlife/)

Qualified resident hunters in Newfoundland and Labrador will receive an Outdoor Identification Card (OIC) from the Wildlife Division. Hunters must carry their OIC, along with the appropriate hunting licence, while hunting with a firearm. Hunters travelling to other parts of Canada should carry their OIC as proof of completing Hunter Education training requirements.

## Prepare in advance

For information on the content of the Hunter Education Course or to study in advance of your course please visit <http://www.huntercourse.com/canada/newfoundland>

## Register For a Course

Visit <https://www.cna.nl.ca/> to find a campus near you or call Toll Free 1-888-982-2268 or Email [corporatetraining@cna.nl.ca](mailto:corporatetraining@cna.nl.ca)

## Course Fees (Effective September 1, 2018)

Canadian Firearms Safety Course (CFSC)	\$91
Hunter Education Course (HE)	\$59
CFSC + HE Combined	\$150
Minors Canadian Firearms Safety Course	\$53
Minors Hunter Education Course	\$15
Minors CFSC+HE	\$68

All fees are subject to HST

HUNTING & TRAPPING GUIDE

NEWFOUNDLAND AND LABRADOR

## Youth Hunting and Trapping Licences

---

- Beginning at age 12 a youth may hold a licence to shoot small game, fur bearing animals, and coyotes. Youth may hold a licence to shoot big game beginning at 16.
- The regulations require youth to have the consent of a parent or person who has custody of the youth to purchase a licence.
- Where required, a youth must also be accompanied by a Designated Adult while hunting, taking or killing animals by shooting.

## Small Game/Coyotes and Waterfowl Shooting Licences

Youth at age 12 and under 16 may be issued a licence to shoot small game and coyotes and wild birds permitted to be harvested under the authority of a Migratory Game Bird Hunting Permit during an open season. Requirements include:

- A licence to shoot small game or coyotes shall not be issued to a youth age 12 and under 16 without written consent of a parent or person who has custody of the youth and must be presented to local vendor outlets at the time of purchase.
- The consent must be carried by the youth or the designated adult while using firearms to hunt small game, coyotes or while hunting under the authority of a Migratory Game Bird Hunting Permit.
- Youth must be accompanied by a Designated Adult when operating a shooting licence.
- A Designated Adult who is not the parent or person who has custody of the youth must be designated in writing.
- Youth must complete required hunter and firearms training courses and trapper education courses.
- Youth and the Designated Adult must also possess an Outdoor Identification Card or equivalent document (e.g. Hunter Certification Card from another jurisdiction).
- Small Game Licences for snaring only are available to youth under 16 years of age shall be marked “not valid for shooting”.

## Big Game Licences

Youth at age 16 and under 18 may obtain a licence to shoot big game during an open season.

Requirements include:

- Big game licence applications processed by the Wildlife Division involve conditions to provide a Consent Form before a licence can be issued to a Youth. Therefore, possession of the licence itself, once issued, acts as implied consent.
- Youth must carry written Consent Form signed by a parent or person who has custody of the youth for big game licences issued through a vendor (e.g. Labrador Black Bear or non-resident big game licence sold by an outfitter).
- Youth must be accompanied by a Designated Adult.
- A Designated Adult who is not the parent or person who has custody of the youth must be designated in writing.
- Youth must complete required hunter and firearms training courses.
- Big Game Licence Applications for Moose/Caribou issued through the draw process will be mailed automatically to a youth who turns age 16 before August 31 and once he or she completes required hunter and firearm training courses.

- Licence applications for big game black bear on the Island may be obtained up until the close of the hunting season.
- A written consent of parent or person who has custody of the youth age 16 and under 18 must be provided when submitting a big game licence application by mail. Online applications cannot be processed unless a Consent Form is on file with the Wildlife Division. Consent Forms may be faxed to (709)637-2099 or emailed to [wildlifelicense@gov.nl.ca](mailto:wildlifelicense@gov.nl.ca)
- Youth and the Designated Adult must also possess an Outdoor Identification Card or equivalent document (e.g. Hunter Certification Card from another jurisdiction).

## General Trapper Licence

- A licence to shoot fur bearing animals shall not be issued to a youth age 12 and under 16 without written consent of a parent or person who has custody of the youth. Youth under age 12 and youth that are not permitted to use a firearm for the purposes of dispatching fur bearing animals are not required to obtain consent to purchase a General Trapper Licence.
- A written consent of parent or person who has custody of the youth age 12 and under 16 must be provided when submitting a General Trapper Licence application by mail. Online applications cannot be processed unless a Consent Form is on file with the Wildlife Division. Consent Forms may be faxed to (709)637-2099 or emailed to [wildlifelicense@gov.nl.ca](mailto:wildlifelicense@gov.nl.ca)
- General trapper licence applications processed by the Wildlife Division involve conditions to provide the Consent Form before a licence can be issued to a Youth. Therefore, possession of the General Trapper Licence itself, once issued, acts as implied consent.
- General Trapper Licence Applications may be processed up until the close of the trapping seasons.
- Youth and the Designated Adult must also possess an Outdoor Identification Card or equivalent document (e.g. Hunter Certification Card from another jurisdiction).

## What has not changed?

- Youth age 16 and under 18 may continue to be issued a licence to shoot small game, coyote, fur bearing animals and wild birds permitted to be harvested under the authority of a Migratory Game Bird Permit during the open season without consent to purchase a licence.
- Youth age 16 and under 18 may obtain their own Federal Minor's Firearm Possession Licence to use firearms.
- A youth at 16 and 17 who holds a valid small game, coyote, trapping licence or Migratory Game Bird Hunting Permit noted in this category and who does not possess a Minors Firearms Possession Licence is required to be accompanied and supervised by a fully licenced adult.

## Designated Adult

A Designated Adult must meet the following criteria:

- is a person who is over the age of 18
- is not prohibited from carrying, transporting, possessing or using a firearm or from being a designated adult
- is eligible for the same type of licence under which the youth is hunting, taking or killing an animal by shooting

While accompanying the youth, a Designated Adult shall:

- remain at arm's length of the youth; and
- be able to take control of the firearm if necessary
- not accompany and supervise more than 2 youths at one time
- carry evidence of his or her eligibility to hold the same type of licence as the youth (e.g. possess an Outdoor Identification Card or similar document)
- if not the parent or person who has custody of the youth provide a designation in writing signed by a parent or person who has custody of the youth (carried by the youth or Designated Adult)

## Injured Animals

- A Designated Adult may shoot or dispatch an animal that has been injured by a youth for the purposes of assisting the youth and shall keep the youth in sight at all times.
- A Designated Adult is not required to keep the youth in sight at all times where the Designated Adult is pursuing an animal that has been injured by the youth.
- With respect to Migratory Game Birds, the Designated Adult would also be required to hold a valid Migratory Game Bird Hunting Permit in addition to the Outdoor Identification Card or similar document.

## Youth Consent/ Designated Adult Forms

- [PDF Copy of Youth Consent/Designated Adult Form](#)
- For more information or to obtain a copy of a Consent/Designate Adult Form, contact your nearest Fisheries and Land Resources Office or email [wildlifelicense@gov.nl.ca](mailto:wildlifelicense@gov.nl.ca) or write your own Youth Consent/Designated Adult Form that uses the same language as presented in the pdf from.

# Persons with Disabilities

---

## Program for Hunters with a Disability

- All first time hunters, including those hunters who have not previously completed a hunter training course or program recognized by the Minister, including a person who has a disability affecting hunting activities, shall, before becoming eligible for a big game licence draw, complete the Canadian Firearm Safety and Hunter Education Course, or similar hunter training course or program in another jurisdiction that is recognized by the Minister.
- For the purposes of the NL Wild Life Regulations, a person who is legally blind may be exempted from the standard practical testing in the Canadian Firearm Safety and Hunter Education Course which requires vision to perform if he or she provides a certificate from a health care provider certifying that he or she is legally blind.
- A person who is legally blind who completes the Canadian Firearms Safety and Hunter Education Course may apply for and receive a big game licence but is not entitled to possess or use a firearm for the purpose of hunting.
- A hunter with a disability who receives a big game licence, shall in the case of person who is legally blind, and may in the case of a person with a disability affecting hunting, specify one designated hunter to shoot and retrieve the type and sex of big game animal named on the licence of the hunter with a disability provided that;

(a) the designated hunter keeps the hunter with a disability within sight or within 800 meters of the hunter with a disability;

(b) the designated hunter possesses the licence and tag of the hunter with a disability at all times while hunting for that hunter with a disability.

- “Disability affecting hunting activities” means a permanent impairment or other permanent medical condition which, in the opinion of a health care provider, restricts a person’s ability to perform the activities of hunting, including shooting and retrieving a big game animal. General examples of hunting activity may include but is not limited to: walking and negotiating various outdoor terrain, streams, rivers or ponds; carrying, holding, operating and/or discharging a firearm or drawing a bow; and, lifting or carrying animal parts or equipment which may be in excess of 100 pounds.
- “Designated hunter” means a person who has completed a hunter training course or and is specified by a hunter with a disability to shoot and retrieve a big game animal of the type and sex named on the licence of the hunter with a disability, but does not include a person who is prohibited by the court from possessing a firearm or holding a big game licence.

- “Hunter with a disability” means a person who holds a valid big game licence issued by the Minister and has a disability affecting hunting activities as prescribed in the Wild Life Regulations.
- A designated hunter is not required to keep the hunter with a disability within sight when the designated hunter is in pursuit of an animal that he or she has injured.

## How to Apply

1. If you already receive applications for the resident big game licence draw and have a Hunter Certificate Number you may apply for the PHAD by completing an application form, available [here](#) and forwarding it to the Wildlife Division’s, Licencing Section at the address below, or;
2. New big game licence applicants not presently receiving an application for the resident big game licence draw may submit the PHAD application form after completing the Canadian Firearm Safety and Hunter Education Course.

Note: A person who is registered with the Wildlife Division as a “Hunter with a Disability” will receive an Outdoor Identification Card (OIC) with the a code “D” or “DN” on the card; D means disability affecting hunting and DN means legally blind. Replacement OIC cards are available upon request.

For more information, please telephone 709.637.2025 or Email: [wildlifelicense@gov.nl.ca](mailto:wildlifelicense@gov.nl.ca)

HUNTING & TRAPPING GUIDE

NEWFOUNDLAND AND LABRADOR

## Regulation Summaries

---

### Regulation Summary

This section contains a summary of regulations you must know when hunting in Newfoundland and Labrador. This summary is neither a legal document nor a complete collection of current hunting regulations or firearm laws. It is an abbreviated guide issued for the convenience of hunters. The Wild Life Act and

Regulations, [www.assembly.nl.ca/legislation/sr/consolidation/](http://www.assembly.nl.ca/legislation/sr/consolidation/) should be consulted for interpreting and applying the law. Contact a Fisheries and Land Resources Office if you have any questions.

## DEFINITIONS

- “Hunting” means chasing, pursuing, worrying, following after or on the trail of or searching for, or lying in wait for wildlife whether or not the wildlife is then or later captured, injured or killed. “Hunt” and “hunter” have corresponding meanings.
- “Open Season” means any period during which it is lawful to hunt, take, or kill, or attempt to hunt, take, or kill wildlife under the provision of the Wild Life Act and Regulations.
- “Closed Season” means any period during which hunting, taking, or killing of wildlife is prohibited.
- “Firearm” means a device by which a missile is discharged by means of an explosive propellant or by compressed air or by a spring and includes sporting guns of all calibres, automatic or autoloading guns, repeating guns, pump guns, set guns, swivel guns, punt guns, rifles, pistols and revolvers of every description, crossbows, longbows and compound bows.

## GENERAL

### It is unlawful;

- to hunt, take or kill any wildlife except during open seasons;
- to hunt, take, or kill any wildlife without a valid licence;
- for a resident to hunt with a firearm unless you possess an Outdoor Identification Card or jurisdictional equivalent in the case of a non-resident;
- to make a false statement or supply false information when applying for a licence;
- to complete an application form for a big game licence on behalf of another person, without the permission of that person;
- to apply for a licence/pool advancement if you have been prohibited, by a court, from possessing a firearm;
- to apply for a licence/pool advancement if you have been prohibited, by a court, from holding a licence;
- for a resident to apply for a licence with a non-resident;
- to hunt without your licence and/or tags on your person;
- to hunt on a licence belonging to someone else (unless designated either by a disabled hunter authorized through the Program for Hunters and Anglers with a Disability or under a NFP licence to do so);
- to transfer your licence to another person; and

- to hunt on a licence which has been changed, altered or defaced in any manner.

## LICENCE RETURNS

- Big game returns must be submitted within seven days of the season closing date or within seven days of the date of kill.
- Small game, coyote and trapping returns must be submitted within seven days of the season closing date.

