

DIVISION 9

SPECIFICATIONS FOR STRUCTURES

INDEX

<u>Section Number</u>	<u>Section Title</u>	<u>Number of Pages</u>
900	Index	2
901	Removal of Existing Structure	5
902	Excavation for Foundations, Unwatering, and Extra Backfill for Structures	13
903	Construction Specification for Piling	14
904	Concrete Structures	1
905	Concrete Reinforcement	15
906	Prestressed Concrete Members	22
907	Formwork and Falsework	11
908	Dowels	5
909	Timber Structures	16
910	Structural Steel	27
911	Ice Breakers	2
912	Bearings	9
913	Expansion Joints	15
914	Bridge Deck Waterproofing	9
915	Supply, Installation, and Salvage of Bridge Rail	10
916	Rock Embedded Concrete Gutter	6
917	Hydraulic Rip-Rap	3
918	Deck Drains	2
919	Rehabilitation of Concrete Structures	43
920	Slope Paving	4
921	Surface Preparation and Painting of Structural Steel	11
922	Asphaltic Paving of Bridge Decks and Approaches	11
923	Work in the Vicinity of Utilities	2
924	Application of Concrete Sealer	4

925	Inextensible Mechanically Stabilized Earth (MSE) Structures	13
926	Construction Layout and Surveying Requirements	5
927	Design Calculations	3
930	Concrete – Materials and Production	20
931	Concrete – Construction	30
932	Inspection Checklists	5
