

**CIRCULAR**

**To:** All Municipalities and Local Service Districts, Inuit Community Governments, and Consultants. HCANL, NLCA, MNL, PMA  
**Re:** Seasonal Asphalt Reminder 2025  
**Date:** October 14, 2025

---

This Circular serves as a reminder to Municipal Infrastructure's (MI) funding recipients and their consultants that paving projects are to conform to the requirements of MI's Municipal Water, Sewer and Roads Master Construction Specifications.

Specifically, concerned parties are to ensure that environmental conditions and ambient temperatures are within the established ranges for placement of pavement, as outlined in MI's. Parties should also note the warranty requirements from the 2024 Master Specifications. Additionally, please obtain permission from Regional Engineer to pave outside of dates held in the contract specifications, October 15.

If you have any questions related to this, feel free to reach out to your Regional Office.