## PRODUCTION OF LICENCES – CHECKSTATIONS

- If requested by a wildlife officer, a person shall not refuse or neglect to produce or permit the examination of game licences and tags, permissions, consents and other documentation required to be carried under these regulations, or firearms and ammunition and wildlife.

## BAG LIMIT

- It is unlawful to exceed the bag limits as stated in the Annual Hunting Orders. These can be viewed at [http://assembly.nl.ca/legislation/sr/reg\\_512.htm](http://assembly.nl.ca/legislation/sr/reg_512.htm)

## FIREARMS, AMMUNITION

### It is unlawful:

- to discharge or handle a firearm while hunting without exercising reasonable care for the safety of other persons;
- to carry, transport or possess firearms or ammunition during a closed season in any area frequented by wildlife, unless you have a permit to transport (these are available from Department of Fisheries and Land Resources or Wildlife Division offices). A person travelling to a hunting area may, if he/she holds the proper game licence, transport a firearm or ammunition if the firearm is cased or securely wrapped and tied;
- to carry, transport or possess firearms or ammunition during an open season for shooting in any area frequented by wildlife, unless you have a valid game licence and/or permit;
- to carry, transport or possess, in any area frequented by wildlife, any pump or autoloading shotgun unless it is plugged or altered so that it cannot carry more than three shells in the magazine and chamber combined;
- to hunt with any fully automatic rifle (semi-automatic or autoloading rifles may be used);
- to possess in any camp, tent or summer cottage, any firearm during closed season, unless you have a permit;

- to carry, transport or possess a loaded firearm in or on, or discharge a firearm from, any aircraft, motor vehicle, snow machine, or all-terrain vehicle. A firearm is considered to be loaded if there is a live shell or cartridge in the chamber or magazine and the magazine is attached to the firearm in its usual position;
- to use or possess, in any area frequented by wildlife, any ammunition that has been cut, ringed or altered in any way;
- for a licenced hunter to carry or possess more than one firearm unless each extra firearm is cased or securely wrapped and tied;
- to discharge a firearm within 1000 meters of a school, playground or athletic field or within 300 meters of a dwelling;
- to discharge a firearm or hunt on most community pastures during the period May 1 to November 30 inclusive (for information on pasture locations <http://www.assembly.nl.ca/Legislation/sr/Regulations/rc980056.htm> or contact your nearest Department of Fisheries and Land Resources office; and
- to discharge a firearm within 1000 meters of a commercial woodcutting operation that has been clearly marked by signs stating "No Hunting".

## BOWS AND ARROWS

### It is unlawful:

- to hunt any wildlife with a crossbow and arrows;
- to hunt any wildlife with an arrow tipped with poison or a drug; and
- to hunt any wildlife with an arrow equipped with barbed or explosive arrowheads.

**Hunting at Night:** It is unlawful to hunt any game with night lights of any description.

**Dogs:** It is unlawful to take a dog unleashed or to allow a dog to run in any area frequented by wildlife from April 1 to August 31 inclusive, except in designated field trial/dog training areas and during designated times. A wildlife officer may destroy any dog found to be harassing wildlife. For information on field trial/dog training areas, contact your nearest Department of Fisheries and Land Resources or Wildlife Division office or visit [http://www.flr.gov.nl.ca/wildlife/dog\\_training\\_areas/index.html](http://www.flr.gov.nl.ca/wildlife/dog_training_areas/index.html)

## WOUNDED ANIMALS

- Any person who kills, cripples or wounds any game animal shall make all reasonable efforts to retrieve that animal.
- Notwithstanding the requirement under these regulations to hold a valid licence in order to hunt, take or kill wildlife with a firearm, a designated adult may shoot an animal that has been injured by youth

hunting under a valid licence for the purpose of assisting the youth. The designated adult shall keep the youth in sight at all times, except when it is necessary to pursue the injured animal.

## **AIRCRAFT (INCLUDING DRONES) AND VEHICLES**

### **It is unlawful:**

- to chase or harass any wildlife with any aircraft, motor vehicle, boat, snow machine or all-terrain vehicle of any type;
- to hunt any wildlife with, or possess any loaded firearm on, any aircraft, motor vehicle, snow machine or all-terrain vehicle of any type. Such vehicles may be used for transportation to and from a hunting area and for transporting any game taken, except where restrictions apply to the use of all-terrain vehicles; and
- to use any aircraft to search for or locate any wildlife for hunting on your own behalf or on behalf of any other person.

## **GUIDES**

### **It is unlawful:**

- to act as a guide without a valid guide licence;
- for a guide, while so employed, to kill or take game;
- for a guide, while so employed, to accept meat in payment or partial payment for services rendered;
- to hunt/shoot wildlife or to angle while acting as a guide, except to demonstrate casting and hooking of fish.

## **EXPORT OF GAME**

- If you have a valid hunting licence and an export permit, you may export or take out of the province any game legally taken. Export permits are available free from any Department of Fisheries and Land Resources office. Agriculture and Agri-Food Canada Regulations prohibit the use of used burlap or other used bags. Use new wrapping material only.

## **PROHIBITION OF WASTE**

It is an offence to allow harvested wild game that is suitable for food to be destroyed, wasted or spoiled.

## **HUNTING FROM ROADS**

### **It is unlawful:**

- under the Highway Traffic Act to operate a vehicle in a manner that impedes the normal movement of traffic;• to discharge a firearm from a vehicle; and
- to discharge a firearm from or across any railway bed, highway, public or private road.

## WILDERNESS RESERVE ENTRY PERMITS

- It is unlawful to enter the Avalon Wilderness Reserve or the Bay du Nord Wilderness Reserve without an entry permit. A person who holds a valid big game licence for a moose, caribou or black bear management area that is inside a Wilderness Reserve does not require a Wilderness Reserve Entry Permit. For more information on Wilderness Reserve Entry Permits, contact the Natural Areas Program at 709.637.2081 or visit [http://www.flr.gov.nl.ca/natural\\_areas/](http://www.flr.gov.nl.ca/natural_areas/)

## ALL-TERRAIN VEHICLES (ATVS)

It is unlawful for a person to use or operate an ATV vehicle outside an approved area, except;

- A person who holds a valid big game licence and, as permitted by the licence, has killed a moose, caribou or bear may use or operate an ATV outside an approved area for the purpose of transporting the animal from the place where it was killed. This does not apply to wilderness, ecological or wildlife reserves or National Parks. Hunters are asked to be conscious of this if applying for a licence in management areas which include these areas.
- A person other than the licence holder may use or operate an ATV for the purpose of transporting an animal from the place where it was killed, but the licence holder shall remain in the immediate area.
- A moose or caribou shall be properly tagged as required before an ATV is to be used or operated.
- A person shall not use or operate an ATV more than five times to and from the place where the animal was killed. When traveling from the place where the animal was killed, a portion of the animal shall be on the ATV or on a trailer being towed by the ATV.
- Where more than one ATV is used or operated in relation to the transporting of a single animal the total number of trips for all the ATVs shall not exceed five.
- A person shall not carry, transport or have in his or her possession a firearm while using or operating an ATV for the purposes noted above.
- For more information, please visit <http://www.faa.gov.nl.ca/forestry/recreation/atv.html>

---

## Small Game

### AGE REQUIREMENTS

- Youth less than 16 years of age may obtain a youth snaring licence to take small game by snaring only.

- Individuals must be 12 years of age or older and have completed the Canadian Firearms Safety/Hunter Education Course or similar training recognized by the Minister of Fisheries and Land Resources in order to hunt with a firearm or bow.
- Further conditions apply to Youth Hunting and Trapping Licences.

## **FIREARMS, AMMUNITION**

### **It is unlawful:**

- to hunt small game using a shotgun that can hold more than three shells in the magazine and chamber combined, or to use a shotgun shell loaded with a single bullet. Small game (excluding ducks, geese and snipe) may be harvested using a .22 rim-fire rifle.

## **BOW AND ARROWS**

### **It is unlawful:**

- to hunt small game with a long bow, recurve bow or compound bow unless it has at least 10 kilograms (22 lbs.) pull at full draw; and
- to hunt small game with a long bow, recurve bow or compound bow unless the arrow is tipped with a blunt small game tip designed to kill by shock. Practise or field tips are not permitted.

## **SNARES**

### **It is unlawful:**

- to set snares for small game until the first day of the open season. Snares must be removed on or before the last day of the open season;
- for any person to set snares to take or kill wild birds, except the holder of a small game licence for ptarmigan and grouse for an area open to this activity;
- to use a net of any kind to take or kill any small game; to use a fish hook or snare equipped with a fish hook to take or kill any small game; and on the Island;
- to set snares for small game using snare wire other than 22 gauge brass or six-strand braided wire (also known as picture cord).

## **DOGS**

- It is unlawful, while hunting small game with a dog, to allow the dog to harass any big game animal.

## SALE OF SMALL GAME

- Snowshoe hare and grouse legally taken under licence may be sold to anyone during the open season and within seven days thereafter.
  - Ptarmigan may only be sold if you have a selling permit and the buyer has a Wild Meat Service Licence. Selling permits are available free from the Wildlife Division. Please contact 709.637.2025 for more information.
- 

## Big Game

- **Age Requirements:** To apply for a big game licence you must be 16 years of age or older by August 31 in the year that the licence is valid. [For more information see Youth Hunting and Trapping Licences.](#)
- **Licence Limit:** A person who holds a big game licence issued through the draw process may hold only one big game licence to shoot a moose or one big game licence to shoot a caribou in a 12-month period ending April 30th.

## CO-APPLICANT LICENCE

- Each member of a co-applicant licence is considered to be the holder of that licence.
- Members of the co-applicant licence may carry firearms and hunt, provided they are in the immediate area of and within sight of each other while they are hunting.
- As a member of a co-applicant licence, you may hunt alone provided you possess the licence and tags.
- Only the persons named on a co-applicant licence are eligible to hunt with that licence.

## FIREARMS, AMMUNITION

### It is unlawful:

- unless you hold a valid big game license, to possess firearms and ammunition suitable for hunting big game.
- to hunt big game (moose, caribou or black bear) with any rifle smaller than a .243 caliber or .22 calibre rifle or any rifle (including muzzle loaders) using ammunition with a bullet weight of less than 100 grains or a muzzle energy less than 1500 foot pounds. For this regulation .22 calibre includes .218, .219, .220, .222, .22-250, .223, .224 and .225 calibre rifles;
- to hunt big game with a slug with any shotgun smaller than 20 gauge;
- to hunt big game with or carry in any area frequented by wildlife, full metal cased non-expanding bullets commonly known as service ammunition; and
- to hunt big game with a firearm using any ammunition other than a single bullet or ball.

## BOW AND ARROWS

### It is unlawful:

- to hunt big game with a long bow, recurve bow or compound bow and arrow unless the bow has at least 20 kilograms (44 lbs.) pull at full draw; and
- to hunt big game unless the hunting arrows are tipped with a metal hunting head with two or more sharpened cutting edges.

## HUNTING HOURS

- It is unlawful to hunt big game earlier than one-half hour before sunrise or later than one-half hour after sunset on any day (firearms must be cased or securely wrapped and tied outside of legal hunting hours).

## SNARES

- It is unlawful to use traps, pitfalls or snares of any description to hunt big game (licensed black bear hunters may snare black bears using Aldrich foot snares or similar devices designed to capture and hold bears by the foot and must be set in a covered “cubby set”. The set must be clearly marked with a warning sign indicating that a bear snaring device is set in the “cubby”).

## DOGS

- It is unlawful to use a dog for hunting (tracking, following or pursuing) big game.

## SWIMMING ANIMALS

- It is unlawful to hunt or molest any big game animal while it is swimming.

## PROOF OF SEX OR AGE

- The holder(s) of a male-only licence must leave the scrotum of the animal attached to one hind quarter as proof of sex. Note: the testicles and penis may be removed, if desired, but the scrotum must remain attached to the carcass until the animal is transported to the hunter’s home. If a calf is harvested on a male-only or calf or female-only or calf licence, hunters must retain the jawbone of their kill as proof of age. The holder(s) of a female-only licence must retain the head of their kill as proof of sex.

## USE OF TAGS – TRANSPORT OF BIG GAME

- The tags issued with a big game licence must be attached and locked on the animal before it is removed from the place of kill, defined as, the area included in a 10-meter (33 ft.) radius from where the animal is dispatched by the hunter.
- It is unlawful to possess or transport big game unless the tags are attached and locked to the quarters between the tendon and the leg bone. In rare cases a tag may be faulty, and fail to lock. If this occurs, contact the nearest wildlife officer immediately.
- It is an offence to transport meat with an unlocked tag, a replacement tag will be issued and must be affixed before the meat is moved from the actual site of the kill.
- Big game tags that have been damaged, lost or stolen must immediately be reported to a wildlife officer. It is an offence to transport or move a big game animal from the place of kill unless the tag has been properly affixed to the animal. Replacement tags may be acquired by contacting your nearest Department of Fisheries and Land Resources or Wildlife Division office.
- A big game animal must be removed from the place of kill on or before the closing date of the season. If you cannot remove the animal by that date, you must get a permit to transport game in closed season from your nearest Department of Fisheries and Land Resources office.
- You must fill in and forward your licence return to the Wildlife Division within seven days of the date of kill or within seven days after the close of the season if no kill is made. If you do not take an animal, you must also return the unused tags issued with the licence.

