Message from the Minister of Fisheries, Forestry and Agriculture

As Minister of Fisheries, Forestry and Agriculture, I am pleased to introduce the first edition of the Newfoundland and Labrador Map Book as a fully digital download. This version was generated using digital technology and can be continuously updated over time. It has been produced using shared data from various provincial and federal government departments.

I would like to thank the employees of the GIS and Mapping Division for this great digital product and for the dedication they have shown in the continuous mapping of the province. These maps are freely available to the public and are a valuable resource for anyone working in, or enjoying, the great outdoors in Newfoundland and Labrador.

Hon. Derrick Bragg
Minister, Fisheries, Forestry and Agriculture

Table of Contents

Labrador Maps 001-116

Newfoundland Maps 115-169

Gazette of Community Place Names 170- 178

Credits and Acknowledgements

Map Compilation, Project Design and Management:
Surveys and Mapping Services Staff, GIS and Mapping
Division

Data Contributors:

- Department of GIS and Mapping; Surveys and Mapping Services
- Natural Resources Canada,
- Department of Transportation and Infrastructure,
- Department of Fisheries, Forestry and Agriculture; Forest Engineering and Industry Services,
- Department of Tourism, Culture, Arts and Recreation; Parks Division
- Fisheries and Oceans Canada
- Department of Environment and Wildlife
- Department of Municipal and Provincial Affairs
- Geographical Names Board of Canada
- Open Street Map Foundation

Covers and Graphic Contributions:

- Communication and Public Engagement Branch; Marketing and Brand Management Division

Data source information

The basic features on the maps including: **Land, Tree Cover, Wetlands and Shore & Natural-Features** were derived from the National Topographic Series (NTS) of maps. These NTS maps were originally published by the federal government as paper maps. In the early 1990s, the maps were converted into layered computer data in GIS formats through provincial/federal cost shared projects.

Most of the map **Names** were captured in GIS format to match the density and style of names on the original NTS maps. A gazetteer of the community place names is printed on the last pages of the book. This data was provided by the Geographical Names Board of Canada. Details on all official names and computer name search tools may be found through the “GNBC” link at <https://www.gov.nl.ca/ffa/lands/maps/geographical/>

The **Contour Lines** were provided by Natural Resources Canada, Open Government Portal. Information the Elevation Data can be found here: <https://open.canada.ca/data/en/dataset/64aad38d-f692-4ab6-bf2c-f938586c1249>

The **Roads** on these maps are the product of collaborative work between Department of Transportation and Infrastructure and Open Street Maps.

Resource Roads were obtained from Forest Engineering and Industry Services, Government of Newfoundland and Labrador.

The **Ferry Routes and Airports** were provided by the Department of Transportation and Infrastructure, Government of Newfoundland and Labrador.

The **Municipal Boundaries** were derived from the public facing Land Use Atlas, supplied by the Department of Municipal and Provincial Affairs.

The **Built Up** areas were derived from the road network provided by Transportation and Infrastructure. These areas were determined by analyzing the density of the current road networks in Larger Municipalities.

Park and Reserve Boundaries including: parks; Provincial Parks, The Trailway Provincial Park and Ecological Reserves were provided by the Tourism, Culture, Arts and Recreation- Parks Branch, Government of Newfoundland and Labrador.

Wildlife and Wilderness Reserves were provided by the Department of Fisheries, Forestry and Agriculture, Government of Newfoundland and Labrador.

Hydro data including **Waterbodies, Rivers and Watercourses** as provided by the National Hydro Network- Natural Resources Canada, Open Government Portal as well as the Geographical Names Board of Canada.

Structures such as **Oil and Gas Facilities and Electric Generating Facilities** were provided by Natural Resources Canada, Open Government Portal.

