**TOWN OF PASADENA**

**INTEGRATED COMMUNITY SUSTAINABILITY**  
**MUNICIPAL PLAN AMENDMENT No. 10, 2024**

## **BACKGROUND**

The Town Council of Pasadena wishes to amend its Integrated Community Sustainability Municipal Plan. The proposed amendment seeks to make changes to the 2019 Integrated Community Sustainability Municipal Plan.

The Town Council intends to make the following changes to the Future Land Use map of the Municipal Plan: to redesignate land from “Open Space/Recreation” to “Residential” for the purpose of enabling the residential development.

The Town has received a request for residential development in this area. As the site has frontage on a publicly maintained Town road (Glide Path), the Town wishes to accommodate the re-designation request.

The proposed change is consistent with the following Municipal Plan objective and policies:

### **4.3 SUSTAINABLE LAND USE**

**Goal:** *To manage change in a manner to ensure coordinated and orderly land development, based upon adherence to environmental principles, economic efficient use of the serviced land supply, compatibility between adjacent land uses and overall livability of the community.*

**Objective:**

- To encourage infill development of existing vacant lands, and redevelopment of other lands, along existing roads and within the water and sewer serviced areas of Town.

**POLICIES:**

**Policy GL-2** Council shall encourage infill residential development on property located on existing roads within the current water and sewer serviced, and built-up developed urban area of the community.

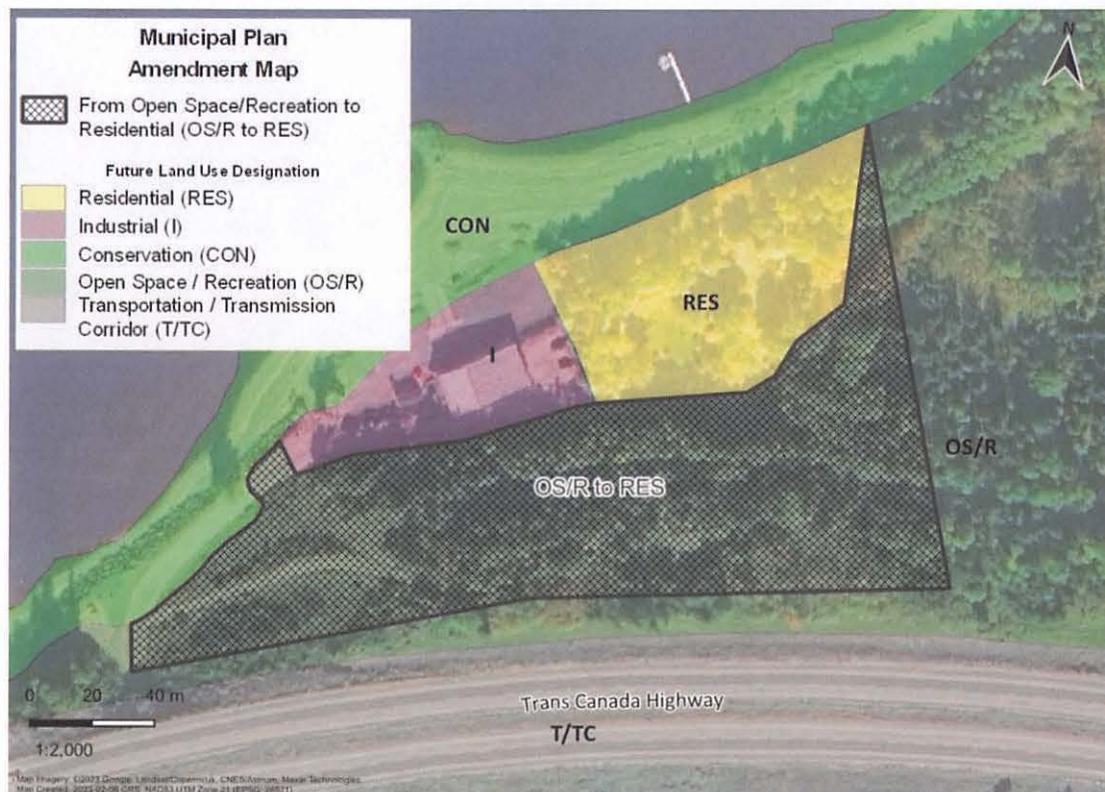

**Policy UR-7** Infill is encouraged on vacant parcels of land fronting on existing roads and located within established water and sewer serviced residential neighbourhoods. Infill development should be utilized for residential subdivisions of not more than three adjacent lots.

## **PUBLIC CONSULTATION**

During the preparation of this proposed amendment, Council undertook the following initiatives so that individuals could provide input.

A Notice was placed in the local newspaper, the Saltwire NL Wire, on August 21, 2024.to inform and to invite the public for input to the proposed changes.

One submissions was received from the applicant. In this submission, the applicant explained the history of the land with regard to its historical residential use and sorting out legal irregularities regarding ownership. The submission was in support of the redesignation and rezoning application.