## GIFTS OF GAME

- If you wish to give game meat to friends or family, you must provide a signed note indicating the licence number, quantity of game meat, date and the names of the people involved. The individual receiving the game meat must possess the note until the meat is used or consumed.

## POSSESSION OR SALE OF BIG GAME

- You may possess big game meat only if you hold a valid licence or if you have been freely given the meat by a valid licence holder. If you are not the licence holder, you must get written proof that you acquired the meat from a licence holder and you must show this proof if requested by a wildlife officer. You can only sell big game meat if you have a valid selling permit (available free from the Wildlife Division) and the buyer has a valid Wild Meat Service Licence. Permits may only be acquired during the open season or within seven days after the season closes.

## COLD STORAGE

- A person may not accept or store any untagged big game or big game parts in a commercial, company or private cold storage, bait depot or other freezer unless the person requesting storage provides a

signed document containing the licence number the game was harvested under, date of harvest, names of those involved and the quantity of game being stored.

---

## Coyotes and Wolves

### COYOTE SHOOTING LICENCE

The coyote shooting licence is combined with the small game licence. During the open shooting season for coyotes (**September 8, 2018 to July 15, 2019**), hunters may use centre-fire rifle calibres up to and including a .225 (e.g. 17 Rem., .22 Hornet, .204 Ruger, .218 Bee, .222 and .223 Rem., .223 WSSM, .22-250 Rem., .220 Swift, .224 Weatherby Mag. and .225 Win.) or shotguns using shot size (#2 or larger). There are no bag limits for coyotes.

Rim-fire rifles (.22 S&L, .22 LR or 22 Magnum) used for small game hunting may be used to shoot coyotes during the period that small game seasons are open.

### ADDITIONAL OPPORTUNITIES TO HARVEST COYOTES

Holders of a valid big game licence (moose, caribou or black bear) may harvest coyotes during the open season for those species and in the management area for which their licence is valid (licences become invalid when tags have been filled). Hunters must use firearms and ammunition that the big game licence authorizes them to possess.

Licensed trappers may possess and use small calibre, centre-fire rifles up to a .225 to harvest coyotes during the coyote trapping season.

### WOLF SHOOTING LICENCE (PROVINCE-WIDE)

Beginning this year, the wolf shooting licence is now combined with the small game and coyote shooting licence. A person who holds a **Small Game/Wolf/Coyote Shooting Licence** may take one wolf by shooting during **October 15, 2018 to March 31, 2019**. A person shall only shoot a wolf under this licence using a centre-fire rifle not greater than .225 calibre; or a shotgun using shot size 2 or larger.

Hunters are asked to not shoot wolves that have been marked with radio collars and/or ear tags.

The lower jawbone or complete skull of all harvested wolves must be submitted to a Department of Fisheries and Land Resources or Wildlife Division office by **May 10, 2019**.

## WOLF AND COYOTE-WOLF HYBRID CARCASS COLLECTION PROGRAM

The occurrence of the gray wolf (from Labrador) and wolf-coyote hybrid has been documented by Department of Fisheries and Land Resources on the Island of Newfoundland. To assist with further monitoring of the occurrence and distribution of coyotes, wolves or wolf-coyote hybrids within the province (including Labrador), hunters and trappers are being asked to submit the entire canid carcass to the nearest Department of Fisheries and Land Resources or Wildlife Division office. A \$25 fee will be paid to each hunter or trapper for submitting carcasses. Each carcass will be tagged with a unique registration number that is used to identify where and when the animal was harvested and to assist the Department with further genetic analysis work. Harvesters will be required to provide their full name and address for payment and administrative purposes. For more information please contact your nearest Department of Fisheries and Land Resources or Wildlife Division office.

---

## Migratory Game Birds

The following is a summary of the Migratory Birds Regulations as they apply in Newfoundland and Labrador. Migratory game birds (ducks, geese, snipe) and murrelets are managed by the federal government under the Migratory Birds Convention Act. For complete information on the Migratory Birds Convention Act and Migratory Birds Regulations, contact the Canadian Wildlife Service (CWS) or visit [www.ec.gc.ca/rcom-mbhr](http://www.ec.gc.ca/rcom-mbhr)

### LICENCE REQUIREMENTS

To hunt migratory game birds and murrelets you must possess a valid Migratory Game Bird Hunting Permit.

### AGE REQUIREMENTS

To hunt migratory game birds in Newfoundland and Labrador, you must be 12 years of age or older. Please refer to Youth Hunting and Trapping Licence for more information.

### FIREARMS, AMMUNITION

It is unlawful:

- to hunt migratory game birds using a shotgun that can hold more than three shells in the magazine and chamber combined;

- to hunt migratory game birds with a rifle or shotgun shell loaded with a single bullet;
- to hunt migratory game birds with any shotgun larger than a 10 gauge;
- while hunting migratory game birds, to possess more than one shotgun unless each shotgun in excess of one is unloaded and cased or securely wrapped and tied; and
- to hunt migratory game birds using any shot other than non-toxic shot (except murre).

## AIRCRAFT, VEHICLES, BOATS

### It is unlawful:

- to shoot migratory game birds from any aircraft, sailboat, power boat, aircraft or motorized vehicle, or any vehicle to which a draught animal is attached; and
- to use a boat, aircraft or motor vehicle to disturb migratory game birds in order to drive them toward a hunter. It is permitted to retrieve dead or injured birds by the use of a power boat.

**Decoys:** It is unlawful to use live birds as decoys or to use recorded bird calls when hunting migratory game birds.

**Bag Limits:** Information concerning seasons and bag limits is available at the time of purchase of your Migratory Game Bird Hunting Permit at a Canada Post Outlet or by visiting [www.ec.gc.ca/rcom-mbhr/](http://www.ec.gc.ca/rcom-mbhr/)

**Wounded Birds:** It is unlawful to kill, cripple or wound a migratory game bird without immediately making all reasonable efforts to retrieve it.

## HUNTING HOURS

It is unlawful to hunt migratory game birds earlier than one-half hour before sunrise or later than one-half hour after sunset on any day.

## BAIT RESTRICTIONS

### It is unlawful in this province:

- to deposit bait in any place during the period beginning 14 days before the first day of the open season and ending on the day immediately following the last day of the open season; and
- to hunt migratory game birds within 400 meters of any place where bait has been deposited unless the place has been free of bait for at least seven days.

## POSSESSION AND TRANSPORT

### It is unlawful:

- to possess or transport a migratory game bird unless at least one wing with its feathers remains attached to the bird. The wing and feathers may be removed when the bird is prepared for immediate cooking or after the bird is stored at the owner's residence;
- to ship or transport a package containing migratory birds unless the package or container is clearly marked with the name and address of the shipper, the Migratory Game Bird Hunting Permit number under which the birds were taken, and the exact contents of the package;
- to possess a carcass of a migratory game bird belonging to or taken by another person unless the carcass has attached to it a tag or note that is signed by the holder of the Migratory Game Bird Hunting Permit under which the bird was taken that indicates the name and address of the permit holder, the Migratory Game Bird Hunting Permit number and the date the bird was taken; and
- to possess any shot other than non-toxic shot for the purpose of hunting migratory game birds (this does not apply to murre hunting).

**Egg and Nests:** It is unlawful to take, injure or destroy the eggs or nests of migratory birds at any time.

**Sale of Migratory Game Birds:** It is unlawful to buy or sell any migratory game bird. This includes the buying or selling of murre.

**Provincial Regulations:** While hunting migratory game birds, you must also abide by all provincial hunting regulations.

## WATERFOWLER HERITAGE DAYS (WHD)

Waterfowler Heritage Days provide young hunters who are minors (individuals under 18 years of age) with the opportunity to practice hunting skills, learn about wildlife conservation, and reinforce safety training in a structured, supervised environment. Licensed adult hunters who serve as mentors have the opportunity to pass on their skills and knowledge by offering guidance and advice to younger hunters. The following rules apply:

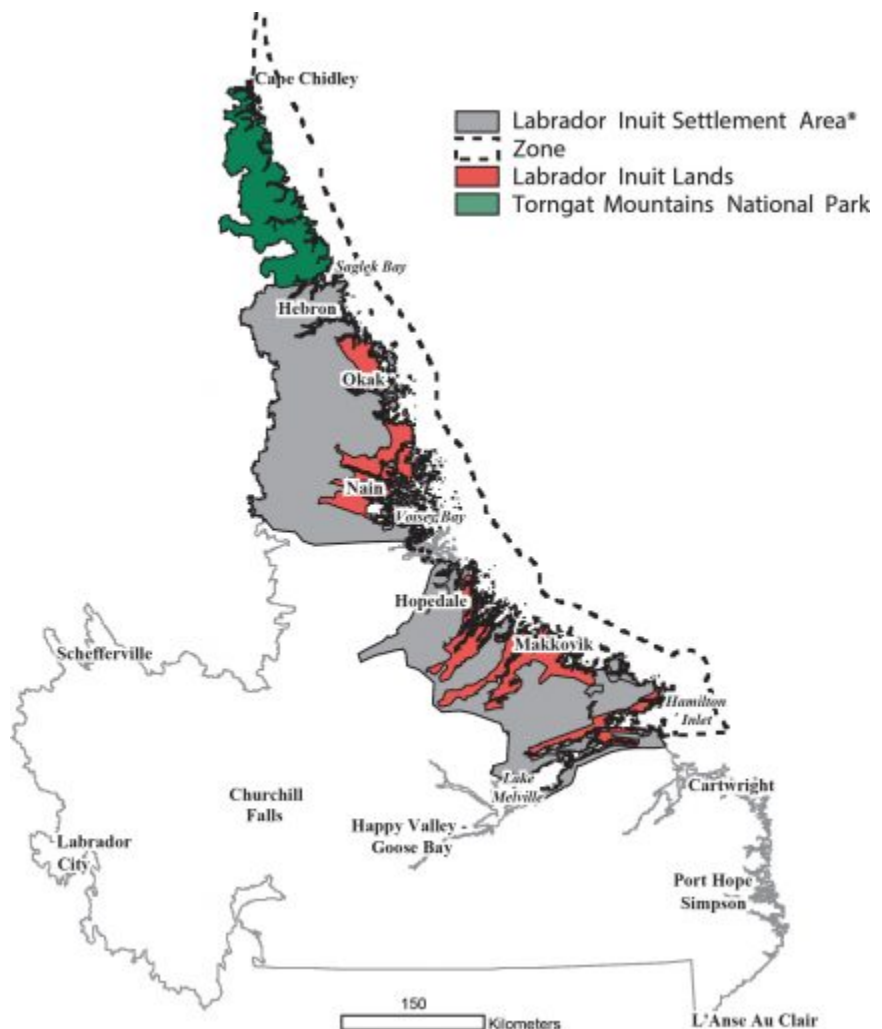

- To participate, young hunters who are minors do not require the federal Migratory Game Bird Hunting Permit;
- Young participants must comply with all existing safety and licensing requirements found in the Firearms Act and provincial hunting regulations;
- Participants must be accompanied by a mentor who is not a minor and who has a Migratory Game Bird Hunting Permit;

- Mentors may not hunt or carry a firearm. In Ontario a mentor may accompany no more than one young hunter. In all of the other provinces a mentor may accompany no more than two young hunters; and
- Waterfowler Heritage Days apply in all provinces of Canada. There are no waterfowl heritage days in any of the Canadian Territories.
- Only young hunters may hunt when Waterfowler Heritage Days fall outside of the regular open seasons.

## Labrador Inuit Land Claims Agreement

“Labrador Inuit Settlement Area” refers to Labrador Inuit Settlement Area outside the Labrador Inuit Lands and the Torngat Mountains National Park.

The Labrador Inuit Land Claims Agreement (Agreement) between the Labrador Inuit Association, the Government of Newfoundland and Labrador, and the Government of Canada came into effect on December 1, 2005. This Agreement establishes two categories of land the Labrador Inuit Settlement Area (Settlement Area) and Labrador Inuit Lands. The Settlement Area consists of 72,520km<sup>2</sup> of land and an adjacent ocean area of 45,690km<sup>2</sup> referred to as the Zone and includes Labrador Inuit Lands and the Torngat Mountains National Park. Labrador Inuit Lands consists of 15,800km<sup>2</sup> of Inuit-owned land.

