

COR/2018/03639

## INFORMATION CIRCULAR

**To:** All Municipalities, Local Service Districts, Engineering Consultants, and Inuit Community Governments

**Re:** Clarification on Rejection Letters for 2018-19 Municipal Capital Works Applications

**Date:** October 26, 2018

---

Please be advised that the recently-issued rejection letters were intended to formally notify applicants of **unsuccessful applications for last year's Municipal Capital Works program only**. A number of these applications were subsequently approved under other programs, such as Multi-Year Capital Works and the Small Communities Fund.

**If you have received a rejection letter for a project that had previously received an approval letter, that project has NOT been cancelled.** The purpose of the letters was to clarify the status of any outstanding applications from last year to ensure applicants were aware of which ones might need to be re-submitted under the current call for applications.

The Department apologizes for any confusion that may have been caused by these rejection letters. Please contact your Regional Engineer or project representative if you have any questions or require any clarification on the status of any project(s).
