

MEMORANDUM

TO: Engineering/Architectural Consultants

SUBJECT: 2008/2009 Estimates
Canada/Nfld. Infrastructure Programs

DATE: January 25, 2008

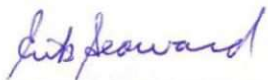

The Department of Municipal Affairs is in the process of submitting its requirements for the 2008/2009 fiscal year to Treasury Board. In this regard, I am attaching a list of your ongoing projects, together with the approved funding.

I would appreciate your providing me with an estimate of the proposed expenditures to March 31, 2008, projected carryovers into 2008/2009 fiscal year, projected final cost of the project and any projected surplus for each project. The Department will not accept the projected final costs of a project as being the amount of funds approved. All surplus funding must be reported in order that it can revert to the appropriate Infrastructure Program for redistribution.

Your assistance in completing the attached form and returning it to me February 1, 2008 would be greatly appreciated (Fax No. 729-7491).

You are reminded that payment for all works and services performed up to March 31, 2008 for the Federal one-third share of costs and the Provincial share where it is paid in the form of cash rather than government guaranteed bank loan, must be invoiced to the Department of Municipal Affairs no later than April 10, 2008.

Should you have any questions regarding this matter, please feel free to contact me at 729-5411.

ERIK SEAWARD
Manager
Canada/NL Infrastructure Programs