The Agreement outlines conditions for individuals who hunt, trap and fish within the Settlement Area and for non-beneficiaries to access Labrador Inuit Lands for harvesting purposes. Non-beneficiaries are required to get permission in the form of a permit from the Nunatsiavut Government to pursue any activities inside Labrador Inuit Lands unless your interests are accommodated under the Agreement.

For further information respecting access to Labrador Inuit Lands, please contact the Nunatsiavut Government's Department of Lands and Natural Resources by mail at P.O. Box 909, Station B, Happy Valley-Goose Bay, NL, A0P 1E0, by telephone at 709.896.8582, by fax at 896-2610, or via their website at [www.nunatsiavut.com](http://www.nunatsiavut.com).

For further information on interests accommodated under the Agreement or other changes resulting from the Agreement please contact the Wildlife Division, Department of Fisheries and Land Resources by phone at 896-5107 or by fax at 896-0188. The Agreement, including more detailed maps of the Settlement Area, Labrador Inuit Lands and the Torngat Mountains National Park can be found online at

[http://www.laa.gov.nl.ca/laa/land\\_claims/index.html](http://www.laa.gov.nl.ca/laa/land_claims/index.html)

Bow hunting begins August 25, 2018 for areas opening on September 8, 2018

Bow hunting begins September 22, 2018 for areas opening on October 6, 2018

This table has been updated to reflect total quotas and the allocations available for residents and non-residents in each Moose Management Area for the 2018 hunting season.

### How To Identify a Calf

#### Short face

Calf moose appear to have a small nose and a 'short face'.

#### Seldom alone

Calf moose are seldom alone.

#### Body proportions

Calf moose appear to have more leg than body and their hind quarters appear slender.

#### Shoulder height

Shoulder height of cow moose is six feet (2m) and of calf moose is four feet (1.3m).

### Advisories

Quotas for some Moose Management Areas (MMAs) may change pending aerial census work being carried out during the winter of 2018. Changes will be announced through a Departmental News Release prior to the big game licence draw. News releases are available online at [www.releases.gov.nl.ca](http://www.releases.gov.nl.ca)

Over 75 percent of meat spoilage cases that are reported occur as a result of improper handling or field care by the hunter. A replacement licence will only be issued if an animal is found to be unfit for consumption because of disease or previous injury and the entire carcass has been submitted for disposal. Contact your nearest FLR office for more information.

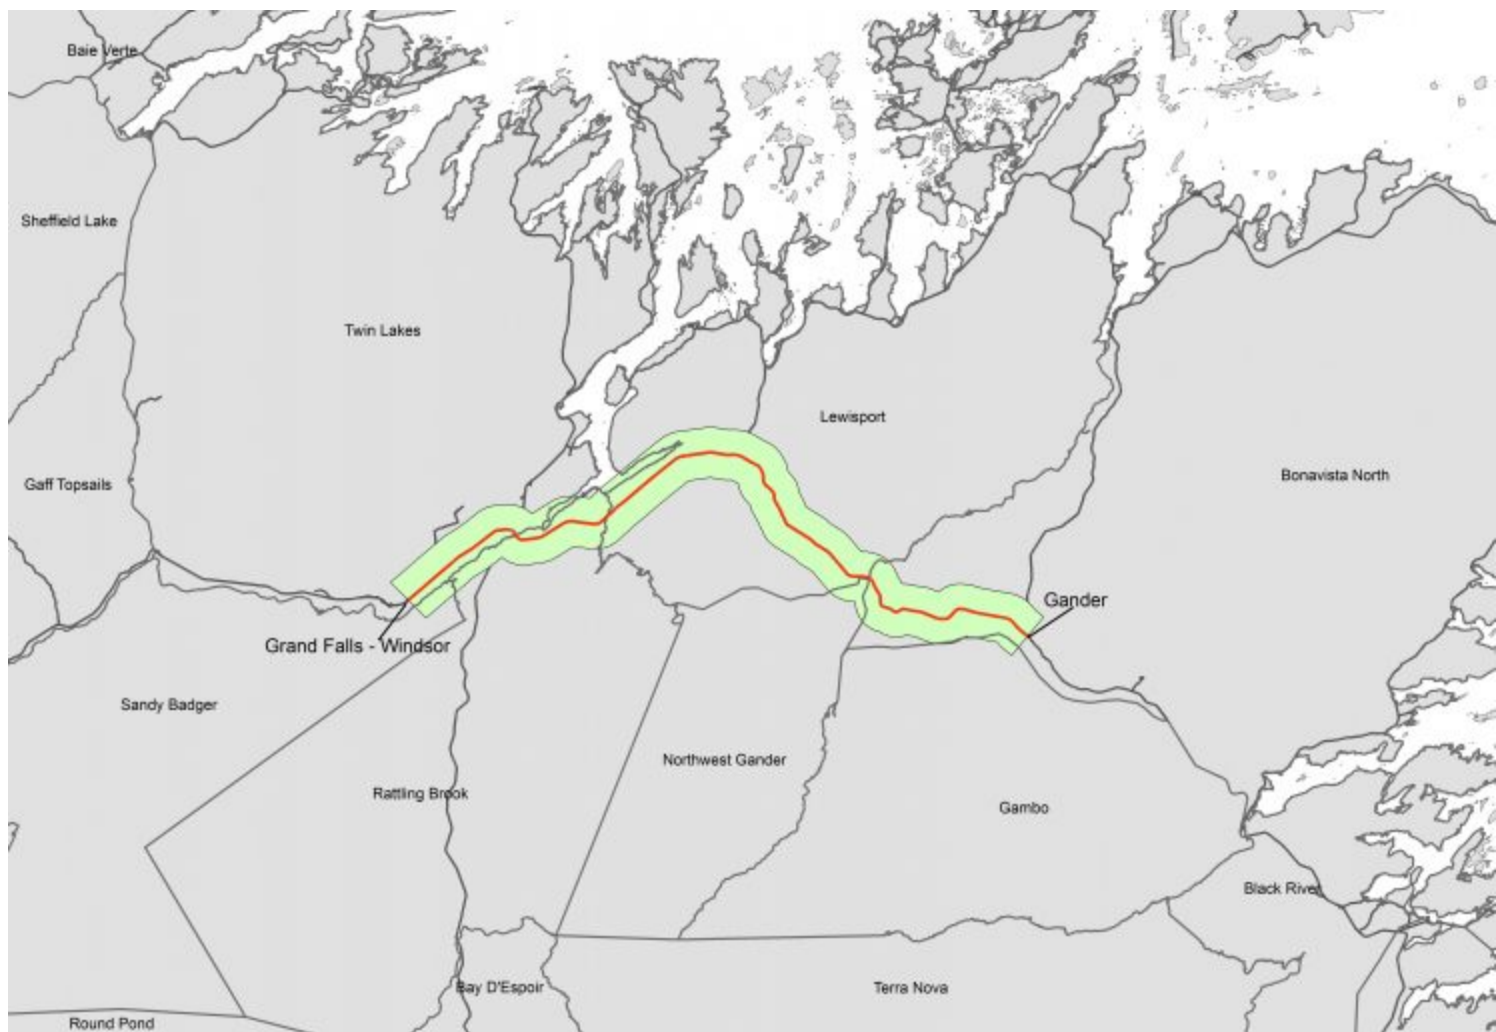

## Moose Reduction Zones

---

The Moose Reduction Zone (MRZ) project was established in 2015 to study the effects of directed moose hunting and adaptive moose management strategies that could potentially address Moose Vehicle Collisions (MVCs) on our highways.

The project has been implemented in two locations; the Avalon MRZ – Moose Management Area 100 and the Central Newfoundland MRZ – Moose Management Area 101. Each MRZ is a unique and separate moose management area (MMA) that is a maximum 6 kilometres wide by approximately 268 km and 98 km long respectively and excludes the actual traveled portion of any roadway or highway. These study areas were selected based on the reported rates of MVC's as determined by the Department of Transportation and Works. A total quota of 800 either sex licences has been allocated for these MRZs that eligible resident big game hunters may apply for as part the 2018 annual big game licence draw; 600 licences are available for the AvalonMRZ and 200 licences for the Central MRZ.

The Avalon MRZ opens September 22, 2018 and closes December 31, 2018 and the Central MRZ opens August 25, 2018 and closes December 31, 2018. Hunters who hold a valid licence for an MMA that overlaps with a portion of an MRZ are permitted to hunt the portion of the MRZ that is within their MMA boundary; including during the pre-season bow hunt. For example, MMA 36 licence holders would still be permitted to hunt with a bow only within the overlap area of the Avalon MRZ (MMA 100) beginning September 22, 2018; rifle hunting for holders of MMA 36 licence would commence on October 6, 2018. Hunters who hold a valid MRZ licence are permitted to use a big game rifle or bow within in the MRZ boundary during the entire season.

Central MRZ (MMA 101)

### Avalon MRZ (MMA 100)

Note: MRZ maps are for general reference purposes only. For further information on maps and boundaries visit [www.flr.gov.nl.ca/wildlife/](http://www.flr.gov.nl.ca/wildlife/) or contact a FLR office nearest you

As a hunter, your cooperation and participation in this project is very important. While this project involves studying the direct effects of using hunting to reduce moose populations in the MRZs, it is also especially important that hunters travelling along any section of highway or roadway in search of moose recognize that existing traffic and hunter safety laws must be observed at all times. Please be safe and hunt responsibly. Hunters who are successful in receiving a licence in a MRZ through the big game draw will also receive additional information with their licence that will outline other essential details concerning moose hunting in the MRZ's and how to report their activities as part of their participation in the project. For more information about sample collection please call 709.637.2025

# Moose Population Reduction in National Parks

---

Parks Canada is seeking the assistance of qualified moose hunters to participate in an ecosystem health program to manage unnaturally high moose populations in Terra Nova and Gros Morne National Parks. The purpose of the program is to allow the forests in these national parks to recover from the damaging effects of moose over browsing.

Ninety (90) licences will be available in Terra Nova National Park and six hundred (600) in Gros Morne National Park. In addition, both parks will make not-for-profit (NFP) licences available to registered NFP organizations.

Licences for both national parks (MMA 28A and MMA 2E) will be issued through the existing provincial draw system. If you are successful in the draw for one of these areas, in addition to your provincial licence and tags, you will receive a separate package containing your Superintendent's permit from Parks Canada together with an area map and additional information. For the purpose of the licencing draw and pool status, these MMAs will be treated the same as all others and standard provincial licencing fees will apply. For more information on NFP licences contact Parks Canada.

Before applying for a national park licence, please note that there are differences between provincial hunting regulations and what is permissible under this ecosystem management program in a national park. For example:

- Moose is the only species permitted for hunting. Hunting licences for other species are not valid in national parks.
- Open fires and tree cutting are prohibited.
- Failure to comply with regulations may result in charges under the *Canada National Parks Act*.

## Terra Nova National Park (MMA 28A)

### WHAT'S NEW FOR 2018-2019?

The season will open on September 8<sup>th</sup>, 2018 and close on January 27<sup>th</sup>, 2019. There will be one hunting area (28A) with two different zones identified within this area. These zones, as well as descriptions of all closed areas, will be identified in hunter information packages, on our website ([www.pc.gc.ca/foresthealth](http://www.pc.gc.ca/foresthealth)), as well as through in-park signage.

- Zone 1: Shared Access Area (allows visitor and hunter access simultaneously) – Opens September 8<sup>th</sup> and includes most areas of the park, excluding fall visitor use areas.

- Zone 2: Shared Access Area (allows visitor and hunter access simultaneously) – Opens October 22<sup>nd</sup> and includes all areas previously closed due to fall visitor use.

All zones will have the same end date – the last Sunday in January (January 27<sup>th</sup>, 2019).

### **Important Information for Hunters in Terra Nova National Park:**

- There may be construction projects ongoing within Terra Nova National Park during the hunting season. Hunting is NOT permitted within construction zones. Construction zones and work areas throughout the Park may change daily. Please pay close attention to posted signs and call 709-533-2801 or visit our website [pc.gc.ca/foresthealth](http://pc.gc.ca/foresthealth) for up-to-date information.
- A 20-metre no hunting roadside buffer will remain in effect along the Trans-Canada Highway and Route 301 (to the community of Terra Nova). A 50-metre buffer will remain in effect alongside Route 310 (Eastport Peninsula).
- The use of motorized watercraft on inland waterways, as well as all-terrain vehicles (ATVs) and snowmobiles within the National Park, is prohibited for any purpose, including carcass retrieval.
- There are few access roads within the National Park. Public highways, community and service roads, and boat accessible coastline generally provide motorized access only to the margins of the MMA.
- In the interest of public safety and to allow for visitor use, NOT ALL areas within the MMA are open to hunting. These areas are indicated on the map for MMA 28A and are also marked by signage in the Park. Moose harvesters are responsible for knowing which areas are closed and must refrain from hunting within these areas.
- Back-country camping is permitted at designated campsites. Moose harvesters are required to register with the Park if they are overnighing in back-country areas. Coordinates of all backcountry campsites will be available in the information package.

