DOLLY (an excerpt)

I was a bit of a Dolly, I was, back in the day. Ain't that the truth, cause that is my name, you know, Dolly. *The Dolly*, a bit famous, you know, do you recognize me a little bit?

No, not *that* Dolly. That's a country singer in America, innit. I don't believe in 'er.

No, me! I'm Dolly! That's my picture, there on the wall behind me.

Yes, of course that's me! 1967, Trafalger Square, as seen in the 1967 gossip section of the London Times. That's me sitting on the steps, right next to Mick. That's Keith and Marianne standing just behind us. She was Mick's girlfriend at the time. She gave me this scarf, the only thing from back then that still fits, innit. I never take it off.
