

## CIRCULAR

**To:** All Engineering Consultants

**Re:** New Project Sign Formats:  
Municipal Capital Works Program  
Multi-Year Capital Works Program

**Date:** April 26, 2007

---

---

The project sign formats for projects funded under the above noted programs have been revised to conform with the Province's new brand signature. A copy of the new specification for each program is attached.

The Master Specification is currently being revised to reflect the changes. This change may take some time. In the meantime, please ensure that project signs for new contracts under these programs comply with the appropriate specification.

If you have any questions, please contact the undersigned.