## **Gros Morne National Park (MMA 2E)**

### **What's new for 2018-19?**

- There is a single MMA for Gros Morne National Park that will be divided into three hunting zones. Each hunting zone has a different opening date. Your MMA 2E licence and tags are valid in all zones:
  - Zone 1 (opens Saturday, September 22 2018). This zone is limited to backcountry areas greater than 2 km from park highways.
  - Zone 2 (opens Saturday, October 13, 2018). This zone includes the majority of the remainder of the park and is accessible by road.
  - Zone 3 (opens Saturday, November 17, 2018). This zone surrounds the Killdevil Camp and areas adjacent to heavily-used park trails.

- All zones close on the same end date, the last Sunday in January (January 27, 2019).
- There will be several significant construction projects ongoing within Gros Morne National Park during the hunting season. Hunting is NOT permitted within construction zones. Construction zones and work areas throughout the park may change daily. Please pay close attention to posted signs and call 709-458-2417 or visit our website [www.pc.gc.ca/foresthealth](http://www.pc.gc.ca/foresthealth) for up-to-date information.

#### Important Information for Hunters in Gros Morne National Park:

- All-terrain vehicle (ATV) use, including for carcass retrieval, is prohibited.
- There are few access roads within the national park. Public highways, community roads, and boat-accessible coastline generally provide motorized access only to the margins of the MMA.
- Snowmobile use for moose harvesting in Gros Morne National Park will be permitted. Certain restrictions apply; some areas of the park are closed to all snowmobiling for example, and snowmobiling can only occur when there is adequate snow cover.
- Hunters may use motorized/non-motorized boats to access the MMA in accordance with park regulations.
- Hunter information packages that will be mailed before the start of the season will contain more information such as maps and relevant operational details.

For more information:

--------	-----	----	-----	------	-----	-----

- Bow hunting season begins August 25, 2018 in all CMA's, excluding 70 & 72.
- Hunters are advised against harvesting adult male caribou during the peak of the rut, generally the first three weeks of October, due to the possibility of the meat being unpalatable.
- It is unlawful for a person to allow harvested wild game that is suitable for food to be destroyed, wasted or spoiled.
- This table has been updated to reflect total quotas and the allocations available for residents and non-residents in each Caribou Management Area for the 2018 hunting season.

## Spring Seasons 2018: May 1 to July 15

- Bear Management Areas (BMAs) correspond to Moose Management Areas (MMAs) sub-areas do not apply to black bear hunting.
- Licences in BMA 2 are valid in MMAs 2A and 2B. Licences in BMA 5 are valid in MMA 5A.
- Only one licence is required by hunters on the Island of Newfoundland to hunt black bear in both the spring and fall 2018 seasons.
- Bag limits remain at two black bears per licence. Hunters may either harvest two bears in spring, two in fall, or one in each season.
- **Female bears (sows) with cubs may not be harvested.**
- Black bear hunters may apply for additional licences if they wish to harvest more than two black bears.
- The fall bow hunting season on the Island of Newfoundland begins on August 25, 2018. There is no preseason bow hunt for the spring season.
- Licenced black bear hunters may snare black bears using Aldrich foot snares or similar devices (designed to capture and hold bears by the foot) set in a covered “cubby set”. The set must be checked daily and clearly marked with a warning sign indicating that a bear snaring device is set in the cubby.
- Apply for your 2018 Resident Black Bear (Island) licence online by visiting [wildlife.gov.nl.ca](http://wildlife.gov.nl.ca) or you print an application form by clicking [here](#) and mail it with your cheque or money order to the address indicated on the form.

Species	Zone	Shooting Season	Bag Limit
Coyote	Province-wide	September 8, 2018 to July 15, 2019	N/A

Wolf

Province-wide

October 15, 2018 to March  
31, 2019

1

Note: In Labrador, all wolf skulls must be submitted to the Wildlife Division office in Goose Bay no later than **May 10, 2019**. As well, hunters are being asked to submit the entire carcass of a wolf or coyote to the nearest Department of Fisheries and Land Resources or Wildlife Division office. A \$25 fee will be paid to each hunter or trapper for submitting carcasses.

HUNTING & TRAPPING GUIDE

NEWFOUNDLAND AND LABRADOR

## General Information for Trappers

---

### Agreement on International Humane Trapping Standards (AIHTS)

- The AIHTS sets performance standards for traps used in the harvest of eight species of furbearers in Newfoundland and Labrador. All trappers are required to use trap types for certain species that have been regulated for use under the Agreement. A complete list of certified killing traps and restraining traps is available <https://fur.ca/certified-traps/> including those that are applicable for fur species trapped in Newfoundland and Labrador.

### New for 2018-19

- Beginning in the 2018-19 trapping season, trappers will be permitted to retain wolves taken on the Island of Newfoundland on a general trappers licence and during the same period as other canids, November 1, 2018 to February 1, 2019.
- Lynx trapping Zone A will be adjusted from December 1-31 to January 1, 2019- February 1, 2019.
- A two week trapping season will be established for lynx in Zone B on the Island of Newfoundland that begins January 15, 2019 and closes February 1, 2019. All lynx harvested in Zone B will require mandatory skin/pelt registration.

### Trapper Education Course

- All new trappers must complete the Trapper Education Course. For information on courses to be held in your area, contact the Wildlife Division at 709.637.2025 or email [huntertraining@gov.nl.ca](mailto:huntertraining@gov.nl.ca)
- There is no age restriction for participation in the Trapper Education Course; however, minors must provide a consent form and/or be accompanied by a parent/guardian.

- If you complete a trapper education course after August 25, 2018 you are not guaranteed to receive a trapper's licence for the 2018-19 season.
- Only licenced trappers may harvest furbearers, and participate in trapping activities.

## Newfoundland and Labrador Trappers Association (NLTA)

The NLTA welcomes new members and invites existing members to renew their memberships. A one-year membership costs \$25. For further information, contact the NLTA at P.O. Box 74, Norman's Cove, NL, A0B 2T0, by phone at 709.6910268 or by email at [nltrappers@hotmail.com](mailto:nltrappers@hotmail.com)

- The 2018 NLTA Annual General Meeting will be held during August 2018 in Eastport. NLTA for more information visit: [www.nltrappers.com](http://www.nltrappers.com)

## Beaver

- Beaver trapline boundaries and availability information is now available online at the following link: [www.flr.gov.nl.ca/wildlife/](http://www.flr.gov.nl.ca/wildlife/)
- Beaver are managed through a trapline system on the Island of Newfoundland. Only trappers that have been approved to hold a trapline can legally be issued a licence to trap them. If you do not hold a trapline currently and wish to be placed on a priority list should one become vacant, or are interested in holding one of the currently vacant traplines, please submit your request to the Wildlife Division (attention: Beaver Trapline).
- Beaver trappers are required to harvest a minimum of five beavers per season unless justification is presented otherwise. If not carried out, the trapline may be cancelled and assigned to another trapper.
- Should a beaver trapper choose not to harvest beaver on their trapline due to low populations levels, provide this information in writing to the Wildlife Division (attention: Beaver Trapline). Regulations permit the temporary closure of a trapline to allow the population to recover. Unless it can be shown that a trapper was responsible for the population decline, the trapper who held the trapline prior to closure will have first priority once it reopens.
- A harvest of five beaver does not necessarily reflect proper utilization of the trapline. Trappers are advised that an appropriate harvest equates to one beaver per active beaver lodge on their trapline. High beaver densities and increasing problem complaints may result in cancellation of a trapline if sufficient numbers of animals are not harvested.
- Beaver trappers are reminded that each year many complaints are received about damaged property, flooded culverts and roadways and the presence of beavers in water supplies. Nuisance beavers must often be removed in the spring and summer when pelts are not prime. Beaver trappers are asked to focus efforts on these potential problem areas if they are on their trapline.

- Pelt stamping will continue to be delivered through Department of Fisheries and Land Resources offices in an effort to accommodate trappers, particularly those living in remote areas. Regulations require that all beaver be pelted and stamped by fourteen days after the season closes.
- Beaver trappers are responsible for completing and submitting the Beaver Data Information Form enclosed with your licence. Send them to the Wildlife Division (attention: Beaver Trapline).
- It is illegal for registered beaver trappers to accept beavers caught by someone else from a trapline that is not your own. This jeopardizes the management strategy for beavers. General trappers must surrender accidentally caught beavers to the registered trapline owner or a Department of Fisheries and Land Resources office.

## Lynx Skins and Carcasses

- On the Island of Newfoundland, all lynx harvested during an open season must be registered at a Department of Fisheries and Land Resources office. Skins must be stamped by **February 8, 2019**.
- On the Island of Newfoundland, all lynx (pelt and carcass) trapped accidentally during the closed season or in a closed area must be turned into a Department of Fisheries and Land Resources office within seven days of capture.

## Wolves

Labrador trappers are required to submit either the entire skull or lower jawbone of harvested wolves. The information gathered will aid in better understanding the biology of wolves. These can be submitted to your nearest Department of Fisheries and Land Resources or Wildlife Division office. Contact the Wildlife Division office in Happy Valley-Goose Bay for more information. Skulls must be submitted by May 10, 2019.

## Newfoundland Marten

- To avoid conflicts with the threatened Newfoundland marten, best management practices outline the techniques, trap types and areas where trapping can occur by categorizing various trap types permitted in these areas. See Best Practices for Newfoundland Marten for approved methods.
- Marten which are accidentally trapped or snared on the Island must be immediately turned over to the nearest Department of Fisheries and Land Resources office. Information on the date and location of capture, along with the method of capture used, will be requested.

## Application Deadlines

Beaver trapline licence renewals must be received by **October 12, 2018** or your trapline may be forfeited. To ensure your beaver trapping licence is received by the start of the season your application must be received by **August 24, 2018**.

## How Do I Get A Licence?

- Trapper licence renewal applications are mailed automatically to registered trappers only and should be received by mail in early August 2018.
- There is no deadline for receipt of general trapper's or beaver trapline licence applications, but to receive a licence prior to the start of the trapping season applications and payments should be received by **August 24, 2018**. Applications and payments received after that date will be processed as soon as possible. Send them to the Central Cashier's Office, P.O. Box 8700, St. John's, NL, A1B 4J6 (attention: Trapper's Licence Application). Trappers may also renew and pay for their licence online by visiting [www.wildlife.gov.nl.ca](http://www.wildlife.gov.nl.ca).

## Trapping in the Labrador Inuit Settlement Area (LISA)

- The Labrador Inuit Land Claims Agreement specifies that before a non-Inuit resident of Labrador residing outside of LISA can trap in LISA, they must demonstrate that they held a commercial trapping licence on June 25, 2001 and trapped there traditionally. Non-Inuit living inside LISA must have held a commercial trapping licence on December 1, 2005.
- Upon the recommendation of the Torngat Wildlife and Plants Co-management Board, the Department of Fisheries & Land Resources may issue a commercial trapping license to other individuals to trap in the LISA as set out in the Labrador Inuit Land Claims Agreement.

## Online Services

Many of the services provided by the Wildlife Division, such as submitting trapping licence applications and payments, and submitting licence returns, can now be accessed online at [www.wildlife.gov.nl.ca](http://www.wildlife.gov.nl.ca) provided that you have your login identification and password.

## Firearms Regulations for Trappers

- In Labrador, holder's of a general trapper's licence may use firearms to harvest furbearers during the trapping season.
- On the Island of Newfoundland, holders of a general trapper's licence are permitted to use a centre-fire rifle not greater than a .225 caliber or a shotgun using shot size #2 or larger (slugs are not

permitted) to harvest fox, lynx and coyote (included wolf and wolf coyote-hybrids) during the open trapping season for these species.

- Holders of trapper's licence are also permitted to use a .22 rim-fire rifle to dispatch live furbearers caught in traps.
- Trappers can only use firearms if they have completed the Trapper Education Course and the Canadian Firearms Safety and Hunter Education Course, have in their possession an Outdoor Identification Card, and possess a valid General Trapper's Licence. Click [here](#) for more information concerning [Youth Trapping Licences](#).

## Closed Areas

All Provincial and National Parks and listed Ecological Reserves are closed to trapping except as permitted by specific regulation or Land Claims Agreement. See page 43 and 53-56 for additional areas that are closed to trapping. For specific boundary descriptions, contact the Wildlife Division office.