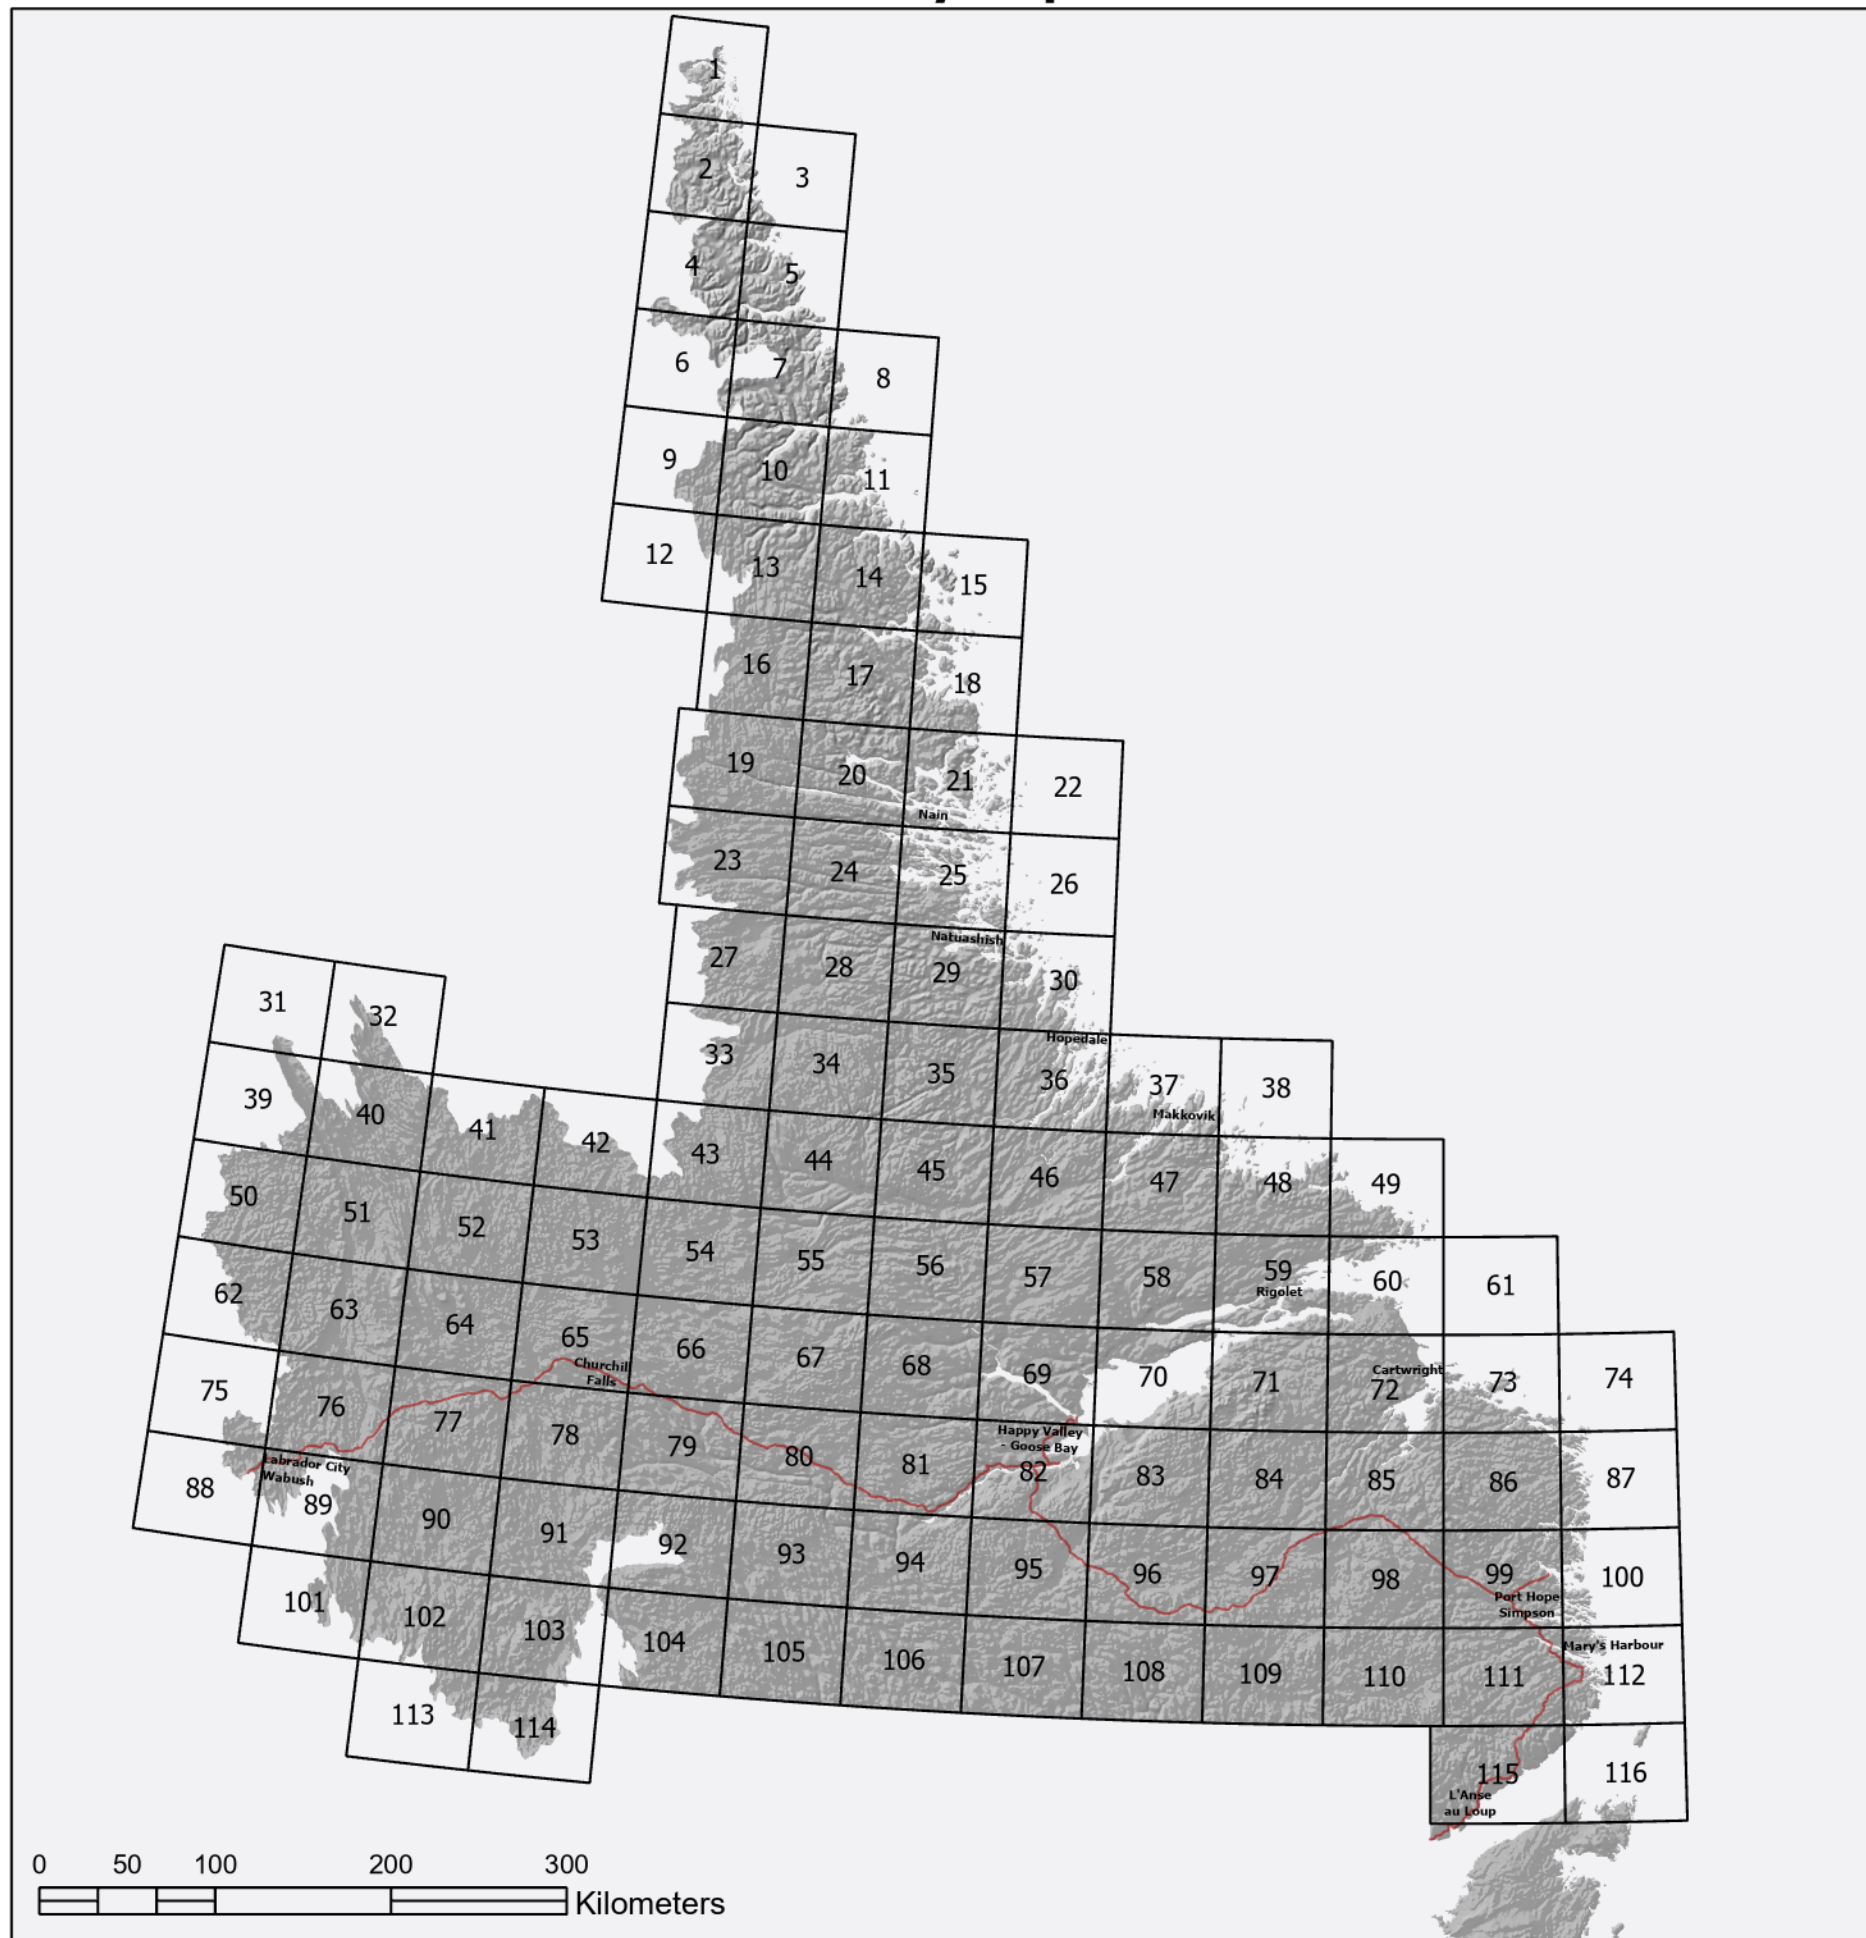

The location of **Navigation Aides** were provided by the Canadian Coast Guard, Federal Government of Canada.

Labrador Railway was derived from Open Street Map Foundation.

Labrador Boundary & Quebec Data was provided by Natural Resources Canada, Open Government Portal.

