Development Regulations Amendment No. 59, 2024

Purpose

The purpose of this proposed Development Regulations amendment is to re-zone land at 961 & 963 Conception bay South Highway from “Residential medium Density (R-2)” to the “Commercial - General (C-1)” zone.

This amendment implements Municipal Plan Amendment No. 37, 2024, which is being processed concurrently.

Consultation

A notice regarding the proposed amendments was distributed to known property owners in the area of the proposed changes. In addition, notices were published in the September 23, September 30, and October 7 2024 editions of the Shoreline Newspaper. The notice was also posted on the Town's website and social media.

A public information session to discuss the proposed amendments was held on October 9, 2024 at the Town Hall and written submissions will be accepted until October 15, 2024.

The Town received one written submission and two individuals attended the information session. The written submission expressed concern with potential impacts on property values and the existing condition of one of the properties subject to the amendment process. The discussion at the information session centred on operations of the proposed automotive oil and tire service business.

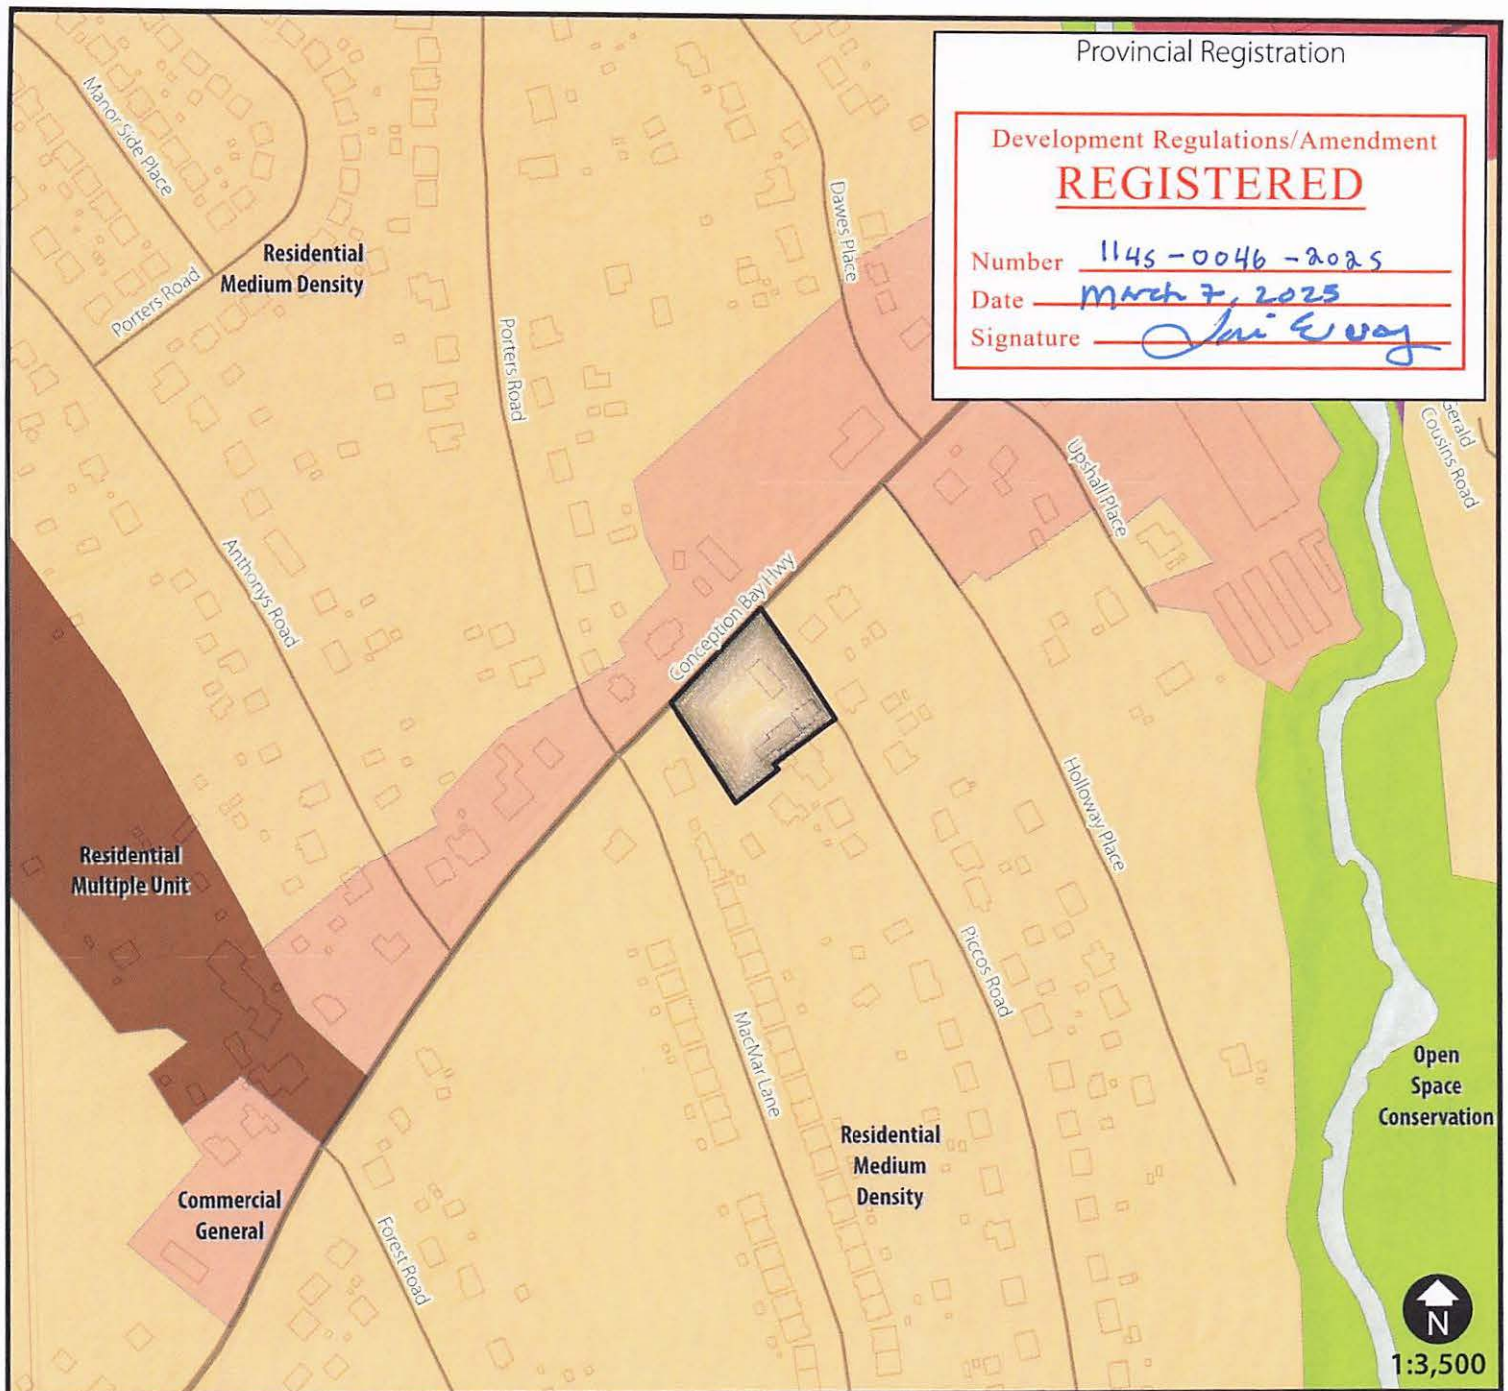

Council considered the feedback received through the consultation process and determined that there were no actual concerns raised related to the proposed change in future land use designation and zoning. The comments related to property condition and potential business operations.

The Town determined that the consultation effort was reflective of the size, structure and complexity of planning and policy issues under consideration for the proposed amendments.

Amendment

The Conception Bay South Development Regulations shall be amended as follows:

1. The Zoning Map is amended as shown on the attached plan.