## Fur Sales and Permits

- Fur Export Licences must be acquired by trappers who send furs directly to companies, agents, or buyers outside the province. A Fur Export Permit is also required for each shipment. Licences are available from the Wildlife Division. Permits are available at Department of Fisheries and Land Resources offices.
- Trappers typically sell their pelts at fur auctions. Top and average prices for well prepared, seasoned skins are usually higher when goods are sold by auction as opposed to a fur buyer.

## Fur Buyer Agents

### **Fur Harvesters Auction Inc.**

Newfoundland Agent

Eugene Tiller

12 Walsh's Avenue

Pasadena, NL A0L 1K0

Phone: 686-5000

[etiller@mail.com](mailto:etiller@mail.com)

### **Fur Harvesters Auction Inc.**

Labrador Agent

Jim Shouse

P.O. Box 483, Stn. C

Happy Valley-Goose Bay, NL  
AOP 1C0  
Cell: 632-9171 Phone: 896-2171

#### **North American Fur Auctions**

Newfoundland Agent  
Calvin Cormier  
Box 41, Doyles, NL  
AON 1J0  
Ph: 955-2843

#### **North American Fur Auctions**

Labrador Agent  
Bob Best  
40 Markland Road,  
Box 817 Stn. C  
Happy Valley-Goose Bay, NL  
AOP 1C0  
Phone: 896-5761

#### **Trappers providing furs to auctions/agents should note that:**

- Fur dealers offer cash advances to trappers submitting furs for auction.
- When shipping to North American Fur Auctions or Fur Harvesters Auction Inc. use the addresses as listed above. Some trappers choose to ship their fur direct to the mainland. There is no advantage to this practice since: a) commission rates are the same (11%) whether you ship direct or via a local agent; and b) persons who ship direct must go through the trouble of obtaining an export licence. Therefore, it is more convenient to ship via the local fur auction agents.
- If you choose to ship directly to the mainland to a fur auction or fur buyer, please remember that an export licence is required for each shipment. It is an offense under the Wild Life Act and Regulations to ship furs directly out of the province without an export licence.
- When dealing with auction companies/agents or buyers within the province, trappers need only to maintain their own individual records of furs being processed for auction.

## **Trapping Seasons and Zones**

Species	Season Date
Beaver	October 20, 2018 – April 15, 2019
Muskrat	November 1, 2018 – March 15, 2019
Otter	November 1, 2018 – March 15, 2019
Mink	November 1, 2018 – February 28, 2019
Coyote*	November 1, 2018 – February 1, 2019
Fox, Coloured*	November 1, 2018 – February 1, 2019
Fox, White*	November 1, 2018 – February 1, 2019
Lynx	Zone A- January 1, 2019 – February 1, 2019 Zone B- January 15, 2019 – February 1, 2019
Wolf	November 1, 2018 – February 1, 2019
Ermine	November 1, 2018 – February 28, 2019
Squirrel	November 1, 2018 – February 28, 2019

\*Trappers who hold a valid trapping licence may also shoot lynx, fox and coyote using rifles up to .225 calibre during the trapping seasons for these species.

## **LYNX ZONE A: NORTHERN REGION**

All that area of the Island of Newfoundland bounded by a line beginning at the intersection of the Burgeo highway with the southern coastline of Newfoundland; then following said coastline in a generally westerly direction to Cape Ray; then following the coastline in a generally northwesterly, then northeasterly direction to Cape Onion; then following the coastline in a generally southwesterly direction to the confluence of Hampden River with White Bay; then following the northeastern coastline of Newfoundland in a generally northeasterly, then easterly, then southeasterly direction to Adeytown; then following a straight line in a generally southwesterly direction to a point at 48° 2' 40" North latitude and 54° 57' 18" West longitude; then following a straight line in a generally southeasterly direction to the northernmost point of Long Harbour; then following the western shoreline of Long Harbour in a generally southwesterly direction to its intersection with the Newfoundland coastline; then following said coastline in a generally westerly direction to the point of commencement; including all external islands except Belle Island, Brunette Island, Bird Island, and Duck Island.

## **LYNX ZONE B: SOUTHERN REGION**

All that area of the Island of Newfoundland bounded by a line beginning at the intersection of the Burgeo Highway and the south bank of Llyods River; Then following a straight line in an easterly direction to the southern extremity of Mollyguaheck Lake where a small stream enters the lake; Then following the southern shoreline of Mollyguaheck Lake to Terra Nova River; Then following the southern bank of the Terra Nova River to Terra Nova Lake; Then following the southern shoreline of Terra Nova Lake to its eastern most extremity where it Terra Nova River; Then following the southern bank of the Terra Nova River to its outflow located at Glovertown South; Then following the coastline of insular Newfoundland including all offshore islands and excluding all areas within National Park jurisdiction in southerly direction to the northern extent of the intersection of the coastline of Insular Newfoundland and the causeway to Grandy Island; Then following the Burgeo Highway in a northerly direction to the point of commencement.

**Labrador North Fur Zone:** All that area of Labrador, including offshore islands, lying north of a line commencing at a point on the coast at 54 degrees north latitude, then west along 54 degrees north latitude to its intersection with 62 degrees west longitude, then north along 62 degrees west longitude to 55 degrees north latitude and then west along 55 degrees north latitude to its intersection with the Labrador – Quebec border.

**Labrador South Fur Zone:** All the remainder of Labrador not described in the Labrador North Fur Zone.

**Labrador Inuit Settlement Area:** Non-beneficiaries of the Labrador Inuit Land Claims Agreement are required to get permission from the Nunatsiavut Government to access Labrador Inuit Lands.

HUNTING & TRAPPING GUIDE

NEWFOUNDLAND AND LABRADOR

## Agreement on International Humane Trapping Standards

---

Humane trapping is every trapper's responsibility. It ensures that the taking of furbearers is conducted with the least amount of stress to the target animal. All trappers have an ethical and legal responsibility to select the most humane and efficient method possible to capture furbearers.

Newfoundland and Labrador has had regulated humane trapping standards since 1985. Requirements for locking neck snares, prohibition against the use of serrated or tooth-edged traps, and drowner set requirements for aquatic species are just a few examples of humane trap standards. However, to ensure that our wild-caught furs could continue to be sold on the European markets, Canada, along with Russia

and the European Union (EU) signed the Agreement on International Humane Trapping Standards (AIHTS). The Agreement sets performance standards for traps used in the harvest and control of 19 furbearer species. Eight (8) of these species exist in our province. These species are beaver, ermine (weasel), coyote, lynx, marten, muskrat, otter, and wolf. The Agreement does not apply to mink, fox or squirrel.

**AIHTS Advisories**

- Leghold restraining traps include the modified versions (padded, laminated or offset) and the conventional steel-jawed leghold traps. The use of all unmodified leghold restraining traps is prohibited on land except for taking fox. Modified traps may continue to be used on land for taking wolf and coyote, however only certified and approved leghold restraining traps may be used for lynx as outlined in Table 1. When setting a drowner set for aquatic species, modified or conventional steel-jawed traps are permitted (see Table 3).
- There are no changes associated with neck snares.
- Killing traps are generally referred to as the conibear body-gripping trap. In Newfoundland and Labrador, only killing traps that meet AIHTS requirements and are certified are permitted for trapping beaver, muskrat, otter, weasel and marten (see Table 1). Sufficient numbers of killing traps have not yet been certified for wolf or coyote. Until then, trappers may continue to use traps currently permitted by provincial legislation for those species.
- Trappers should note that some traps, while not yet required in legislation, have already been certified by species and should consider this when purchasing new traps (see Tables 2a and 2b).

## Phase 2. Year Of Implementation To Be Determined

Although the traps listed in Phase 2 are certified for the following species and trap categories, the year of entry into force of the obligation to use only AIHTS Certified traps has not yet been determined. This date, which could vary from one species to another, will be known at least 3 years in advance. Until then, traps that are currently legally permitted can still be used.

**Table 2a: Restraining traps certified, mandatory effective fall 2020**

	-Oneida Victor #1.5 Soft Catch equipped with 4 coil spring	
	-Oneida Victor 1.75 equipped with 3/16-inch offset, double rounded steel jaw laminations (3/16-inch on top side of jaw and ¼-inch on underside of jaws), with a 4 coil springs	-Bridger #3 equipped with 5/16-inch offset, double rounded steel jaw laminations (3/16-inch on topside of jaw and ¼-inch on underside of jaws), with 4 coil springs and an anchoring swivel centre mounted on a base plate.
	-Oneida Victor #3 Soft Catch equipped with 2 coil spring	
	-Oneida Victor #3 Soft Catch equipped with 4 coil springs	-MB 550 Rubber Jaws equipped with 4 coil springs

**Phase 3: Year of Implementation to be determined – Cage and box traps yet to be regulated for live trapping.**

As it pertains to the AIHTS, there is no live capture cage or box trap certified to date. This means that until a list of certified cage or box traps are made available, trappers may continue to use those cage or box traps as per existing provincial legislation.

**Table 3: Summary of trap requirements by species – Newfoundland and Labrador.**

Species	Killing Traps (Conibear Types)  AIHTS in Effect (Yes or No)	Conventional Steel Jawed Leg- hold Restraining Trap	Modified Leg- hold Traps	Suspended Snare
Beaver	YES	Drowning Set Only	Drowning Set Only	Allowed
Coyote	NO	Prohibited	*Allowed	Allowed
Fox (ALL)	NO	Allowed	Allowed	Allowed
Lynx	YES	Prohibited	Certified traps only	Allowed
Marten (Labrador)	YES	Prohibited	Prohibited	Not Applicable
Mink	NO	Drowning set only	Drowning set only	Not Applicable
Muskrat	Yes	Drowning set only	Drowning set only	Not Applicable
Otter	Yes	Drowning set only	Drowning set only	Allowed
Red Squirrel	NO	Prohibited	Prohibited	Allowed
Wolf	NO	Prohibited	*Allowed	Allowed
Weasel	Yes	Prohibited	Prohibited	Not Applicable

\* Certified trap models are given exclusive identification letters that manufacturers will have to mark on traps they manufacture after 2007. Trappers may still legally use these same trap models after the implementation of the AIHTS, regardless of whether or not they bear this mark. For example, new Woodstream Oneida Victor Conibear 330's will have a certification number on the trap. However, trappers may continue to use the same trap model whether or not it has this number.

# Best Management Practices for Newfoundland Marten

The threatened Newfoundland Marten may be impacted by non-targeted mortality caused by legal trapping of furbearing species. Best management practices are designed to allow trapping techniques which minimize impact on marten, particularly in areas where marten populations are most prevalent or recovery efforts have the greatest potential.

## Category One Areas

In Category One areas, traps must be set in such a manner as to avoid the capture of non-target species, specifically the Newfoundland Marten. This applies to the Pine Marten Study Area, Main River Study Area, Little Grand Lake Wildlife Reserve (LGL) and the Glover Island Public Reserve. The LGL Provisional Ecological Reserve is closed to all trapping except for beaver.

Prohibited Traps in this category would include:

- All land-based traps (including leg hold and conibear sets or dry land).
- All land-based locking neck snares (fox/lynx/coyote).

Note: Category One areas are closed to all small game snaring (including LGL Provisional Ecological Reserve).

Table 1: Permitted Traps in Category One Areas

Trap Type and Target Species	Regulated Setting Requirements
------------------------------	--------------------------------

Beaver Conibear	Trap jaws shall remain completely submerged requiring target species to dive.
Beaver Submarine Cage	Cage shall be completely submerged.
Beaver Snare Pole	Snares shall be completely submerged.
Ermine (weasel) or Squirrel Rat Trap	Victor Rat Trap, whether baited or not, shall be completely enclosed inside a wooden box with a 1.5" hole at one end.
Fox or Coyote or Lynx Restraining Neck Snare	<p>Wire shall be 3/32" or greater.</p> <p>A 360 degree swivel is required at the attachment point.</p> <p>The stop on the loop shall be fastened so that the loop will close to a minimum 8" circumference.</p> <p>The snare shall be fastened to an immovable object, no drags.</p> <p>The snare may be set with or without the use of bait.</p> <p>This is a live capture device and requires a 24 hour trap check.</p>
Mink Conibear	Floating Mink Box – Trap shall be set in the entrance of a floating wooden box, whether or not the trap is baited, and the entrance to the box shall be completely submerged.
Otter or Mink or Muskrat Conibear	Trap jaws shall be completely submerged requiring target species to dive.
Otter or Mink or Muskrat Submarine Cage	The cage shall be completely submerged.