Additional information on products, publications and on-line mapping services is available at the GIS and Mapping Division web site at <https://www.gov.nl.ca/ffa/gis/>

Key Map

Populated Places

- Communities
- ▭ Municipal Boundary
- Built-up Area

Structures

- ⚡ Electric Generating Facility
- ⚓ Navigation Beacon
- ✈ Airports Runways
- ⓔ Oil Gas Facility

Transportation

- Ferry Routes
- Trailway (Abandoned Railroad)
- Resource Roads
- Trans-Canada Highway
- Access Highway
- Labrador Railway

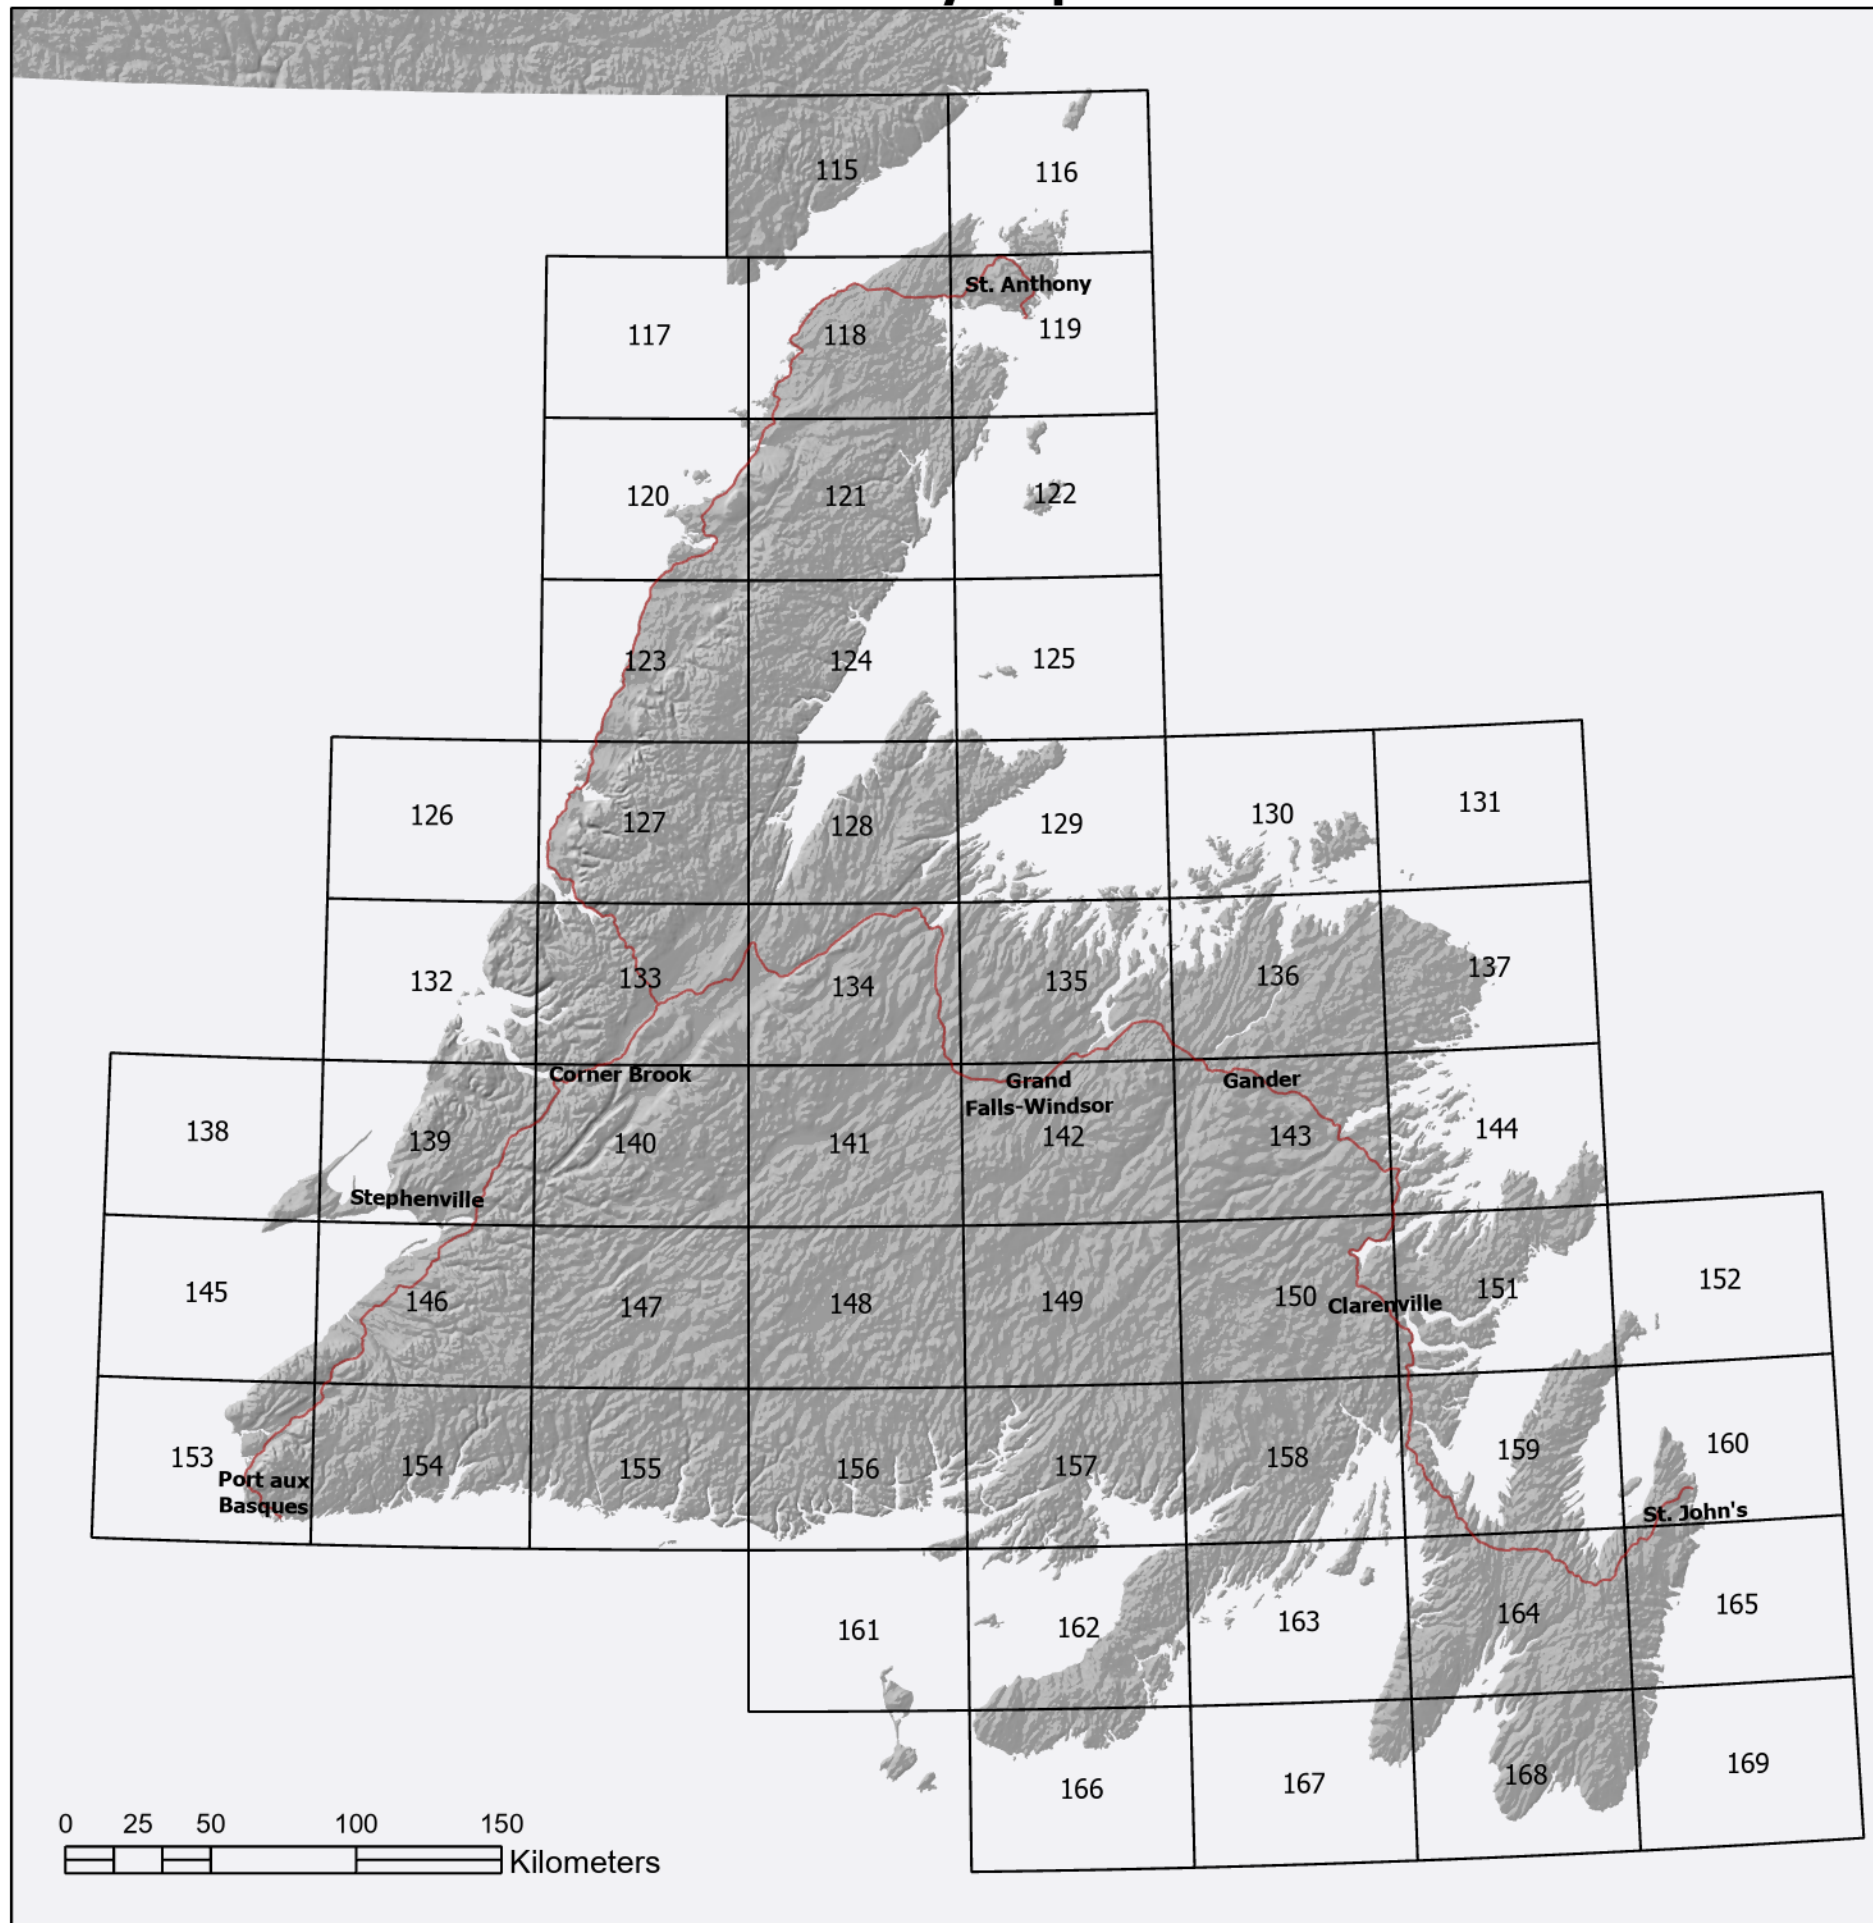

Parks and Protected Areas

- ▭ Provincial Parks
- ▭ Ecological Reserves
- ▭ Wildlife Reserve
- ▭ Wilderness Reserve
- ▭ National Park

Natural Features

- ~ Tundra Pond
- Palsa Bog
- ~ Wetland
- ~ String Bog
- ▭ Reef
- ~ Rapids
- ~ Falls
- ~ Ford
- ~ Rapids
- Wooded Area
