RE: Reference to Revised Version of the Previous SGC 19.2

DATE: April 2, 2020

Please be advised that the Department of Municipal Affairs and Environment are referencing a **revised version of the previous Supplementary General Condition 19.2** in the updated March 2020 Municipal Water, Sewer and Roads Master Construction Specifications. This SGC may be incorporated into a future update to the Supplementary General Conditions and may then have a different number title. For now, it will remain 19.2 since it is familiar to the industry.

SGC 19.0 Tender Form:

19.2

- .1 A Working Day shall be defined as the amount of work that a contractor will complete on one day, assuming 10 hour work days, and requiring the services of one inspector. The final contract value must include cost of materials supplied under separate contracts.
- .2 The allowable number of Working Hours to complete the project shall be defined by the following table or an interpolation thereof:

Final Contract Value	Working Hours (Days) (for substantial Completion)
0 to 150,000	225 (22)
500,000	450 (45)
1,000,000	747 (74)
1,500,000	945 (94)
2,000,000	1125 (112)
2,500,000	1224 (122)
3,000,000	1350 (135)
3,500,000	1485 (148)
4,000,000	1575 (157)

Sincerely,

Kim Kieley, P. Eng., FEC
Director (A)
Infrastructure and Waste Management