Beaver or Otter or Muskrat or Mink Slide-lock Drowner	<p>The trap shall be a foothold type with a slide lock attached.</p> <p>The trap shall be placed at least five feet from the shoreline or on a semi-submerged log with no land-based access.</p> <p>The water shall be sufficiently deep so as to ensure drowning.</p> <p>The trap may be set with or without the use of bait.</p>
Squirrel Pole	<p>Snares shall use 16 pound test snare wire attached to a horizontal or leaning pole, snares 3/4"-1" above the pole and having a 1.5" - 1.75" diameter loop. No bait shall be used.</p>

## Category Two Areas

Snares/traps found in this category acknowledge the potential for accidental harvest but mitigate for marten mortality. This applies to the Red Indian Lake, Northwest Grand Lake, Terra Nova and Charlottetown Enclave modified snaring and trapping areas (MSTA). Additional Category Two areas may be considered by the Department of Fisheries & Land Resources in the future to help facilitate marten recovery.

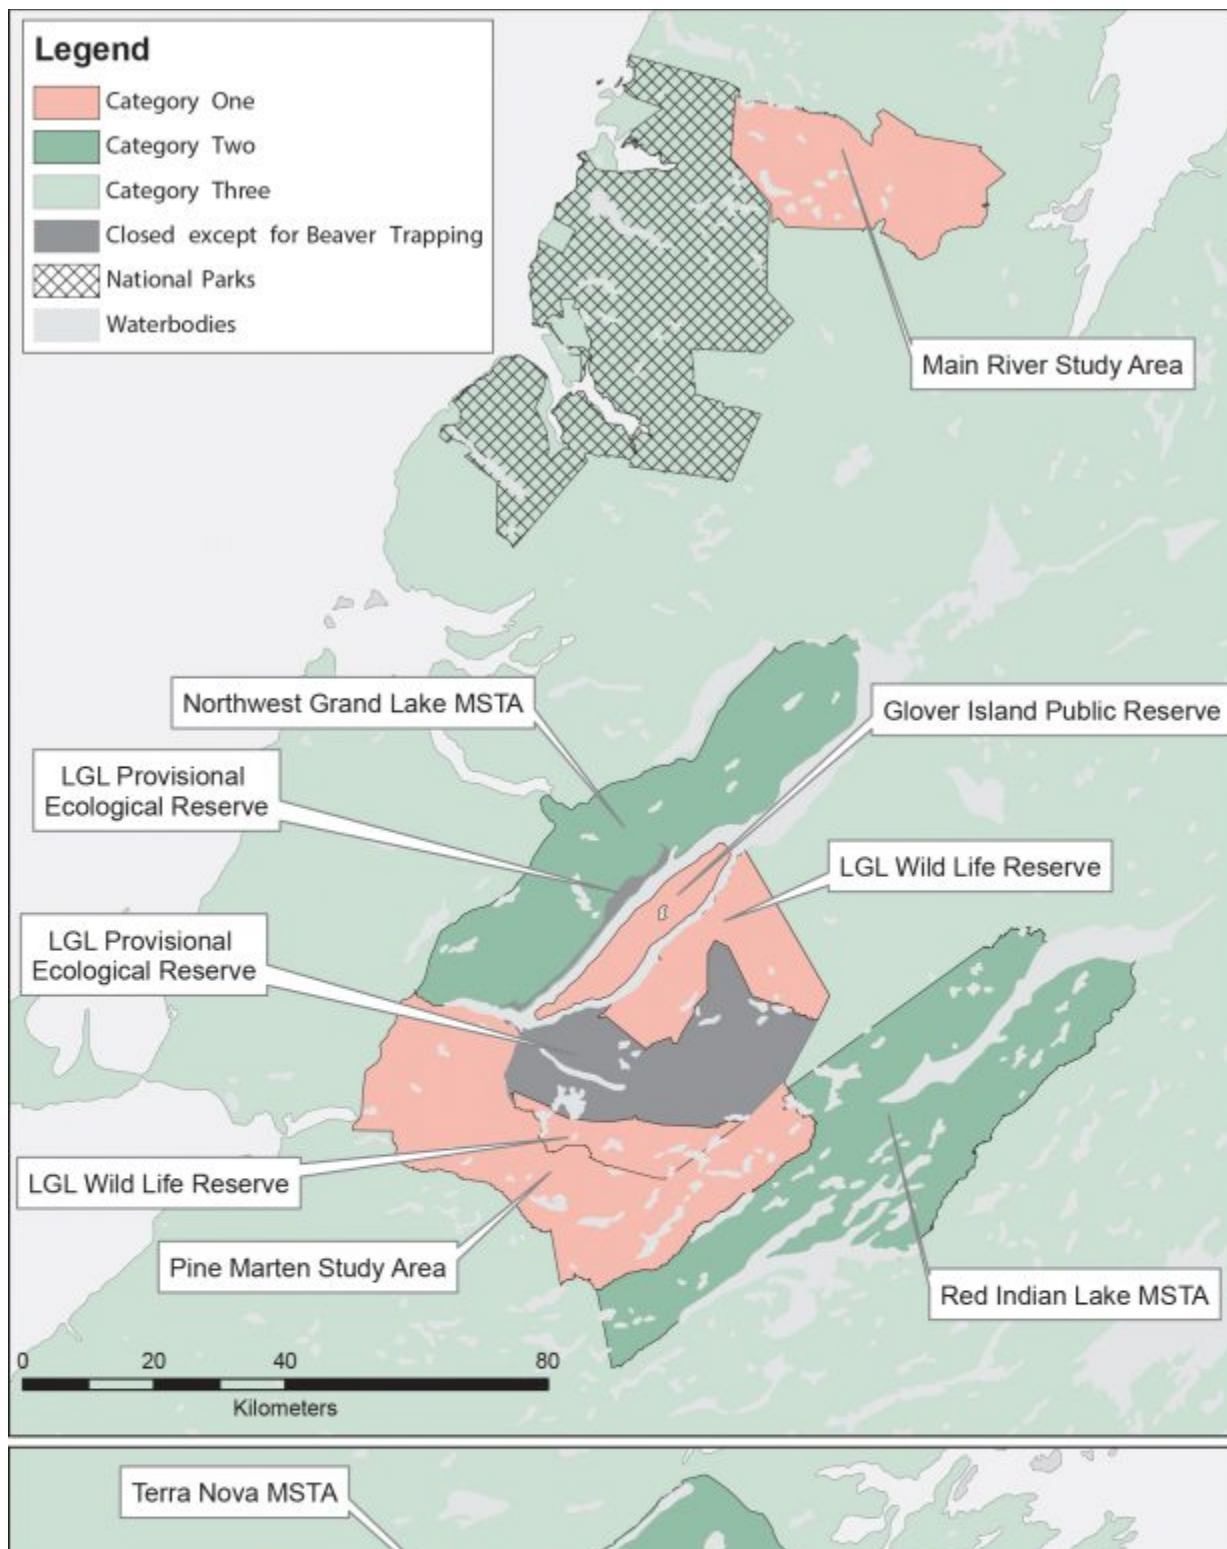

**Prohibited Traps in this category would include:** All land-based traps.

**Table 2: Permitted Traps in Category Two Areas**

Trap Type and Target Species	Regulated Setting Requirements
All those listed in Table 1	All corresponding regulated setting requirements in Table 1
Fox, Coyote or Lynx Killing Neck Snare	The snare shall be equipped with lock. The snare can be baited or not.

## Category Three Areas

Category Three allows the use of all legal snaring/trapping devices, including those listed under Categories One and Two, but also all other legal traps. Category Three areas would reflect all other landbases not covered under Category One or Two.

Trapping Management Areas

## Trapping Practices to Avoid Non-target Species

Responsible and humane harvest of furbearers is a primary objective for all trapping activities and is guided by legislation and standards of conduct that have been developed over time with input of trappers and wildlife managers. Whether your trapping pursuits involve setting snares for fox, coyote, wolf or lynx, using body grippers for mink or marten (Labrador) or using water sets for aquatic furbearers, choosing the appropriate location for your set is an important consideration to help avoid capturing animals that are not legal to trap. Similar to Best Management Practices for Newfoundland Marten (page 43-44) there are also a number of trap designs and/or adaptations to existing gear that trappers can use generally to avoid accidental and sometimes lethal capture of non-target animals.

Break-away devices such as “S” or “J” hooks placed on fox, coyote, lynx or wolf snares is an easy adaptation that trappers who build their own snares can use to potentially reduce capture of wildlife such as moose, caribou and black bears or free ranging livestock. This is achieved by adding a “J” hook to the base of a slide-lock or “S” hook to a cam type lock or by adding a breakaway release ferrule (BAW) to the end of snare. The S, J hook or BAW ferrule retains enough strength to capture the intended animal but the

strength of larger animals will break the hook or breakaway ferrule and allow them to escape relatively unharmed.

Purchasing snares constructed in this fashion from trapping suppliers is widely available. Adding a stop to the snare so that it is still effective for capturing furbearers but allows a moose or caribou's leg to slip through is also beneficial.

There is some variability in the cost and effectiveness of break-away devices that trappers will need to consider, particularly for larger furbearers such as wolves. The end result, however, is that these devices can make a difference towards protecting wildlife or livestock that are not meant to be captured in the first place. Learn more about their use

by contacting trapping supply retailers, the Newfoundland and Labrador Trappers Association or the Wildlife Division.

“Contained” body gripper traps are very effective and, in certain circumstances, can be used to avoid non-target animals. For example, body grippers set inside baited floating wooden boxes (mink box) work very well for capturing mink over water and reduce the risk of trapping species such as the Newfoundland Marten. Body gripper traps set inside a floating mink box also make it very difficult for domestic animals to get into. Where there are no concerns for Newfoundland Marten, mink boxes set on land that have a cover with a 2 ½ inch hole also become quite effective for reducing captures of other non-target animals.

Mink Box with cover

## Closed Areas

---

Hunting is prohibited in Salmonier Nature Park, Pippy Park and Provincial Parks throughout the province. Hunting is prohibited in National Parks, except as permitted by specific regulations or Land Claims Agreement. Hunting is prohibited in Migratory Bird Sanctuaries and Seabird Ecological Reserves with the exception of Lawn Islands Archipelago Provisional Ecological Reserve (migratory game bird hunting only). Unless otherwise indicated, all big game hunting on the Island of Newfoundland and all moose hunting in Labrador is prohibited on offshore islands.

### Special Notice

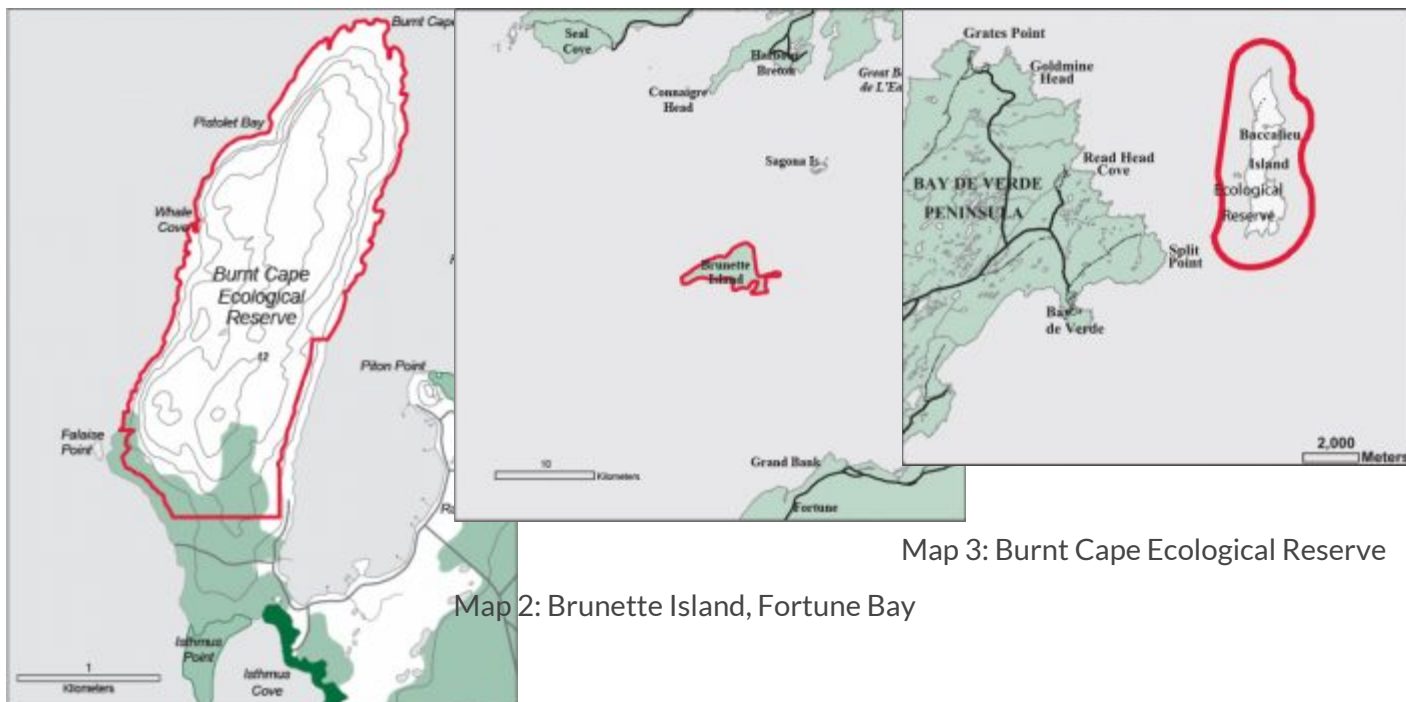

There are special conditions for the T’Railway Provincial Park; Hunting and trapping are both prohibited inside the boundary of T’Railway Provincial Park (this is generally defined as 25 feet from each side of the centerline of the rail-bed in most areas). Hunters and trappers may transport firearms under the authority of a valid hunting licence along the T’Railway Provincial Park, however, it is unlawful to discharge a firearm or set traps inside the Park boundary. Please contact Provincial Parks for more information (Tel) 709.637.2040 or [parksinfo@gov.nl.ca](mailto:parksinfo@gov.nl.ca) or visit <http://www.tcii.gov.nl.ca/parks/>

