

National Outcomes and Outcome Measures by CCBF project category

CCBF Project Category	Indicators	National Objectives
Local Roads and Bridges	# of km improved/resurfaced # of bridges constructed/upgraded # of projects that decrease the rate of accidents/fatalities or injuries # of new housing units enabled # of affordable housing units enabled or preserved	Productivity and Economic Growth
Highways	# of km improved/resurfaced	Productivity and Economic Growth
Short Sea Shipping	# of projects that resulted in improvements with short-sea shipping	Productivity and Economic Growth
Short Line Rail	N/A	Productivity and Economic Growth
Regional and Local Airports	N/A	Productivity and Economic Growth
Broadband Connectivity	# of households (and/or non-residential properties) with internet access as a result of the project # of households (and/or non-residential properties) with enhanced broadband services as a result of the project	Productivity and Economic Growth
Public Transit	# of projects that resulted in improvements with the public transit system	Productivity and Economic Growth
Drinking Water	# of new households (and/or non-residential properties) connected to a municipal water system # of households (and/or non-residential properties) with improved water quality # of projects that resulted in reduced GHG emissions from energy-efficiency improvements to the municipal water system efficient # meters of water main installed # of projects that provided improved drinking water infrastructure # of new housing units enabled # of affordable housing units enabled or preserved Population served	Clean Environment
Wastewater	# of new households (and/or non-residential properties) connected to a municipal waste water system	Clean Environment

	# of households (and/or non-residential properties) with improved wastewater treatment and/or services # of projects that resulted in reduced GHG emissions from energy-efficiency improvement to the municipal wastewater system # meters of sanitary sewer installed # meters of storm sewer installed # of projects that provided improved wastewater infrastructure # of new housing units enabled # of affordable housing units enabled or preserved Population served	
Solid Waste	# of projects that resulted in increased capacity of site # of projects that increased quantity of solid waste diverted from disposal through compost and/or recycling # of projects that resulted in improved solid waste practices # of new housing units enabled # of affordable housing units enabled or preserved	Clean Environment
Community Energy Systems	# of projects that resulted in decreased GHG emissions	Clean Environment
Brownfield Redevelopment	Area (m ²) of remediated site # of new residential units, businesses and/or institution on redeveloped site	Clean Environment
Sport Infrastructure	# of residents who will benefit from increased access to new or upgraded sport facility # of new housing units enabled # of affordable housing units enabled or preserved	Strong Cities and Communities
Recreational Infrastructure	# of residents who will benefit from increased access to new or upgraded recreational facilities or networks # of new housing units enabled # of affordable housing units enabled or preserved	Strong Cities and Communities
Cultural Infrastructure	# of residents who will benefit from increased access to new or upgraded infrastructure that supports arts, humanities, and heritage	Strong Cities and Communities

Tourism Infrastructure	# of projects that provided new/upgraded attractions	Strong Cities and Communities
Resilience	# of projects that provided at-risk infrastructure better protection # of properties or infrastructure protected due to the project # of new housing units enabled # of affordable housing units enabled or preserved	Strong Cities and Communities
Capacity Building	# of capacity building projects investing in asset management and/or long term municipal planning	Strong Cities and Communities
Fire Hall Infrastructure	# of projects that provided new/upgraded fire service infrastructure # of new housing units enabled # of affordable housing units enabled or preserved	Strong Cities and Communities

Note: This is a preliminary list and will be reviewed/revised throughout the course of the agreement, as projects are approved.