There are some Ecological and Wilderness Reserves which do not have prohibitions on hunting. These include Watts Point Ecological Reserve, Table Point Ecological Reserve, Redfir Lake-Kapitagas Channel Ecological Reserve, West Brook Ecological Reserve, Little Grand Lake Provisional Ecological Reserve, Bay du Nord Wilderness Reserve and the Avalon Wilderness Reserve. A person who holds a valid big game licence for a moose, caribou or black bear management area that is inside a Wilderness Reserve does not require a Wilderness Reserve Entry Permit. Within Mistaken Point Ecological Reserve, a permit is required to access the Fossil Protection Zone. For more information, contact the Natural Areas Program at (Tel) 709.637.2081 or [naturalareas@gov.nl.ca](mailto:naturalareas@gov.nl.ca) or visit [www.flr.gov.nl.ca/natural\\_areas](http://www.flr.gov.nl.ca/natural_areas).

The following areas are also subject to hunting, shooting, snaring and/or trapping prohibitions (see maps for further details):

- Baccalieu Island Ecological Reserve (Map 1)
- Brunette Island, Fortune Bay (Map 2)
- Burnt Cape Ecological Reserve (Map 3)

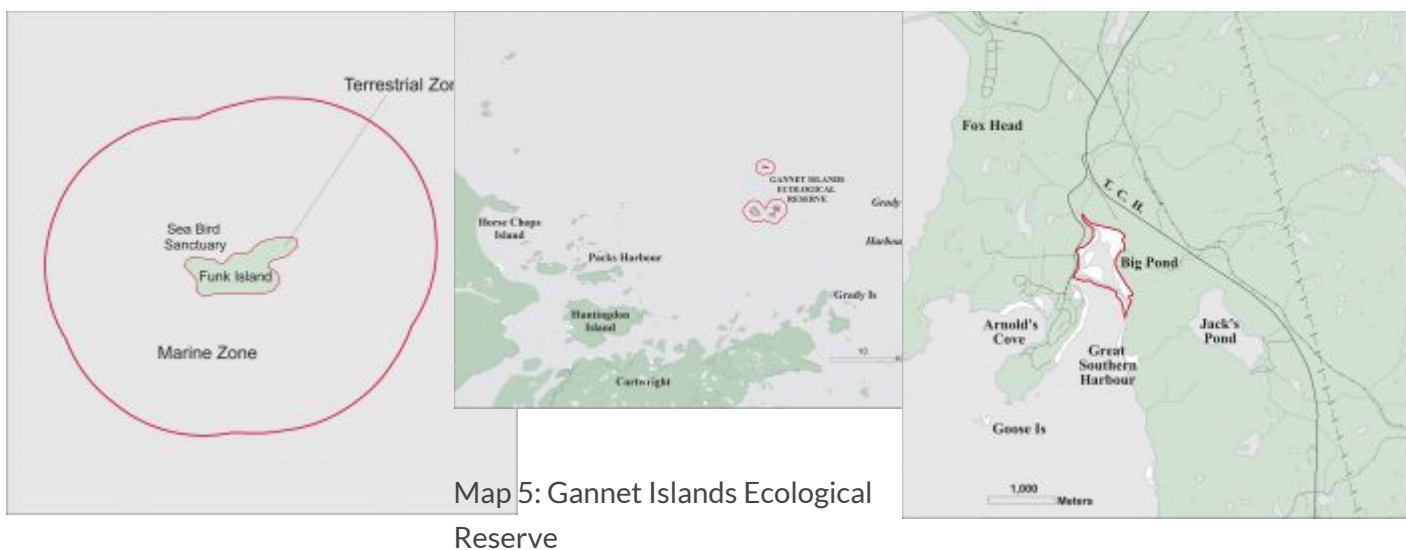

- Cape St. Mary's Ecological Reserve (Map 10)

## Penalties for Wildlife Offences

---

### Penalties for Offences Involving Moose or Caribou

The minimum penalties upon conviction for an offence relating to moose or caribou are:

- a. for a first offence, a fine of \$1,000 or imprisonment for not less than one month and the court shall make an order prohibiting the person from holding a moose or caribou licence for a period of five years;
- b. for a second offence within five years, a fine of \$3,000 and imprisonment for not less than one month and the court may, depending upon the circumstances, permanently prohibit the person from holding a moose or caribou licence;
- c. wildlife, firearms, and in some cases, vehicles, may be forfeited.

Please read the Regulation Summaries for Big Game in Hunting and Trapping Guide carefully. If you are not sure that your planned hunting methods are legal, contact a Department of Fisheries and Land Resources office. A mistake could cost you \$1,000 and five years' hunting privileges.

## Penalties for Offences Involving Inland Fish

A person who contravenes a provision of or a requirement or obligation imposed upon him or her under the Wild Life Act; contravenes an order made under the Wild Life Act; or fails to observe or fulfil a condition attached to a licence or permit issued to him or her under the Wild Life Act that relates to fish is guilty of an offence and is liable on summary conviction to a fine of not more than \$5,000 or to imprisonment for a term of not more than six months or to both the fine and imprisonment.

## Penalties for Offences Involving Threatened and Endangered Species

Under the Endangered Species Act, a person who disturbs, harasses, injures, or kills an individual of a species designated as threatened, endangered, or extirpated; or a person who captures, possesses, buys, sells or trades a specimen of a species designated as threatened, endangered or extirpated or part of it and anything derived from it; or a person who disturbs the residence of an individual of a species designated as threatened, endangered or extirpated is liable:

- a. for the first conviction, to a fine not less than \$1,000 and not more than \$50,000, or to imprisonment for a term of not more than three months, or to both;
- b. for a second conviction, to a fine of not less than \$2,000 and not more than \$100,000, or to imprisonment for a term of not more than six months, or to both;
- c. for a third and subsequent conviction, to a fine of not less than \$4,000 and not more than \$200,000, or to imprisonment for a term of not more than 12 months, or to both.

Where a corporation is convicted of an offence, the corporation is liable:

- a. for the first conviction, to a fine not less than \$2,000 and not more than \$100,000;
- b. for a second conviction, to a fine not less than \$4,000 and not more than \$200,000; and
- c. for a third and subsequent conviction, to a fine of not less than \$8,000 and not more than \$400,000.

## Hunting in National Parks and National Historic Sites

It is illegal to hunt, traffic in, or possess wildlife taken in Gros Morne National Park, Terra Nova National Park and Torngat Mountains National Park or in the National Historic Sites of L'Anse aux Meadows, Port au Choix, Cape Spear, Castle Hill, and Signal Hill in Newfoundland and Labrador, except as permitted by specific regulation or Land Claims Agreements. Beneficiaries of the Labrador Inuit Land Claims Agreement and the Nunavik Inuit Land Claims Agreement have the right to harvest in the Torngat Mountains National Park subject to the terms of these Agreements.

Persons convicted of hunting may face severe fines, prison sentences, a criminal record and/or other sanctions. For information on National Park and National Historic Sites regulations please contact Parks Canada.

To report emergencies and National Park violations on Parks Canada's lands in Newfoundland and Labrador call 1-877-852-3100.

## Penalties for Offences Involving Migratory Game Birds

Penalties for offences under the Migratory Birds Convention Act state that every person or vessel that contravenes any regulation is liable:

- a. on conviction on indictment, to a fine of not more than \$1,000,000 or to imprisonment for a term of not more than three years, or to both; and
- b. on summary conviction, to a fine of not more than \$300,000 or to imprisonment for a term of not more than six months, or to both.

Please contact the Canadian Wildlife Service for more information or to report illegal activity related to endangered species or migratory birds.

## Youth Hunter Skills Workshops

The Department of Fisheries and Land Resources, Wildlife Division partners with local Rod and Gun Clubs to offer hunting skills workshops and events for youth age 12 to 17. These events provide youth with the opportunity to enhance their knowledge and skills in a safe environment with qualified instructors and volunteers. Youth participants must be accompanied by a parent or guardian.

Events are tentatively planned for the summer of 2018 and we want you to get involved! Stay tuned to local media for details, or you can contact your local Rod and Gun Club or the Wildlife Division at 637-2006 or visit our website at [www.flr.gov.nl.ca/wildlife/](http://www.flr.gov.nl.ca/wildlife/)

## Becoming an Outdoors-Woman (BOW)

Are you interested in gaining confidence in outdoor pursuits and getting more in tune with our natural environment? The goal of the BOW program is to provide women (aged 18 and over) the opportunity to learn skills that will encourage them to participate in outdoor recreational pursuits. Participants learn and improve their outdoor skills with the guidance of experienced and enthusiastic instructors in a non-threatening, comfortable atmosphere. All classes are at an introductory level and all equipment is provided. For more information contact the BOW Coordinator at 229-7888 or visit our website at: [www.flr.gov.nl.ca/wildlife/](http://www.flr.gov.nl.ca/wildlife/)

## Atlantic Province's Youth Hunting and Fishing Exchange Program

The Atlantic Province's Youth Hunting and Fishing Exchange Program is endorsed by the governments of New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland and Labrador and is supported by various participating sponsors with an interest in wildlife. Government and non-government agencies responsible for managing wildlife and habitat depend on the support of hunters and anglers.

The Youth Hunting and Fishing Exchange Program embraces the heritage and culture of hunting and fishing in Atlantic Canada and encourages our youth to become involved in conservation in our communities. Through their participation in programs like the Canada Firearms Safety/Hunter Education Course or Youth Hunter or Trapper Skills Workshops youth age 12 to 17 can also win an opportunity to experience other cultures and lifestyles involving hunting and fishing in our neighboring provinces.

## Congratulations to the 2017 Youth Exchange winners

- Nicole Spence (Dad Steven) from Nova Scotia
- Leo Strickland (Dad Jimmie) from Port aux Basques, NL

On August 21st-24th, 2017, Nicole and Steve Spence arrived in Deer Lake and travelled to Main Brook for three days of Atlantic salmon and brook trout fishing at the Tuckamore Lodge with Barb Genge, then visited the Upper Humber Rod and Gun Association range for an afternoon of shooting.

November 3rd-6th, Leo and Jimmie Strickland flew to Halifax then traveled to Caledonia, Nova Scotia for a weekend of black bear and whitetail deer hunting with Bradford Crouse of Bear FACTS Outfitters.

## Thanks to our 2017 Sponsors

Barb Genge and Tuckamore Lodge, Bradford Crouse and Bear FACTS Outfitters, Newfoundland and Labrador Outfitters Association, Newfoundland and Labrador Trappers Association, Upper Humber Rod and Gun Association, Newfoundland and Labrador Conservation Officers Association and the Newfoundland Sportsman Magazine.

Major sponsors/supporters for the 2016 Exchange included; Newfoundland and Labrador Conservation Officers Association, Upper Humber Rod and Gun Association, Barnes Sporting Goods, Universal Helicopters Limited, Department of Fisheries and Land Resources, and PEI Department of Communities, Lands and Environment.

The 2017 Atlantic Province's Youth Hunting and Fishing Exchange Program will involve Newfoundland and Labrador and Nova Scotia.

- Open to all residents of Newfoundland and Labrador between the ages of 12 and 17 who have completed the Firearms Safety/Hunter

Education Course or other sponsored events (i.e. hunter awareness workshops) between July 2016 and June 2017.

- The winner must be accompanied by a parent or guardian who is lawfully entitled to possess and use firearms and is lawfully qualified to hunt.

- The winner will be drawn in July 2017 and must be able to confirm their participation within 14 days of being notified as the winner.

Otherwise, a second draw will occur and a new winner will be selected.
